

70th
ANNUAL TOWN REPORT
OF
MILTON
MASS.

FOR THE YEAR ENDING
DECEMBER 31, 1906

COMPILED BY
THE AUDITORS

W. S. GREENOUGH & Co.
STATIONERS AND PRINTERS
BOSTON

STATEMENT OF THE AUDITORS.

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending Dec. 31, 1906, and have found the same correct.

Respectfully submitted,

HENRY H. BARNES }
AUSTIN W. GREENE } *Auditors.*

MILTON, MASS., Dec. 31, 1906.

REVISED BY-LAWS.

TOWN OF MILTON, MARCH 3, 1902.

*Adopted by the Town and approved by the Superior Court
May 20, 1902.*

CHAPTER 1.

GENERAL PROVISIONS.

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain

officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the Town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the pro-

visions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

TOWN MEETINGS.

SECTION 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of town officers shall be held upon the first Monday of March, the polls to be open at seven o'clock in the forenoon, and after the election of a Moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot, all said officers to be voted for on one ballot. At any time after 2 P. M. a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. After the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall

appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz. :—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a time certain,
- to commit (or recommit) or refer,
- to amend or substitute,
- to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, thirteen legal voters shall be appointed by the Moderator, who, together with the chairman of the selectmen and the chairman of the school committee, shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the mem-

ber thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

SECT. 2. It shall be the duty of the Wariant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

THE TOWN'S FINANCES AND PROPERTY.

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the Town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of December in the same year; and on all such taxes as are not paid on or before the said first day of December, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 72 of Chapter 12 of the Revised Laws; and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of December in the same year.

SECT. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the Town.

SECT. 6. The Selectmen, being duly authorized by vote of the Town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the Town, and to give promissory notes therefor in behalf of the Town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the Town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the Town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which would, in the ordinary course of business, be chargeable to

the appropriation of which such board, committee or officer, is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the Town, at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the Town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the Town.

SECT. 12. The Selectmen shall have full authority as agents of the Town to institute and prosecute suits in the name of the Town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the Town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the Town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the Town, unless the Town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

THE CEMETERY.

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a board of five trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the Town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the Town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

POLICE REGULATIONS.

SECT. 1. No person shall move or assist in moving any building, over any way which the Town is obliged to

keep in repair, without the written permit of the Selectmen being first obtained ; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence ; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this Town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows ; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require ; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be

thrown or placed, any ice or snow into or upon any public way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the Town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the Town for all expenses and damages which, or for which, the Town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of

burden, carriage or draught, or shall propel or cause to be propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or

congregate in any public way or public place, except in connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offense.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw, or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or

running stream ; and whoever shall throw, lead or discharge or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe ; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in

which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling, or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle, or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sec-

tions 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the Town.

CHAPTER 7.

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. There shall be in the town a Department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

SECT. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

SECT. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

SECT. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

SECT. 5. The Inspector may, so far as is necessary for

the performance of his duties, enter any building or premises within said town at any reasonable hour.

SECT. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

SECT. 7. Until building limits are established as provided in Section 6, the provisions of this Chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

SECT. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

SECT. 9. Applications for such permits shall be in writing upon blanks furnished by the Town, and shall be directed to the Inspector, who shall keep a record of the same.

SECT. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not

apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specifications of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

SECT. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given, at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

SECT. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

SECT. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

SECT. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

SECT. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

SECT. 20. In case the owner of any building or other

structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings prescribed in this Chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the Town by the owner or applicant on demand ; otherwise such expense shall be borne by the Town.

SECT. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding ; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

SECT. 23. No nails shall be driven into any chimney at any point ; and no woodwork shall be within one inch of any chimney.

SECT. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

SECT. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

SECT. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

SECT. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

SECT. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

SECT. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

SECT. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

SECT. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

SECT. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between

where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interruption from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

SECT. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

SECT. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

SECT. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

SECT. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

SECT. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

SECT. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone, or other suitable substance, properly bonded and solidly built with one-half cement mortar.

SECT. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty-inches thick at bottom and twenty inches thick at top, and be built of stone

large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allowance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

BUILDING GRADES.

SECT. 53. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the Town at a meeting called as provided by law, said building grade or building grades shall be established.

SECT. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

SECT. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

OTHER PROVISIONS.

SECT. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect ; and any expense incurred in so doing may be recovered by the Town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than \$20, nor more than \$100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION. 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings ; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed ; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same ; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

SECT. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

SECT. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe; all drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but wrought-iron pipe may be used for vent purposes; said pipes shall be properly secured to walls and ceiling with wrought-iron hangers. The soil-pipe of every building shall be not less than 4 inches, vent pipes not less than 1½ inches, and waste pipes not less than 2 inches, in diameter.

SECT. 8. Every drain-pipe shall be supplied with a suitable trap placed with an accessible clean-out at the point where it leaves the building, and shall have a proper pitch and extend 5 feet outside of the cellar wall; said clean-out may be placed outside of the cellar wall if made accessible. The pipe from this point to the sewer or cesspool shall have tight joints. All drain or ventilation pipes shall extend undiminished in size at least 2 feet above the highest window on roof, and all changes in direction of soil-pipes shall be made by Y branches or bends as the Inspector shall direct.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be

made by soldering the same into brass ferrules by means of a full-sized wiped joint, and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of trays shall be furnished with a separate trap, placed as near the fixture as possible, and in no case shall the waste from the bath-tub or other fixture be connected with a water-closet trap. Traps shall be protected from siphonage or air pressure by special pipes of a size not less than the waste-pipe, placed outside or below the trap; lead pipes shall be used only where they are exposed to the view. Air-pipes for the water-closets shall be not less than two-inch bore. Two or more air-pipes may be connected together or with a soil-pipe, but such connection with a soil-pipe shall be above the upper fixture of the building.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals or other fixtures, no overflow pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar. No brick, sheet metal, earthenware or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

SECT. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the consent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

SECT. 15. No water-closet shall be inclosed with any upright woodwork.

SECT. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

SECT. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the Town from the owner of the defective property.

SECT. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding \$50.

CHAPTER 9.

STREET RAILWAYS.

SECTION 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz :—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the Town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

TOWN WAYS.

SECTION 1. Every way that shall be laid out for the acceptance of the Town as a town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a town way, the document relating to such laying out shall be accompanied by a certificate of a com-

petent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way shall be accepted. The said certificate shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the Town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the Town.

MILTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1906-1907.

MARCH MEETING.

WARRANT.

Commonwealth of Massachusetts.

NORFOLK, SS. *To either of the Constables of the Town of
Milton,* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall, in said Milton, the fifth day of March next, at 7 o'clock A. M., then and there to act upon the following articles, to wit :—

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose all Town officers as are required by law to be chosen by ballot, also on the same ballot to vote “ Yes ” or “ No ” in answer to the question, “ Shall license be granted for the sale of intoxicating liquors in this Town ? ” The polls to be opened at 7 o'clock in the forenoon and may be closed as early as 2 o'clock in the afternoon.

ART. 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ART. 4. To hear and act upon the Auditors' report, and reports of other Town officers or committees.

ART. 5. To see what sum of money the Town will appropriate for the support of schools the ensuing year.

ART. 6. To see what sum of money the Town will appropriate for the transportation of pupils the ensuing year.

ART. 7. To see what sum of money the Town will appropriate for the medical inspection of the pupils of the public schools, the same to be expended under the direction and at the discretion of the School Committee.

ART. 8. To see what sum of money the Town will appropriate for the improvement in the sanitary condition of the High, Thacher, Belcher, and Sumner Schools.

ART. 9. To see what sum of money the Town will appropriate for the Street Department the ensuing year.

General Expenses	Street Watering
Construction of Sidewalks	Removal of Ice and Snow

ART. 10. To see what sum of money the Town will appropriate for the Fire Department the ensuing year.

ART. 11. To see what sum of money the Town will appropriate to place a fire-alarm box on Cheever Street near Brush Hill Road.

ART. 12. To see what sum of money the Town will appropriate to replace the old-style fire-alarm boxes with modern boxes.

ART. 13. To see what sum of money the Town will appropriate for the Police Department the ensuing year.

ART. 14. To see what sum of money the Town will appropriate for miscellaneous expenses the ensuing year.

General Expenses	Town Hall and Lot
Interest	Printing
Abatements	Insurance
Contingent Fund	

ART. 15. To see what sum of money the Town will appropriate for Fire Insurance the ensuing year.

ART. 16. To see what sum of money the Town will appropriate for Street Lighting the ensuing year.

ART. 17. To see if the Town will erect one electric light on Capen Street, near railway crossing, and appropriate money for the same.

ART. 18. To see if the Town will locate one electric light at or near the intersection of Bunton Place with Brackett Street, and appropriate money for the same.

ART. 19. To see if the Town will vote to erect one additional electric light on Brook Hill Road, near Eliot Street, and appropriate money for the same.

ART. 20. To see what sum of money the Town will appropriate for the support of the Poor the ensuing year.

ART. 21. To see what sum of money the Town will appropriate for Salaries the ensuing year.

ART. 22. To see what action the Town will take in regard to the unpaid salary of the Town Clerk.

ART. 23. To see what sum of money the Town will appropriate for Hydrant Rental the ensuing year.

ART. 24. To see what sum of money the Town will appropriate for the extension of water-mains.

ART. 25. To see what sum of money the Town will appropriate for the Public Library the ensuing year.

ART. 26. To see what sum of money the Town will appropriate for the improvement of the Cemetery the ensuing year.

ART. 27. To see if the Town will appropriate the sum of one thousand dollars (\$1,000) for the purpose of extending the water supply in Milton Cemetery.

ART. 28. To see what sum of money the Town will appropriate for Soldiers' Relief the ensuing year.

ART. 29. To see what sum of money the Town will appropriate for State Aid the ensuing year.

ART. 30. To see what sum of money the Town will appropriate for the Health Department the ensuing year.

ART. 31. To see what sum of money the Town will appropriate for the maintenance of the Sewer Department the ensuing year.

ART. 32. To see if the Town will remove the Ashes and Garbage from Pleasant Street, and cross streets connecting with Pleasant Street, and appropriate money for the same.

ART. 33. To see what sum of money the Town will appropriate for the collecting of Ashes and Garbage the ensuing year.

ART. 34. To see what sum of money the Town will appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees the ensuing year.

ART. 35. To see what salary (if any) the Town will vote to pay the Tree Warden.

ART. 36. To see what sum of money the Town will appropriate for the general uses of the Board of Assessors the ensuing year.

ART. 37. To see what sum of money the Town will appropriate for the general uses of the Board of Park Commissioners the ensuing year.

ART. 38. To see what sum of money the Town will appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of School Lots.

ART. 39. To see if the Town will appropriate the sum of two hundred dollars (\$200), to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ART. 40. To see what action the Town will take in regard to borrowing money.

ART. 41. To see if the Town will authorize the Collector of Taxes to use all means of collecting the taxes which a Town Treasurer, when appointed Collector, may use.

ART. 42. To see if the Town will accept the list of jurors as prepared by the Selectmen.

ART. 43. To see what sum of money the Town will appropriate for the construction of Brook Road, from Canton Avenue to Adams Street.

ART. 44. To see what sum of money the Town will appropriate for the use of the Department of Wires during the ensuing year.

ART. 45. To see if the Town will vote to accept Hollis and Babcock Streets, and Webster Place as Town Ways.

ART. 46. To see if the Town will vote to extend Blue Hill Terrace Street, from its present terminus on Oak View Street to Blue Hill Avenue, a distance of about four hundred feet (400 ft.), and appropriate money for the same.

ART. 47. To see if the Town will vote to accept Huntington Road, running from Edge Hill Road to a private way, as a Town Way.

ART. 48. To see if the Town will vote to accept that portion of Morton Road, lying between Canton Avenue and West Side Road, and also West Side Road, as Town Ways.

ART. 49. To see what sum of money the Town will appropriate for the remodelling and fitting up of the building owned by the Town, and situated on Central Avenue near Eliot Street, for the use of the Police Department.

ART. 50. To see if the Town will take any, and if so, what action with reference to the existing unpaid overdue

sewer assessments, and in especial, if it will vote to authorize the Board of Sewer Commissioners of the Town to make such settlement of any such assessments as said Board may in its discretion deem to be for the best interest of the Town ; payment of the sum so agreed upon to be a full satisfaction of such assessment and a discharge of the lien thereof.

ART. 51. To see if the Town will take any, and if so, what action with reference to the existing unpaid overdue assessments for street and sidewalk betterments, and in especial, if it will vote to authorize the Board of Selectmen of the Town to make such settlement of any or all such assessments as said Board may deem in its discretion to be for the best interest of the Town, payment of the sum so agreed upon to be a full satisfaction of such assessments and a discharge of the lien thereof.

ART. 52. To see if the Town will vote to accept the following article to be incorporated as a Town By-Law :

NUMBERING HOUSES IN STREETS.

The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion.

The owner of every house shall comply with such order within thirty days thereafter.

ART. 53. To see what sum of money the Town will appropriate for the purchase of a Flag-staff not less than 75 feet above ground, including a top-mast, and a flag of proper size and shape therefor, and that said flag-staff be erected on grass plot in front of Town Hall in said Milton.

ART. 54. To see if the Town will authorize a careful search of the Town Records since the year 1860, and compilation of the several votes heretofore, and since 1860, passed by the Town, accepting the provisions of any acts of the Legislature, and appropriate money for the same.

ART. 55. To see if the Town will instruct the Auditors to employ experts for the examination of the Town's accounts, and authorize such experts to have access to the books, records, and vouchers of the Town's officials, and appropriate money for such purpose.

ART. 56. To see what sum of money the Town will appropriate to purchase a combination chemical engine and hose-wagon to be located in the East Milton Fire Station.

ART. 57. To see if the Town will vote to amend Section 2 of Chapter 10 of the Revised By-Laws of the Town with reference to the certificate of a civil engineer required in connection with the document relating to any existing private way proposed to be laid out for the acceptance of the Town as a Town Way, as follows, to wit :

By striking out the words, "*well built; and that as constructed it is equal to the average construction of the existing highways of the Town*"; and by inserting in lieu thereof these words, namely: "*built suitably for public travel and use; and will not, in the opinion of said engineer, be an unusual source of expense for maintenance as a public way.*" So that the whole section as amended will read as follows :

"SECTION 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a Town Way, the document relating to such laying out shall be accompanied by a certificate of a competent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way shall be accepted. The said certificate shall state that such private way is built suitably for public travel and use; and will not, in the opinion of said engineer, be an unusual source of expense for maintenance as a public way."

ART. 58. To see if the town will vote to erect three electric lights on Lincoln Street, and appropriate money for the same.

ART. 59. To see if the Town will vote to adopt, in place of Sections 26 and 27 of the Police Regulations of the Town of Milton, the following amendments :

SECTION 26.

HAWKERS AND PEDDLERS.

No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police ; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen ; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling, or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECTION 27.

JUNK LICENSES.

The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale or barter of

junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle, or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the Town may be made by any constable or police officer of the town.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said town, fourteen days at least before said meeting, and leaving printed copies thereof at the dwelling houses in said town, at least four days before such meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this sixteenth day of February, nineteen hundred and six.

JOHN F. BROWN

MAURICE A. DUFFY

JESSE B. BAXTER

SELECTMEN OF MILTON.

Commonwealth of Massachusetts.

NORFOLK SS.

MILTON, March 5, 1906.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of said town, and by leaving copies at the dwellings of the inhabitants.

PETER MCINTYRE,

Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing warrant upon March 5, 1906, action was taken upon the several articles in said warrant, as follows:—

ARTICLE 1. Felix Rackemann, Esq., was chosen Moderator, and sworn by the Town Clerk.

Frank Kemp, Charles S. Gage, Fred Packard, Lewis Esau, William A. Will, John H. Williams, and Edward Gallagher were appointed by the Selectmen as Ballot Clerks; Robert J. Clark, G. Frank Kemp, Frank L. Richards, Ernest T. Andrews, Herbert Boutin, Patrick F. Mahoney, Walter Fish, Wm. A. Haley, Wm. A. Murray, Thomas Flanagan, P. Arthur McIntyre, Thomas B. Gordon, Frederick Krim, Henry Bowman, John A. Palmer, Gustave Bolles, John Hurley, Lewis B. Currier, and Percy E.

Sheldon, as Tellers, all but Mr. Sheldon being sworn by the Town Clerk.

At 1.15 o'clock P. M., the Town Clerk having decided to withdraw from the meeting on account of illness, the Moderator announced that a ballot would be taken for Town Clerk pro tempore. (See Chapter 25, Section 62, Revised Statutes.) Balloting then proceeded, the Selectmen receiving and counting votes. As the result thereof Waldo A. Martin was chosen Town Clerk, pro tempore, and was sworn by the Moderator.

At 2.04 P. M., *Voted*, To close the polls for town officers at 2.10 P. M. At 2.10 P. M., the polls were declared closed, and consideration of the balance of the warrant followed.

ART. 2. As the result of the balloting town officers were chosen as follows :—

Jesse B. Baxter, John F. Brown, Maurice A. Duffy were chosen Selectmen, and Surveyors of Highways.

Henry B. Martin was chosen Town Clerk.

William W. Churchill was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

George M. Anderson, J. Frank Pope were chosen School Committee.

John H. Emerson was chosen Collector of Taxes.

Henry H. Barnes, Austin W. Greene were chosen Auditors.

Charles E. Rogerson was chosen Park Commissioner.

Charles Mitchell was chosen Sewer Commissioner.

Charles S. Pierce was chosen Water Commissioner.

Jacob S. Lincoln was chosen on Board of Health.

The following Constables were chosen : Feleg Bronsdon, Edwin L. Crossman, Fred M. Farrington, Edwin A. Houghton, Herbert R. Lawrence, Jacob S. Lincoln, Timothy McDermott, Peter McIntyre, Maurice Pierce, Henry C. Shields, Duncan B. Walker, James Wigley.

John F. Perkins, Charles E. Rogerson, Joseph C. Whitney were chosen Trustees of Public Library.

J. Frank Pope was chosen Trustee of Cemetery.

Nathaniel T. Kidder was chosen Tree Warden.

Horace N. Plummer, Arthur H. Tucker were chosen Overseers of Poor.

Voted, That no licenses be granted for the sale of intoxicating liquors in this town. The ballot was as follows: Yes, 172; No, 484.

ART. 3. The following officers were chosen *viva voce*: George T. Badger, T. Maximillian LeFevre, Fence Viewers. George E. Burt and Arthur H. Tucker, Surveyors of Lumber. Calvin H. Sanford, Field Driver and Pound Keeper.

ART. 4. *Voted*, That the Auditors' report be accepted and placed on file.

ART. 5. *Voted*, To appropriate the sum of \$67,600 for the support of schools, the ensuing year.

ART. 6. *Voted*, To appropriate the sum of \$2,000 for the transportation of pupils, the ensuing year.

ART. 7. *Voted*, To appropriate the sum of \$300 for the medical inspection of the pupils of the public schools, the same to be expended under the direction and at the discretion of the School Committee.

ART. 8. *Voted*, To appropriate the sum of eight thousand (8,000) dollars, for improving the sanitary condition of the High, Thacher, Belcher, and Sumner Schools, and that said amount be raised by borrowing; that the Town Treasurer be and hereby is, authorized and directed to issue in such form as he may determine negotiable notes, bonds or scrip of the town in the aggregate principal sum of eight thousand (8000) dollars, in denominations of one thousand (1000) dollars each, maturing as follows:—one thousand (1000) dollars on the first day of January in each

of the years 1907 to 1914, both inclusive, so that the said loan shall all be paid and extinguished in eight (8) years from the date thereof.

The said notes, bonds or scrip shall bear interest at a rate not exceeding four (4) per centum per annum, payable semi-annually to the registered holders thereof, or to the bearer of the interest coupons annexed to the bonds, upon presentation and surrender thereof, as they severally become due.

Said notes, bonds, or scrip shall be denominated on the face thereof—Milton School Loan of 1906—shall be signed by the Treasurer, and countersigned by a majority of the Selectmen, and may be sold at not less than par, at public or private sale.

Upon reconsideration of Art. 8, the action of the voters thereon was declared unanimous by the Moderator, said action being as hereinbefore recorded.

ART. 9. *Voted*, That the following appropriations be made for the Street Department, the ensuing year.

For general expenses \$30,000 plus the excise tax received from street railways.

For construction of permanent sidewalks, \$1000 plus any sidewalk betterment taxes received during the year. This sidewalk appropriation plus betterment taxes to be used solely for the construction of new permanent sidewalks, for which the customary sidewalk betterment taxes may be levied.

For street watering, \$8000.

For removal of ice and snow, \$2,500.

ART. 10. *Voted*, To appropriate the sum of \$21,700 for the Fire Department, the ensuing year.

ART. 11. *Voted*, To appropriate the sum of \$150 for placing a fire alarm box on Cheever Street, near Brush Hill Road.

ART. 12. *Voted*, To appropriate the sum of \$475, to replace the old-style fire-alarm boxes with modern boxes.

ART. 13. *Voted*, To appropriate the sum of \$23,765 for the Police Department, the ensuing year.

Voted, To consider Article 49.—For action thereon, see record under caption, “Article 49.”

ART. 14. *Voted*, To appropriate the following sums for the various miscellaneous expenses the ensuing year :

For general expenses, \$3,500.

For interest charges, \$8,000.

For abatement of taxes, \$3,500.

For contingent fund, \$3,500.

For Town hall and lot, \$1,600.

For printing, \$1,650.

For liability insurance, \$812.

ART. 15. *Voted*, To appropriate the sum of \$1,366 for fire insurance the ensuing year.

ART. 16. *Voted*, To appropriate the sum of \$12,500 for street lighting the ensuing year.

ART. 17. *Voted*, To authorize the location of one electric light on Capen street, near railway crossing, and that the sum of \$17.50 be appropriated.

ART. 18. *Voted*, To authorize the location of one electric light, at or near the intersection of Bunton Place with Brackett street, and that the sum of \$17.50 be appropriated.

ART. 19. *Voted*, To authorize the re-location on Brook Hill road, near Eliot street, of the electric light now situated at the corner of Adams and Eliot streets, and that the sum of \$3.00 be appropriated.

ART. 20. *Voted*, To appropriate the sum of \$6,500 plus the proceeds from the Town Farm, and reimbursements from other cities and towns for the support of the poor the ensuing year.

ART. 21. *Voted*, That the sum of \$8,400 be appropriated for salaries, for the ensuing year. This sum to be disbursed as follows :

Selectmen : Chairman, \$700 ; second member, \$500 ; third member, \$500. Assessors : Chairman, \$500 ; second member, \$400 ; third member, \$400. Treasurer, \$1,200. Town Clerk, \$500. Collector of Taxes, \$1,200. Two Auditors each, \$200. Registrars of Voters : Clerk, \$100, second, third and fourth members, \$50 each. Inspector of Animals, \$300. Inspector of Buildings, \$500. Inspector of Plumbing and Deputy Inspector of Plumbing, \$3.00 for each permit, the amount required to be taken from the Miscellaneous Account. Clerk of Selectmen, \$900, with the understanding that the services for which this salary is paid, shall include the bookkeeping work required by the Overseers of the Poor. Sealer of Weights and Measures, \$150. Treasurer of the School Committee, nothing.

ART. 22. *Voted*, To appropriate the sum of \$500 for the unpaid salary of the Town Clerk.

ART. 23. *Voted*, To appropriate the sum of \$9,000 for hydrant rental the ensuing year.

ART. 24. *Voted*, To appropriate the sum of \$7,000 for the extension of water mains.

ART. 25. *Voted*, To appropriate the sum of \$8,700 plus the fines received in 1906, and the dog tax for 1905, for the Public Library, the ensuing year.

ART. 26. *Voted*, To appropriate the sum of \$2,000 for the improvement of the Cemetery the ensuing year.

ART. 27. *Voted*, To appropriate the sum of \$1,000 for the purpose of extending the water supply in Milton cemetery.

ART. 28. *Voted*, To appropriate the sum of \$1,500 for Soldier's Relief the ensuing year.

ART. 29. *Voted*, To appropriate the sum of \$1,400 for State Aid the ensuing year.

ART. 30. *Voted*, To appropriate the sum of \$1,500 for the Health department the ensuing year, and that this appropriation include the expense of inspection for sewer connections.

ART. 31. *Voted*, To appropriate the sum of \$750 for the maintenance of the Sewer department the ensuing year.

ART. 32. *Voted*, To request the Selectmen to include Pleasant street, and cross streets connected with Pleasant street, in the district to be covered by the appropriation for removal of ashes and garbage.

ART. 33. *Voted*, To appropriate the sum of \$1,800 for the collecting of ashes and garbage the ensuing year.

ART. 34. *Voted*, To appropriate the sum of \$1,500 for the use of the Tree Warden, to be expended in the care and planting of shade trees, and the destruction of insect pests injurious to trees the ensuing year.

ART. 35. *Voted*, To pay no salary to the Tree Warden.

ART. 36. *Voted*, To appropriate the sum of \$885 for the general uses of the Board of Assessors the ensuing year, to be disbursed as follows: For plans and clerk hire \$475. For list of Michigan copper stock-holders \$75. For copy of real estate transfers, \$50. For telephones, \$100. For printing poll tax, \$80. For printing bills, \$25. For printing posters and advertising, \$30. Miscellaneous, \$50.

ART. 37. *Voted*, To appropriate the sum of \$100 for the general use of the Board of Park Commissioners the ensuing year.

ART. 38. *Voted*, To appropriate the sum of \$100 to be

expended by the Park Commissioners, in conjunction with the School Committee, in the improvement of school lots.

ART. 39. *Voted*, To appropriate the sum of \$200 to be expended by the Huntington Frothingham Wolcott Post, 102, G. A. R., on Memorial Day.

ART. 40. *Voted*, That the Town Treasurer be authorized, with the sanction and approval of the Selectmen, to borrow such sums of money as may be necessary for the Town's uses, in anticipation of the taxes for the year 1906, and that all sums so borrowed be made specifically payable from the taxes of the year 1906.

ART. 41. *Voted*, To authorize the Collector of Taxes to use all means of collecting the taxes which a Town Treasurer when appointed Collector, may use.

ART. 42. *Voted*, To accept the following list of Jurors, as prepared and presented by the Selectmen :

Josiah Babcock, Elmer G. Bassett, Charles H. Bearce, Joseph B. Blanchard, George O. Bowman, William C. Bronsdon, William Brophy, William A. Campbell, Edmund J. Carpenter, Charles E. Churchill, Harvey F. Chute, Robert J. Clark, Edward J. Colgan, Joseph R. Davidson, William F. Dixon, Eugene Dodd, Joseph H. Duffy, John Dugan, John C. Fairchild, Jere P. Fenno, Herbert M. Ferry, Walter N. Fish, Edward Gallagher, George B. Gardner, Jas. Gibb, Thomas B. Gordon, Bradford O. Hamilton, Michael Hansbury, W. Newton Harlow, David A. Heffernan, Geo. B. Hersey, Arthur A. Hibbard, Frederick H. Hird, Percy Hodges, Charles A. Hoffman, J. Porter Holmes, Frank Kemp, William H. Kennedy, Nathaniel T. Kidder, Alexander M. Kissock, Horatio A. Lamb, M. Timothy Lennon, Patrick F. Mahoney, I. James McKay, Peter McIntyre, Henry M. McCue, Harry McHugo, Timothy W. Melley, Robert S. Mitchell, Ewen McSwain, Lewis McHardy, Wil-

liam A. Murray, George T. Nickerson, John A. Palmer, James H. Perkins, Willard C. Putnam, John E. Quimby, Frank A. Rein, Murray Ruggles, James Sangster, John Shea, Henry H. W. Sigourney, John H. Stahl, Harry M. Thomas, Charles H. Thayer, Wallace C. Tucker, Washington I. Tuckerman, Henry W. Vose, George B. Wendell, William A. Will, Charles P. Williams, Fred M. Worch.

ART. 43. *Voted*, To construct a gravel road from Canton Avenue to Randolph Avenue, over the line of the Metropolitan sewer in the centre of the way, said road to be similar in construction to the road already built between Randolph Avenue and Churchill's Lane, about 20 feet wide, and that the sum of \$2000 be appropriated for the same, the road to be built by the Street Department under the direction of the Surveyors of Highways; and if said sum shall be insufficient to finish the same, any deficiency arising shall be taken from the general appropriation for Highways of 1906, —to be built as per profile filed with Town Clerk.

ART. 44. *Voted*, To appropriate the sum of \$250 for the use of the Department of Wires during the ensuing year.

ART. 45. *Voted*, To accept Hollis Street as laid out by the Selectmen, as a Town way.

Voted, to accept Babcock Street as laid out by the Selectmen, as a Town way.

Voted, To accept Webster Place as laid out by the Selectmen, as a Town way.

ART. 46. *Voted*, To extend Blue Hill Terrace Street from its present terminus on Oak View Street to Blue Hill Avenue, and that the money for the construction of this street be taken from the general Highway appropriation, and that the street be constructed by the Highway Department under the direction of the Selectmen.

ART. 47. *Voted*, To accept Huntington Road as laid out by the Selectmen, as a Town way.

ART. 48. *Voted*, To accept that portion of Morton Road, lying between Canton Avenue and West Side Road, as laid out by the Selectmen, as a Town way.

Voted, To accept West Side Road as laid out by the Selectmen, as a Town way.

ART. 49. Report of Committee on New Police Station.

The Committee appointed at a special meeting of the inhabitants of Milton, held July 21, 1905, to procure plans and specifications for the remodeling of the Edison Electric Illuminating Company building on Central Avenue, for use as a Police Station, presents the following report, viz :

As the Committee had no appropriation of money at their disposal, they decided to invite two architects, E. R. B. Chapman of Stoneham, and Bradford Hamilton of Milton, to furnish plans, specifications and estimates for inspection and consideration with the understanding that the plan deemed the most satisfactory would be recommended for adoption by the town at the next annual town-meeting in March, 1906.

After careful consideration of both plans the Committee unanimously selected the plan presented by Mr. Hamilton, and in accordance with our agreement, we do hereby recommend the adoption of said Hamilton plan by the town.

And we further recommend the appropriation of \$16,000 for the remodeling, equipping and furnishing this proposed Police Station ; said sum being based on the following estimates :

For remodeling the building, \$13,000.

Removal, repair and installation of the signal service

\$2,000. Furniture, Architect's com., and grading of the grounds, \$1,000.

Respectfully submitted.

(Signed) GRANVILLE S. WEBSTER,
JOHN FORBES PERKINS,
HORACE N. PLUMMER.

Milton, March 1, 1906.

Voted, That the above report be accepted and placed on file.

Voted, That the sum of sixteen thousand (\$16,000) dollars be appropriated for the remodeling and fitting up of the building owned by the Town and situated on Central Avenue, near Eliot Street, for the use of the Police Department, and that said amount be raised by borrowing: That the Town Treasurer be, and hereby is, authorized and directed to issue in such form as he may determine, negotiable notes, bonds, or scrip of the Town, in the aggregate principal sum of sixteen thousand (\$16,000) dollars, in denominations of five hundred (\$500) dollars each, maturing as follows:—\$2,000 in the year 1907, \$2,000 in the year 1908, \$1,500 in each of the years 1909 to 1916, both inclusive, so that said loan shall be paid and extinguished in ten (10) years from the date thereof.

The said notes, bonds, or scrip, shall bear interest at a rate not exceeding four (4) per cent. per annum, payable semi-annually, to the registered holders thereof, or to the bearer of the interest coupons annexed to the bonds, upon presentation and surrender thereof as they severally become due.

Said notes, bonds or scrip shall be denominated on the face thereof, "Milton Police Station Loan," shall be signed by the Treasurer, and countersigned by a majority of the

Selectmen, and may be sold at not less than par at public or private sale.

The foregoing was passed by more than a two-thirds vote of those present and voting.

ART. 50. *Voted*, That the Town authorize the Board of Sewer Commissioners of the Town to make such settlement of the existing unpaid overdue sewer assessments as said Board may in its discretion deem to be for the best interest of the Town; payment of the sum so agreed upon to be a full satisfaction of such assessment, and a discharge of the lien thereof.

ART. 51. *Voted*, To authorize the Board of Selectmen of the Town, to make such settlement of any, or all, of the existing unpaid overdue assessments for street and sidewalk betterments, as said Board in its discretion may deem to be for the best interest of the Town, payment of the sum so agreed upon to be a full satisfaction of such assessment, and a discharge of the lien thereof.

ART. 52. *Voted*, To accept the following article to be incorporated as a Town By-Law.

NUMBERING HOUSES, IN STREETS.

The Selectmen may order numbers to be affixed to, or painted on the buildings on any street in their discretion.—The owner of every house shall comply with such order within thirty days thereafter.

ART. 53. *Voted*, To appropriate the sum of \$275 for the purchase of a Flag-staff, not less than 75 feet above ground, including a topmast, and a flag of proper size and shape therefor, and that said Flag-staff be erected on the grass plot in front of the Town Hall.

ART. 54. *Voted*, To authorize a careful search of the

town records since the year 1860, and compilation of the several votes since 1860, passed by the town, accepting the provisions of any Acts of the Legislature, but that no money be appropriated for the purpose.

ART. 55. *Voted*, To instruct the Auditors to employ experts for the examination of the town's accounts, and authorize such experts to have access to the books, records and vouchers of the town's officials; and to appropriate the sum of \$300 for such purpose.

ART. 56. *Voted*, To appropriate the sum of \$2,000 for the purchase of a combination chemical engine and hose wagon, to be located in the East Milton fire station.

ART. 57. *Voted*, To accept the following report of the special committee on Town By-Laws, and that the committee be thanked and discharged.

To the Inhabitants of the Town of Milton.

The undersigned, who were at the annual meeting of the Town held in March, 1905, appointed a special committee "to investigate the By-Laws of the Town, regarding town ways, and report back to the Town at the next annual meeting," hereby submit the following report and recommendation:

After having organized and considered the matter, the committee gave a public hearing (which was duly advertised in the *Milton Record*) to all persons interested, at the Town Hall, on Friday evening, January 26, 1906, at which all the committee were present, and six other persons.

It was claimed by some of those who addressed the committee that the existing By-Law works a hardship upon those inhabitants of the Town who wish to develop land but have not money capital to invest in the construction of roads or streets.

It was also suggested that the By-Law should be made to provide that a certain amount of money spent upon a road should entitle it to acceptance ; or a certain amount of taxation received from the abutting land should give the same right. The difficulty of arranging the matter according to money spent or taxes received, was recognized in another argument, and it was suggested that the By-law should be so altered as to leave a discretion in the Board of Selectmen, just as they now have to pass their own judgment with regard to laying out a highway in any ordinary case.

After the hearing above mentioned was closed, the committee deliberated upon the question, and they are unanimous in recommending to the Town as follows :

That the last sentence of Section 2, of Chapter 10, of the Revised By-Laws of the Town, be amended by striking out the words “ well built ; and that as constructed it is equal to the average construction of the existing highways of the town ; ” and by inserting in lieu thereof, these words, namely : “ built suitably for public travel and use ; and will not in the opinion of said engineer, be an unusual source of expense for maintenance as a public way.” So the whole section as amended will read as follows :

“ Section 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the Town as a town way, the document relating to such laying out, shall be accompanied by a certificate of a competent civil engineer which shall be filed in the office of the Town Clerk, together with said document, before such way shall be accepted,— the said certificate shall state that such private way is built suitably for public travel and use ; and will not in the opinion of said engineer, be an unusual source of expense for maintenance as a public way.”

The committee further report that they have made no expenditures from the fund appropriated for their use in con-

nection with the foregoing investigation and report, and they ask that the committee be discharged.

Respectfully submitted,

(Signed) CHARLES S. RACKEMANN.

JOHN F. BROWN.

CHARLES S. PIERCE.

WILLIAM B. THURBER.

HARVEY F. CHUTE.

Special Committee.

Voted, To indefinitely postpone the Article.

ART. 58. *Voted*, To authorize the locating of three electric lights on Lincoln street, and that the sum of \$52.50 be appropriated therefor.

ART. 59. *Voted*, To adopt in place of Sections 26 and 27, of the Police Regulations of the Town of Milton, the following amendments :

SECTION 26.

HAWKERS AND PEDDLERS.

No person shall hawk or peddle any of the articles enumerated in Section 15, of Chapter 65, of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles, shall have painted on it in letters and figures at least two inches in height, the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police, provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and further provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling, or selling, or exposing for sale any articles enumerated in Section 15, of Chapter 65, of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15, of Chapter 65, of the Revised Laws, in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean, and do not leak.

SECTION 27.

JUNK LICENSES.

The Selectmen may license suitable persons to be dealers in, and keepers of, shops for the purchase, sale or barter of junk, old metals, or second hand articles, in the town. They may also license suitable persons as junk collectors, to collect by purchase or otherwise, junk, old metals, and second hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both when engaged in collecting, transporting, or dealing in junk, old metals, or second hand articles; and may prescribe the design thereof. They may also provide that such shops, and all articles of merchandise therein, and any place, vehicle, or receptacle used for the collection or keeping of the articles aforesaid may be examined at all times by the Selectmen, or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189, inclusive, of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27, shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

PROSECUTIONS AND PENALTIES.

Except where other wise provided by law, prosecutions for offences under the By-Laws of the Town, may be made by any Constable or Police Officer of the Town.

Voted, That the thanks of the meeting be tendered Felix Rackemann, Esq., for the able and impartial manner in which he had conducted the business of the meeting as Moderator.

At 4.45 o'clock P. M. voted to adjourn.

The foregoing meeting was opened at 7 o'clock A. M., by the Town Clerk, who proceeded to read the warrant.

Upon the conclusion of the reading of the third article, it was moved that the further reading of the warrant be dispensed with; said motion being carried unanimously, the further reading of the warrant (except the concluding paragraphs) was dispensed with.

The total number of ballots cast for Town Officers at the above meeting was 949, of which 19 were cast by women voters for School Committee. A true record. Attest.

WALDO A. MARTIN.

Town Clerk, pro tem.

Warrant Committee.

The following citizens were appointed by the Moderator of the foregoing meeting as a Warrant Committee for the ensuing year, in accordance with Chapter 2, of the Revised By-Laws, to wit:

Philip M. Reynolds, Harvey F. Chute, Roger Wolcott, Wm. G. S. McIntyre, George W. Nickerson, Hiram Tuell, John Alden Lee, John Shields, Theodore S. Watson, Lewis Harlow, Andrew H. Ward, James Tucker, Walter T. Mather.

Notification of Town Officers.

MILTON, MARCH 12, 1906.

Newton Harlow, William A. Will, Robert J. Clark, Winthrop L. Carpenter, Herbert E. Clark, and Henry V. Bowman, Republicans, and Patrick F. Mahoney, William F. Welsh, Edward Haley, Frederick McNamara, Gustave H. Bolles, Daniel F. Coakley, Edward Splaine, Thomas Flanagan, Herbert L. Boutin, and Louis B. Currier, Democrats, Tellers. All of the above named being sworn by the presiding officer, Judge Brown.

At 6 o'clock and 45 minutes P. M., *Voted* to dissolve the meeting.

A true record.

Attest,

HENRY B. MARTIN,

Town Clerk.

Whole number of ballots cast at the foregoing election, eleven hundred and four (1104).

New Ballot Box (Perfection) registered 1104.

Fourth Norfolk Representative District.

We, the undersigned, Town Clerks of the towns of Canton and Milton, comprising Representative District Number Four in the County of Norfolk, hereby certify :—

That, at an election duly held in said towns, upon the sixth day of November, A. D. 1906, for a candidate to represent said district at the next General Court, the following number of votes were given for the several persons hereinafter named, to wit :—

For EDWARD B. DRAPER, of Canton, thirteen hundred and ten votes.

Scattering, nine.

Blanks, five hundred eighteen.

Given under our hands at Canton this sixteenth day of November, A. D. 1906.

WALTER AMES,
HENRY B. MARTIN,
Town Clerks of Canton and Milton.

THE SEVENTIETH ANNUAL REPORT OF THE BOARD OF SELECTMEN.

The town's finances continue to be in good condition, the expenditures in every department having been kept within their several appropriations, and it has not been necessary to make any transfers from the contingent fund during the year. The appropriation for street watering was the only one found too small, and work was discontinued several weeks too soon. There has been received \$354.45 from old sidewalk and street assessments, and the remainder are in process of settlement. \$29,500 of our bonded indebtedness has been paid during the year, and there is now outstanding and to be paid \$382,000. The amount of taxable personal property showed again this year a gratifying increase, and there is now reason to believe that it will continue to increase in the future.

Several very important questions of taxation that may seriously affect the interest of the town, are likely to come before the present legislature, and it would seem wise for the town to employ legislative counsel to look after its interests at the State House.

The tax rate was reduced \$1.30 this year, and will be considerably lower next year in the absence of adverse legislation.

The building purchased of the Edison Electric Illuminating Company on Central avenue has been remodelled and fitted up for a police station, within the appropriation, and is now completely and substantially rebuilt, and well adapted to its present use. The work on the building

was done in a thorough and workmanlike manner, and the town now has an attractive building substantial in its construction, thoroughly up-to-date, with ample accommodations for many years to come, and as good as any Police Station, in any town in the State. The total cost of remodelling the old building, installing a new police signal system, furnishing, and grading, was \$15,875.52, and all the work was done to the entire satisfaction of the Board of Selectmen, due in a measure to the efficient superintendence of the Chief of Police.

The gypsy and brown-tail moths are still with us, and notwithstanding the very efficient work for their extermination during the year by the tree warden, it will be necessary to continue this work at a larger expense than heretofore. We again desire to call the attention of every land owner to the important necessity of looking after his own premises, and keeping them free from these and other pests.

The condition of the streets is, in the main, good; the rapidly increasing number of heavy and rapidly moving automobiles has impaired our best roads so much that the time has come when it seems important that some new method of road construction be adopted to meet the new conditions of travel, and we have asked for a small increase for streets, so that some attempt may be made to determine the best way of preserving them.

The expert employed by the Auditors has made a careful investigation of the finances of the Town, and find that all amounts have been correctly accounted for by all officers, except that it was found that the Tax Collector, through his misunderstanding of the tax warrant, had not charged himself with the amount of the poll taxes for the years 1903, 1904, 1905, and upon having the matter explained he promptly paid over to the Treasurer the amount of the poll taxes for these years.

There has been no change in the management of any of the departments under the charge of the Selectmen, and the Board desires to thank the head of each department for his intelligent and efficient co-operation in any attempt to improve the service, and render efficient the very large expenditures authorized by the town.

JOHN F. BROWN,
MAURICE A. DUFFY,
JESSE B. BAXTER,
Selectmen of Milton.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON.

Per order of the Chairman of the Board of Selectmen, the Town Clerk has had a search made of the records for all votes passed by the Town, accepting "Acts of the Legislature," from the year 1860 to the year 1906, which are herewith printed as follows :

MARCH 19, 1866. *Voted*, To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted*, To accept the Act of the Legislature Chapter 158 of the Laws of 1871, entitled, "An Act to provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted*, To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the Election of Town Officers.

FEBRUARY 3, 1894. *Voted*, That the town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 1893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted*, That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled "An Act relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act authorizing cities and towns to license Groves, to be used for picnics and other lawful amusements.

MARCH 4, 1895. *Voted*, That the town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to authorize the establishment of a building line on Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 218, of the Acts of the Legisla-

ture of 1894, as amended by Chapter 473 of the Act of the same year, being "An Act relative to the election of Boards of Health in towns."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted*, That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled "An Act to authorize the Town of Milton to construct one or more systems of Sewerage."

MARCH 1, 1897. *Voted*, That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the suppression of Common Nuisances."

MARCH 1, 1897. *Voted*, That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled "Regulation and Inspection of Buildings."

MARCH 3, 1902. *Voted*, That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted*, That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted*, To accept Chapter 307 of the Acts of 1902, entitled "An Act to supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted*, To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to Jurisdiction of Towns over Highways and County Bridges.

MARCH 2, 1903. *Voted*, To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted*, To accept Section 339 of Chap-

ter 11 of the Revised Laws, and Acts in amendment thereof and in addition thereto, relative to the election of Overseers of the Poor.

MARCH 7, 1904. *Voted*, To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

MARCH 6, 1905. *Voted*, To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

JULY 21, 1905. *Voted*, To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and browntail moths.

POLICE DEPARTMENT.

To the Honorable Board of Selectmen:

GENTLEMEN:— I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1906.

THE FORCE.

Superintendent,— Maurice Pierce.

Deputy Superintendent,— Timothy McDermott.

PATROLMEN.

James Wigley.	George C. Partelow.
George B. Bradley.	Fred M. Farrington.
Henry A. Paterson.	Henry C. Shields.
Lucius E. Damon.	John F. O'Connell.
William J. Stephenson.	Frank H. McDermott.
Charles E. Page.	William S. Fallon.
John H. Higgins.	John J. Haley.
Joseph H. Donovan.	William D. Karney.

Driver of Patrol Wagon,— John E. Shields.

Keeper of Lock-Up,— Edwin A. Houghton.

SPECIAL PATROLMEN.

Emory H. Farrington.	James E. Welch.
----------------------	-----------------

ARRESTS FOR THE YEAR, 1906.

Total number of arrests	103
Males	99
Females	4
Residents	46
Non-residents	57

CAUSES OF ARRESTS.

Assault and battery	6
Automobile law violating	18

Carrying concealed weapon	1
Default	1
Disturbing the peace	4
Drunkenness	36
Idle and disorderly	3
Insane	3
Larceny	9
Malicious mischief	4
Non-support	1
Peddling without a license	2

Tramps	3
Trespass	1
Town By-laws, violating	2
Vagrant	1
Total	103

MISCELLANEOUS WORK.

Accidents reported and assistance rendered	8
Buildings found open and secured	25
Cases investigated	87
Defective electric light fixtures reported	17
Defective streets and sidewalks reported	26
Defective water pipes reported	5
Defective wires reported	20
Dogs killed	17
Electric lights reported out	619
Fire alarms given	2
Fires extinguished without alarms	5
Injured and sick persons assisted	6
Lost children found and cared for	7
Residences temporarily unoccupied and special care requested	67
Stray animals found	9
Stray teams put up	2
Street obstructions removed	9
Water running to waste	4
Officers detailed for public occasions	42
Officers detailed by request of citizens	19

STOLEN PROPERTY.

Amount reported stolen	\$744 00
Amount recovered	704 00

CRIME.

Good order has been preserved in the town during the past year, the members of the Department having performed their respective duties in an energetic and faithful manner, and by so doing have demonstrated the fact that they have at heart the good of the town and the protection of her people and their property. The By-Laws of the town and the State laws have been rigidly enforced, so far as lay in the Department's power. We have been very fortunate during the year that we have not had any crimes of a serious nature.

THE FORCE.

The discipline of the force has, in the main, been well maintained and the many and varied duties have been performed in a highly intelligent and conscientious manner. I again tender them, one and all, my sincere thanks for their earnest co-operation.

CONCLUSION.

I wish here, in behalf of the Department, to especially thank your Honorable Board and the Committee on new Police Station for the comfortable quarters that we now enjoy. It is a great improvement over the old one and should be appreciated by every member of the department and citizens as well, and is a credit to the town as a public building.

An entirely new Gamewell Police Signal desk has been installed, and all the boxes have been changed, and today the department is equipped with a signal service that cannot be surpassed.

In conclusion, allow me to extend to your Honorable Board and to the citizens of Milton, my sincere thanks for the many courtesies rendered and advice given during the year.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

ENGINEERS' REPORT.

To the Honorable Board of Selectmen:

GENTLEMEN,—The Board of Engineers herewith presents its annual report.

The past year has, with two startling exceptions, been a very quiet one for this department. The two startling exceptions referred to, October 15 and November 1st, show clearly that not only is our Department none too large, but that we are most fortunate to have neighbors able and willing to help us.

There have been no building fires classed as incendiary during the year.

Mr. C. Wilder Holmes resigned as a member of the Board of Engineers in April, and two engineers have managed the affairs of this department for the past eight months. Our department is so small that a large Board of Engineers is not desirable. We think two engineers, both permanent men, would give the best results obtainable.

Two new horses have been purchased to take the place of the same number disabled and disposed of.

All buildings and equipments have been kept up to the proper standard.

One new fire-alarm box has been added to the system, Box 142 on Cheever Street. Five old style boxes have been replaced with boxes of modern type. This leaves thirteen old boxes to be renewed.

The discipline of the men has been most satisfactory, especially in view of the long waits between alarms.

Milton has responded to twenty-one calls to Boston; and Boston has responded to seven calls to Milton.

A twenty-five gallon chemical tank, duplicate of those on Hose 4 wagon, West Section, was purchased and placed on Hose 4 pumg for winter use. With money provided by a spe-

cial appropriation a new combination wagon for Hose 2, East Section, has been purchased. This wagon was placed in commission about September 1, and has proved most satisfactory. It is a piece of fire apparatus that is up-to-date in every respect, and costs no more to maintain than the former straight hose wagon, though it is vastly more efficient. The old hose wagon we traded in part payment for a chemical tank to be used on Hose 2 pung in the winter.

We have had the boiler on the steam fire engine inspected. This inspection shows no visible defects, and the boiler might last a few years longer, but the inspector, on general principles, advises that a new boiler be provided. The average life of a fire engine boiler is twelve years; this boiler is twenty years old. As there is no good reason for taking chances, we advise that the fire engine be given a new boiler and a general overhauling, at an estimated cost of \$1,000.

We have had the chemical engine carefully inspected. This piece of apparatus was put in commission in the autumn of 1881, so that it is now twenty-five years old. It was such a well-built machine that, while it has done lots of rough hard work, it has cost very little for repairs. The inspection shows that it is now wearing out rapidly in all its parts; the tanks especially are so deteriorated that they will last but two or three years longer. It would cost almost as much to overhaul and repair this machine as to buy a new one. We therefore recommend that this machine be kept in service for two or three years longer, making only necessary running repairs upon it, and that then it be replaced with a new piece of apparatus.

In connection with this we desire to refer to that part of our last year's report where a fire station and a combination wagon in the village section were recommended, and possibly a piece of fire apparatus in the Scotch Woods section suggested. During 1906 the advantages of automobile fire

apparatus have been brought very much to the front. While the first cost is high, the low cost of maintenance and the speed with which such apparatus can respond to alarms makes it especially advantageous for country towns where the fire apparatus has to travel long distances. While we are not yet ready to recommend the purchase of such a piece of apparatus, we believe that with the rapid improvements being made yearly in automobile construction, an automobile combination wagon to replace the present chemical engine, and located in the present chemical engine house, would cover both the village section and the Scotch Woods section, to say nothing of the rest of the town, in a perfectly satisfactory manner and would cost very much less than any other plan.

There are twelve permanent men in the Department. They have two days off a month, and have asked to be allowed three days off a month. Their request seems a very reasonable one, but we have been obliged to refuse it, as it would make it impossible to keep up the routine work that must be done. We request that our annual appropriation be sufficiently increased to enable us to employ one more permanent man, as thereby we can give all the men one day off in ten besides strengthening the Department.

For the maintenance and current expenses of the Department we recommend an appropriation of twenty-three thousand dollars (\$23,000).

Respectfully submitted,

GEORGE F. CHOATE,

ELLERTON P. WHITNEY,

Board of Engineers.

December 31, 1906.

REPORT OF THE INSPECTOR OF WIRES.

To the Honorable Board of Selectmen:

GENTLEMEN,—I herewith submit my report for the year ending December 31st, 1906.

Interior Wiring.

The interior wiring of 91 buildings for the installation of light and power was inspected the past year by this department, requiring 281 visits. Sixty-four permits were granted the Edison Electric Illuminating Company to supply service. I find that most of the contractors doing this wiring are disposed to comply with the rules both of the town and of the National Board of Underwriters, and they are usually prompt in notifying this department.

Overhead Construction.

All pole lines throughout the town are in very satisfactory condition. A few poles have been set on new locations. The permits granted were mostly for replacing defective poles and the re-location of old lines. The Edison Company have set a large number of new poles on Central Avenue, Pleasant Street and Edge Hill Road to replace defective ones, thereby greatly improving the condition of these lines.

The old iron wire of the town's Fire and Police Alarm on the Blue Hill Avenue line should be replaced with covered wire. There are an unusually large number of high tension wires on this line, and the fact that a large portion of the town wires have been in service for the past twenty-five years makes it necessary to replace these wires both for safety and service.

I would again warn all citizens of the extreme danger to life in touching or handling any wire they may find broken from its supports or lying on the ground. All such wires should be promptly reported to this department that they may receive immediate attention.

For the purchase of materials for routine repair work during the ensuing year I recommend an appropriation of \$250, and for the renewal of Fire and Police Alarm wires on Blue Hill Avenue, an appropriation of \$1,000, a total appropriation of \$1,250.

Respectfully submitted,

GEORGE F. CHOATE,
Inspector of Wires.

REPORT OF THE BOARD OF HEALTH.

The Board of Health of the Town of Milton has the honor to present to the Town its report for the year ending with December 31, 1906.

The following appointments were made: Henry B. Martin, to be agent for signing burial permits; L. E. Young, to be inspector of plumbing and examiner of applicants for plumbers' licenses; B. F. Murray to be deputy inspector of plumbing; Dr. W. A. Draper, to be agent for the Board of Health; S. A. Meagher was given a permit to carry on the business of rendering oil, tallow, etc. Peter McIntyre, to slaughter cattle and hogs for food. J. R. Lawrence to empty vaults and privies.

The number of cases of contagious diseases reported to the Board for the past three years has been as follows:

	1904	1905	1906
Diphtheria	19	28	17
Measles	59	70	60
Scarlet Fever	13	16	15
Smallpox	0	0	0
Typhoid Fever	9	4	10
Tuberculosis	2	4	7

Thirty-three permits have been issued for sewer connections, in each case the Inspector of Plumbing having made the necessary examinations.

John R. Lawrence has cleaned out 120 cesspools and 49 vaults.

There have been 94 deaths in the town during the year, giving a death rate 13.05 per thousand inhabitants.

	1903	1904	1905	1906
Number of deaths in Milton,	114	110	80	94
Rate per thousand,	16.14	16.31	11.34	13.05

During the year 1906 there has been paid to the Boston City Hospital the sum of \$257.71 for the care of patients found to have a settlement in Milton.

It is probably not generally known that the settlement of every patient taken to the Boston City Hospital is looked up, and if such settlement is found to be elsewhere than in Boston, and the person cannot afford to pay for his own care, the town or city in which the person has a settlement is notified, and eventually has to pay the hospital charges.

Whenever the Board of Health receives such notification the correctness of the settlement is investigated by the agent employed by the Poor Department, and if it is ascertained that the person has a settlement in Milton the charges have to be paid out of the Board of Health appropriation, according to the Public Statutes.

The following bills have been approved during the year :

C. H. Sanford, care of detention hospital (1905)	\$25 00
Association of Boards of Health (1905)	2 00
N. E. Tel. & Tel. Co.	15 62
H. B. Martin, services as agent (1905)	30 00

REPORT OF THE SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

GENTLEMEN :—I herewith submit the annual report of the Street Department for the year 1906.

The work of this department was carried on in the same manner as during the preceding year.

The severe weather conditions of the winter season of 1905 and 1906 together with the digging up of the streets, caused by the extension of the water, sewer and gas systems, and the house connections with the same have caused some of the streets to be in a rather poor condition.

Some of our streets built of gravel and light macadam, on clay soil, with no drainage of any kind, will not resist the action of the frost, and therefore become very soft and are disagreeable to travel upon. Where there are no sidewalks they are very undesirable for foot travel.

The increasing automobile travel through our town also affects the surface of the streets, particularly the macadam road; at the present time there seems to be no remedy for the same, although different experiments have been tried in many cities and towns.

During the early part of the season much repair work was done, while the usual spring cleaning was going on.

The stone crusher plant, which was located on Randolph Avenue for a number of years, was moved to the Town Lot on Blue Hill Avenue. There is a large supply of stone on the ground and the location is very convenient for nearly all sections of the Town. The whole plant is in very good condition and in its present location should be of very good service to the Town for a number of years.

That part of Canton Avenue known as Mingo Hill, nearly all solid ledge, was lowered about four feet.

This work was a great improvement and should be completed next year by widening to the property lines.

Brook Road was resurfaced with crushed stone between Lincoln Street and the Hinckley estate.

Centre Street was regraded and resurfaced with crushed stone from Churchill's Lane to Dudley Road. This street was in a very bad condition and required much work.

Canton Avenue between Voses Lane and Whitelawn Avenue was resurfaced with broken stone.

Eliot Street was regraded and resurfaced with crushed stone from Central Avenue nearly to Oak Road.

The gas main and service pipes were laid in this street, as were also the sewer pipes, before the surfacing was done.

Maple Street was graveled and repaired its entire length.

Central Avenue, near School Street, was widened to the property line; this work required a large amount of filling, which was obtained while regrading Eliot Street.

Blue Hill Avenue was graveled from Robbins Street to the Merritt estate; the gravel was taken from the Blue Hill Avenue pit.

This Street was resurfaced with crushed stone from Brush Hill Road to Canton Avenue.

Canton Avenue was repaired with gravel and crushed stone from Blue Hill Avenue to the Hemenway estate.

A stone drain was laid in Hicks Hill to drain the roadway; this hill was very soft and wet, caused by the springy nature of the land. The material taken from this drain was used in widening the street below the hill.

Another stone drain was laid in Milton Street from Brush Hill Road to the Charles Rackemann estate; this street being also very springy, the material taken from this drain was used in widening the Brush Hill Road approaches to Pauls

Bridge, a guard rail fence was built at the same place, which added greatly to the appearance and safety of the street.

Adams street was repaired with broken stone in many places.

Huntington Road was partly built with grout and gravel from the Squantum Street pit.

Many other streets were repaired with gravel and crushed stone.

Surface drains were laid, catch basins were built and connected with the same in many streets in different parts of the town.

All the existing drains and catch basins were thoroughly cleaned and repaired when necessary.

Brook Road between Canton Avenue and Randolph Avenue was built as voted by the Town.

SIDEWALKS.

There have been no permanent sidewalks constructed during the past year.

Nearly all of the gravel sidewalks have been repaired with stone dust and are in very good condition.

There is a large demand for sidewalks where the roads are narrow and foot travel is more dangerous from automobiles.

Building sidewalks on some of these streets will be expensive, as much filling will be required.

STREET WATERING.

This work was practically the same as of other seasons, and if more stand pipes were erected other streets could be sprinkled without any additional expense.

As street watering seems to be the best remedy for the dust nuisance it seems to me that all the streets should be watered.

In concluding this report, I would most respectfully ten-

der my sincere thanks to your Honorable Board for your assistance and suggestions during the past year; to the citizens of the Town for their very courteous consideration and advice, also to the employees of the Street Department whose work has been most efficient.

REPORT OF THE WATER COMMISSIONERS FOR 1906.

To the Citizens of the Town of Milton:

The Water Commissioners respectfully submit the following report of their operations for the year 1906.

At the annual meeting in March, Charles S. Pierce was elected for the term of three years, to succeed himself, and the Commission organized with Mr. Pierce as Chairman. During the year it became necessary to purchase a new wagon to replace one which was worn out, and two horses were purchased to replace two which were sold, having outlived their usefulness to the department.

At the annual meeting in March an appropriation of \$7,000 was made for the extension of mains. To this sum we have been able to add an additional amount from our income, and the total has been expended as follows:

*1467 feet of 8-inch pipe on Centre Street, costing	.	.	\$1,649 81
1128 feet of 8-inch pipe on Reedsdale Road, costing	.	.	2,138 90
2435 feet of 10-inch pipe on Canton Avenue, costing	.	.	5,229 96
1512 feet of 8-inch pipe on Hillside Street, costing	.	.	2,222 16
204 feet of 6-inch pipe on Blue Hill Terrace Street, costing	.	.	375 07
Total	.	.	<hr/> \$11,615 90

NOTE.—*The actual cost of the Centre Street extension was \$2,283.25 but of this amount, \$633.44 was borne by private subscription, so that the cost to the town is the amount indicated.

The principal construction work in private property during the year has been an extension of the service in the Milton Cemetery, and a long line of 6-inch pipe laid in property of Mr. Joseph Brewer, on Canton Avenue, at his expense, in order to give fire protection and a water supply for his private house. At the present time there are 288 hydrants upon public streets, and 16 on private land, mak-

ing a total of 304. This is an increase during the year of 8 public and 3 private hydrants. At the present time there are 1232 active services, as against 1160 a year ago, the increase being 72—a very encouraging number.

The receipts of the Department from December 31, 1905, to December 31, 1906, excluding service work for which it has been reimbursed, were :

From water takers	\$29,439 52
(An average of \$23.90 per taker.)	
*From street watering	5,187 17
(\$671.92 being paid by Metropolitan Park Commission in 1906.)	
Interest on deposits	109 09
From repairs and incidentals	1,861 68
A total revenue of	\$36,597 46
To this must be added Hydrant service appropriation	9,000 00
Appropriation for extension of mains	7,000 00
Making available for the work of the department a total of	\$52,597 46

*The 1905 bill for street watering was not paid until early in 1906, so that in making estimates, the amount of that bill \$2,403.24, must be deducted.

Although the cost of water has been reduced a little over 5 per cent. during the past year, the receipts from the water takers have increased about \$700.00 on account of the increased number of takers.

The expenses during the past year, excluding construction and service work, were	\$11,266 22
Metropolitan water	14,070 41
Interest on 279 bonds	9,765 00
Total	\$35,101 63

NOTE—A detailed report of expenditures will be found elsewhere.

The following table is intended to show the cost to the town of its water system, and the payments which have been made on account of the water loan :

Amount paid for Milton Water Co.	\$199,608 35
Bonds of Milton Water Co. paid off	120,546 67
Appropriation for extensions in 1903	4,000 00
“ “ “ “ 1904	5,000 00
“ “ “ “ 1905	4,000 00
“ “ “ “ 1906	7,000 00
Making a total of					\$340,155 02
Less balance reverting in 1904	.	.	.	\$8,908 09	
“ “ “ “ 1906	.	.	.	220 59	9,128 68
					<hr/> \$331,026 34
Bonds paid at maturity in 1903	\$11,000 00
“ “ “ “ “ 1904	11,000 00
“ “ “ “ “ 1905	11,000 00
“ “ “ “ “ 1906	11,000 00
					<hr/> \$44,000 00

Last year the minimum charge for buildings having not more than one fixture was reduced from \$8.00 to \$7.50; for buildings having more than one fixture, from \$16.00 to \$15.00, and a reduction of 5 per cent. from the existing rates was granted to consumers using more water than was allowed for the minimum rates. The purpose of this reduction was to give the water takers the benefit of a saving in the cost of water furnished by the State, the State statute as to the apportionment of the cost of Metropolitan Water District having been changed. This statute resulted in a saving to Milton of about \$2500, but since that time the statutes have again been changed for the relief of Boston, and the assessments of the other cities and towns will be somewhat increased. Milton's assessment for the coming year is estimated at \$15,000.

In our last report we recommended the laying of mains in Canton Avenue, in order to enable us to supply Scott's woods with a better pressure, and in accordance with our recommendations a large appropriation was granted. The cost of doing the Canton Avenue work was so large that the

funds available for extensions in Hillside Street were comparatively small. Some residents of the Scott's woods district expected that the appropriation at the 1906 March meeting was to complete the work in Hillside Street, and were therefore disappointed. A reference, however, to our last report will show that previous to the March meeting, we contemplated and recommended the action subsequently taken. We do hope, however, to complete the work in Hillside Street during the coming year, the estimated expense being about \$5,500.

As a result of urgent requests, the Metropolitan Water & Sewerage Board has consented to extend its high service pressure in Canton Avenue from Robbins Street to Highland Street, in Highland Street, Reed Street, Randolph Avenue south of Reed Street, and Hillside Street. We hope that this action will give adequate pressure to the high levels in Highland and Hillside Streets.

We estimate that the cost of running the department, purchasing water and paying interest on bonds will, during the coming year, amount to about \$36,000. Our receipts, if the hydrant service appropriation remains as in the past, should be about \$43,000. We ask for an appropriation of \$4,000 for extension of mains.

Respectfully submitted,

CHARLES S. PIERCE,
ROBERT F. HERRICK,
THOMAS B. GORDON.

REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen :

GENTLEMEN :—I herewith submit my annual report for the year ending December 31, 1906, eighty-six applications having been made for alterations, additions and new buildings; and eighty-six permits issued and granted for same.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT.

Months.	Permits issued for Wooden Buildings.	Permits issued for Stone and Brick Buildings	Value of Work by application.
January.....	3		\$10 700 00
February.....	2		1,700 00
March.....	7		20.750 00
April.....	4		15.800 00

June.....	7		3.650 00
July.....	6	1	55.500 00
August.....	9	3	102.600 00
September.....	6	2	23.300 00
October.....	5	1	32,500 00
November.....	9	1	18,000 00
December.....	2	2	21 720 00
Totals	74	12	\$384,520 00

Making the valuation of the work completed and to be completed, three hundred eighty-four thousand, five hundred twenty (\$384,520) dollars.

Office hours of the Department, 7.30 to 9 P. M., Tuesday and Thursday.

Respectfully submitted,

G. E. BURT,
Inspector;

REPORT OF THE INSPECTOR OF PLUMBING.

To the Honorable Board of Health:

GENTLEMEN :—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1906.

There have been issued one hundred thirty-four (134) permits to perform plumbing. The valuation of this work being, approximately, forty-seven thousand, five hundred (\$47,500) dollars.

Five (5) plumbers renewed their licenses, and eight (8) plumbers from other towns and cities registered at this office.

Thirty-nine (39) buildings were examined in regard to drainage and ventilation, preliminary to being connected with the Town Sewers, and necessary improvements made in many cases.

Respectfully submitted,

LORENZO E. YOUNG,

Inspector of Plumbing.

REPORT OF THE PARK COMMISSIONERS FOR 1906.

To the Citizens of Milton:

East Milton playground has had nothing but the annual cleaning up. A little gravel has been sold from the pit, not yet all paid for.

Brook Road playground has had a row of oaks planted, and these trees have proved a failure. A new row will be set out in the spring. Fortunately, the trees which have just died cost the Town nothing, so that only time is lost if next year's planting proves a success. Fresh loam has been spread and rolled, filling up the holes worn by use. The old benches, so far as they were worth it, have been repaired, and new benches placed for the convenience of the players.

The appropriation for improvement of school grounds was, with the concurrence of the School Committee, spent at the Sumner School, where the bank on the road was graded and sown to grass, and a barberry hedge was planted inside the fence, the ground having been dug and manured to a suitable depth.

On Waterside Common we have placed a few more seats. More trees and bushes which died as a result of the digging and filling for the sewer have been removed. Grass is coming up to cover the scar, and a new growth of bushes is establishing itself. The swampy ground at the Mattapan end needs clearing up again.

At Dollar Lane playground a small beginning has been made. A plan of the grounds has been drawn, and stone monuments have been placed to mark the corners and angles.

We ask again for \$100 for the general uses of the department, and \$100 to be expended on the school grounds.

Respectfully submitted,

NATHANIEL T. KIDDER,

HORATIO A. LAMB,

CHARLES E. ROGERSON,

Board of Park Commissioners,

Milton, Jan. 1, 1907.

Town of Milton.

REPORT OF THE TREE WARDEN.

To the Citizens of Milton:

A year ago brown-tail moth nests were abundant, especially in the Eastern section of the town. Today they are scarce. This result is owing chiefly to natural enemies of the caterpillars amongst which the most prominent is a fungus which has attacked them. There is reason to suppose that a good many of the nests which were gathered and burned were already rendered harmless by the fungus. This does not constitute a reason for not destroying the nests, as some of the caterpillars might survive even if fungus was in the nest, nor are we to argue that no more trouble is to be had from the brown-tail moths. Another year may not be so favorable to the growth of the fungus. In other words, a perpetual war should be waged on the nests by every property owner. They should by this time be known to everyone, and in fruit trees, where they locate by choice, they are easily seen when the leaves are off.

Tent caterpillars are on the increase again, and should be destroyed before an invasion. They are easily dealt with while the nests are small.

Elm leaf beetles were very abundant this year, and were more generally distributed through the town than in past years. There seems to be no way to deal adequately with these but spraying, and the season for doing this is short, though not so short as in the case of the canker worms. A good deal of spraying was done for these pests, all by a firm outside of town.

I have always shrunk from undertaking the spraying with town apparatus and men, because there is so much of it to do if the work on private places is to be done. And to do the public streets alone seems almost a waste of time and

money, and the shortness of the effective season adds a still more serious difficulty. Nevertheless, I expect to undertake some of the street spraying this year.

Gypsy Moths.

The suppression of the Gypsy moths has proved to be a very difficult problem. This was to be expected. While they seem to be more generally distributed throughout the town than a year ago, I do not feel certain that this apparent spread may not be in part, at least, owing to the fact that every nook and corner has been searched for them. I am more than ever convinced of the necessity of cleanliness as the ounce of prevention worth a pound of cure. Any place left to take care of itself, where plants grow or rubbish is thrown, offers just the breeding place nature wants for Gypsy moths. Therefore, everyone should watch and keep clean every foot of ground under his control. It is only by the united efforts of the whole community, that these creatures can be kept in check until fungi, parasites, or predatory foes come to our rescue and re-establish the balance of nature, now seemingly so lopsided. That this has in a measure taken place with the brown-tail moths may fairly be taken as an indication that it may be expected with the Gypsy moths. It does not, however, furnish a reason for laying down our arms and waiting to see what happens.

I have now, at the end of the year, been over all the trees belonging to the town, and with one or two exceptions, all of the land of private owners who have applied for this work. It is, of course, charged to the individual in the same way that I have always charged for pruning and chopping. A few have had the work done by outside contractors. Now, I have to clean up the land of those who have not applied for the work or done it in their own way. This is not so advantageous a season for the work as earlier, as snow is a

serious interference with thorough work, and cold makes it harder and slower.

The original object and work of this Department has been thrown into the background by the pressing necessities of the insect campaign. During the caterpillar season, my whole force is diverted from all other work, and put to hunting the caterpillars. Indeed, extra men are taken on during this work. Nevertheless, a good deal of trimming and cutting has been done this year. Fortunately, while the work of pruning is going on, if during the egg season which is long, the Gypsy moth eggs can be treated.

The streets where the greatest amount of pruning has been done this year are Centre Street and Brook Road. A number of scattered places have been done as the cases were most pressing. I do not feel that any street is suffering especially, and yet there are numerous places which must be seen to the coming season.

As is obvious from the financial statement, a larger gang of men is necessary for carrying on the Department, and I feel that I must ask the town for two thousand dollars (\$2,000) for the "care and planting of shade trees and the destruction of insect pests injurious to trees," and for five thousand dollars (\$5,000) for the special purpose of suppressing the Gypsy and brown-tail moths.

Respectfully submitted,

NATHANIEL T. KIDDER,
Tree Warden.

REPORT OF THE ASSESSORS, 1906.

The Assessors of the Town of Milton for the year 1906, beg leave to submit the following report :

The Board organized with George W. Nickerson, Chairman, and William W. Churchill, Secretary.

The Assessors recommend an appropriation of \$900 for the following purposes, viz :

For renewing land plans, and clerk hire	\$475 00	
Lists of Copper Stocks.....	75 00	
Telephones for Assessors.....	100 00	
Printing poll tax lists.....	90 00	
Registry of deeds, returning transfers.....	45 00	
Advertising and printing posters for returns..	30 00	
Printing tax bills.....	35 00	
Miscellaneous.....	50 00	
Total	————	\$900 00

The Assessors gave the notice required by statutes requesting tax payers to bring in true lists of their polls, real, and personal property.

The number of polls assessed was 1865.

There was a gain of \$139,305 personal estate.

There was a gain of \$315,803 real estate, of which \$19,003 on land and \$296,800 on buildings, making a total gain in valuation for the year of \$455,108.

Total number of horses, 847.

Total number of cows, 754.

Neat cattle other than cows, 10.

Number of swine, 99.

Number of fowls assessed, 2748.

Number of Dogs, 465 males, 95 females ; total, 560.

Number of dwelling houses, 1370.

Number of acres land, 6222.90.

Assessors' census, May 1, 1906 :

West district, 2382.

East district, 2340.

Central district, 2481.

Total census, 7203.

Number of male voters, 1622.

Number of female voters, 215.

Number of residents assessed on property, individuals,
1132.

Number of non-residents assessed on property, individuals,
558.

All other resident firms, corporations, associations, institutions, trustees, estates, etc., 231.

Non-resident firms, corporations, etc., 51.

Total residents on property, 1363.

Total non-residents on property, 609.

Total, 1972.

Poll tax only, 1188.

Total, 3160.

Value of buildings excluding land, \$5,457,600.

Value of land excluding buildings, \$5,498,375.

Total value, \$10,955,975.

Gain on buildings for the year, \$296,800.

Gain on land for the year, \$19,003.

Total gain real estate, \$315,803.

Total gain personal estate, \$139,305.

Total gain in valuation, \$455,108.

REPORT OF INSPECTOR OF CATTLE.

To the Board of Selectmen :

GENTLEMEN :—During the past year I have inspected in town, one hundred nineteen (119) stables on one hundred thirteen (113) premises where cattle are kept. I found stables and premises in good sanitary conditions, meeting requirements in regard to light, ventilation, size, water supplies and cleanliness..

I gave a physical examination to eight hundred four (804) cows, nineteen (19) bulls, and two hundred sixty-seven (267) swine, all of which I considered free from all symptoms of contagious diseases.

During the year I quarantined and reported to the Cattle Bureau of the State Board of Agriculture, four (4) cows which showed symptoms of tuberculosis, and which were later destroyed by the Bureau. Besides this I have inspected all carcasses slaughtered in town for market and stamped all free from disease.

Respectfully submitted,

JAMES SPENCER,
Inspector of Cattle and Provisions.

REPORT OF TRUSTEES OF CEMETERY.

To the Citizens of Milton :

The Trustees of the Cemetery submit the following report for the year ending Dec. 31, 1906 :

The Board organized with Samuel Gannett as Chairman, and William H. Kennedy as Secretary and Treasurer. Thomas W. Pond was appointed Superintendent.

The following specified work has been done in addition to the general care of the avenues and grounds :

Ninety interments have been made, six brick vaults built, fifteen headstones reset on foundations, nine foundations for monuments and thirteen for headstones built, one monument moved and lowered, seventeen lots finished which were laid out in 1905.

Seventeen lots have been taken by citizens and three lots sold to non-residents. Six lots have been placed under perpetual care.

At the last annual March meeting the sum of one thousand (\$1,000) dollars was appropriated by the Town to extend the water supply in the cemetery. This work was done at a cost of \$1,350, the balance of \$350 being paid from the general Cemetery fund. This addition carried the water to the highest point of the grounds and has been of great service in keeping the grass, shrubs and avenues in good condition.

By the Treasurer's report you will see that a larger sum was expended in spraying the trees than in former years. This expenditure the Trustees thought necessary as they believed every precaution should be taken to prevent damage by canker worms and other injurious insects.

Your Trustees are under great obligation to Mr. N. T. Kidder for his advice as to the removal of trees and bushes.

where the moths are likely to collect. Our Superintendent has already done a good deal of work in this line.

The Trustees have made arrangements with H. L. Frost & Co., to send two of their men, who are professional moth hunters or "scouts" as they are called, to go through the cemetery with the Superintendent and direct him to do what is necessary to prevent injury from the gypsy and brown-tail moths. We shall expend whatever sum is required to prevent, if possible, the invasion of the cemetery by these pests.

Believing that we can do this very important work and also keep our grounds in good condition without an extra appropriation, we ask for the usual sum of two thousand (\$2,000) dollars.

AMOR L. HOLLINGSWORTH,
WILLIAM H. KENNEDY,
C. MINOT WELD,
J. FRANK POPE,
SAMUEL GANNETT,

Trustees.

REPORT OF SEWER COMMISSIONERS.

The Board of Sewer Commissioners begs to report as follows, touching the work of the Sewer Department during the year 1906 :

During the year the following sewers have been laid :

In Central Avenue, 485 feet ; in Randolph Avenue, 990 feet ; in Westside and Morton Roads, 900 feet ; in Eliot Street, 550 feet, and Austin Street, 387 feet, making a total of 3312 feet.

The cost of this work has been \$5,238.44.

The sewer in Central Avenue is an extension of the existing sewer, the one in Randolph Avenue is an extension of the existing sewer connecting the same with the Metropolitan Sewer, the one in Westside and Morton Roads, is connected with the existing sewer in Brook Hill Road, the one in Eliot Street is connected with the existing sewer at the junction of Brook Hill Road, and the one in Austin Street is connected with the existing sewer in Blue Hills Parkway.

The betterments due the town on account of sewers which have been laid during 1906, amount to about \$5,600.

There have been forty-two buildings connected with the Town Sewers during the year.

Respectfully submitted,

FRANCIS R. HART,
CHARLES MITCHELL,
JAMES H. PERKINS,

Sewer Commissioners.

ANNUAL REPORT OF THE OVERSEERS OF THE POOR, MILTON, MASS.

To the Citizens of Milton:

The Overseers of the Poor of the Town of Milton have the honor to present their report for the year 1906. The terms of office of Horace N. Plummer and Arthur H. Tucker having expired, at the Town Meeting held on March 5, they were re-elected to the Board, to serve for three years. The Board proceeded to organize with Arthur H. Tucker as Chairman, and Parker B. Field as Secretary. Joseph H. Duffy was continued in charge of the clerical work of the Board, and Albert Rounseville was re-appointed to serve as Agent. Mr. and Mrs. Calvin H. Sanford were re-appointed as Superintendent and Matron, respectively, at the Town Farm.

The appropriation of \$6,500 for this year, which is a reduction of \$300 over that of 1905, is, in the opinion of the Board, the minimum amount on which the work at the present time can be properly conducted. It has been found unnecessary to expend any large amount on repairs at the Town Farm during the year, but some outside repairs will be necessary in the near future.

As some of the older of the people aided in their homes have become more feeble, and required more care, they have been transferred to the Town Farm, and at the present time the full capacity has been reached.

The physical condition of some of the inmates requires the services of a nurse.

The members of the Board, realizing that little pleasure can enter into the lives of those cared for at the Town Farm, succeeded this year, as last, in interesting some of the towns people in their behalf, so that several entertainments have been given and greatly enjoyed. In response to an appeal

by the Board in the Milton Record a sufficient sum was contributed to afford all those at the Town Farm a most enjoyable Christmas.

Throughout the year books have been regularly delivered there from the Public Library.

Assistance has been rendered to thirty-six families outside the town farm. It is our intention that such relief shall constitute only partial support, and every effort has been made to encourage the recipients in thrift which will lead to independence of town aid. In four instances the town has been fully reimbursed by relatives for aid rendered, and in two other cases the amount spent by the town has been refunded in part by relatives.

The meetings of the Overseers of the Poor are held at the Town Hall on the first Thursday after the first Wednesday of each month at 7.30 P. M., and applications, complaints or suggestions will be received at these meetings, or at any other time.

The residents of the town are invited and urged to visit the Town Farm at any time.

The Overseers of the Poor recommend for the ensuing year the appropriation of \$6,500, together with the sums received from sales at the Town Farm and from all reimbursements for aid rendered. This amount is intended to cover all expenditures of the Board, including salary of the Agent.

Less expenses for year 1905		56 78
		<hr/>
		\$3,745 94

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED.

“All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

“The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the ‘Jason Reed Fund,’ and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

“And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

“I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof.”

Interest to May 1, 1906.....	341 80
Total.....	————— \$3,189 40

The Town received in bank and corporation taxes for 1905, \$88,384.96, a gain over 1904 of \$23,780.69.

We would again renew our request to the residents of the town owning stocks in Massachusetts banks or corporations,

and especially those purchasing stocks to have their residence given as Milton, whatever may be their post-office address.

We would also take this opportunity to thank those of our citizens who during the past year have done so.

We would also renew our request to trustees of estates to make their returns to the Commonwealth between May 1, and 10, so that the taxes may be credited to Milton.

May we also suggest that any resident wishing to become his own assessor may become so by making a return of his personal and real estate.

GEORGE W. NICKERSON.

JOSIAH BABCOCK.

W. W. CHURCHILL.

Assessors of Milton.

ANNUAL TOWN REPORT
OF
MILTON
MASS.

FOR THE YEAR ENDING
DECEMBER 31, 1907

COMPILED BY
THE AUDITORS

POOLE PRINTING CO.
221 HIGH STREET
BOSTON

STATEMENT OF THE AUDITORS.

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending Dec. 31, 1907, and have found the same correct.

Respectfully submitted,

HENRY H. BARNES }
AUSTIN W. GREENE } *Auditors.*

MILTON, MASS., *Dec.* 31, 1907.

CHAPTER 1.

GENERAL PROVISIONS.

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

TOWN MEETINGS.

SECTION 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of town officers shall be held upon the first Monday of March, the polls to be open at seven o'clock in the forenoon, and after the election of a Moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot, all said officers to be voted for on one ballot. At any time after 2 P.M. a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. After the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall

be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a time certain,
- to commit (or recommit) or refer,
- to amend or substitute,
- to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, thirteen legal voters shall be appointed by the Moderator, who, together with the chairman of the Selectmen and the chairman of the School Committee, shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

THE TOWN'S FINANCES AND PROPERTY.

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of December in the same year; and on all such taxes as are not paid on or before the said first day of December, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 72 of Chapter 12 of the Revised Laws; and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of December in the same year.

SECT. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the town.

SECT. 6. The Selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which

would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the town, at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the town.

SECT. 12. The Selectmen shall have full authority as agents of the town to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

THE CEMETERY.

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

POLICE REGULATIONS.

SECTION 1. No person shall move or assist in moving any building, over any way which the town is obliged to keep in repair, without the written permit of the Selectmen

being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public

way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the town for all expenses and damages which, or for which, the town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in

connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge

or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have

painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the town may be made by any constable or police officer of the town.

CHAPTER 7.

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. There shall be in the town a department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

SECT. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

SECT. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

SECT. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

SECT. 5. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

SECT. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

SECT. 7. Until building limits are established as provided in Section 6, the provisions of this chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

SECT. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

SECT. 9. Applications for such permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

SECT. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said

provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specification of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

SECT. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

SECT. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

SECT. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

SECT. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

SECT. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

SECT. 20. In case the owner of any building or other structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings

prescribed in this chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the town by the owner or applicant on demand; otherwise such expense shall be borne by the town.

SECT. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

SECT. 23. No nails shall be driven into any chimney at any point; and no woodwork shall be within one inch of any chimney.

SECT. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

SECT. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

SECT. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

SECT. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

SECT. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

SECT. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

SECT. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

SECT. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

SECT. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than

three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interruption from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

SECT. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

SECT. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

SECT. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

SECT. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

SECT. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

SECT. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone or other suitable substance, properly bonded and solidly built with one-half cement mortar.

SECT. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty inches thick at bottom and twenty inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than

sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allow-

ance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

BUILDING GRADES.

SECT. 63. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the town at a meeting called as provided by law, said building grade or building grades shall be established.

SECT. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

SECT. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

OTHER PROVISIONS.

SECT. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect; and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than \$20, nor more than \$100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

SECT. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

SECT. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe; all drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but wrought-iron pipe may be used for vent purposes; said pipes shall be properly secured to walls and ceiling with wrought-iron hangers. The soil-pipe of every building shall be not less than 4 inches, vent pipes not less than $1\frac{1}{2}$ inches, and waste pipes not less than 2 inches, in diameter.

SECT. 8. Every drain-pipe shall be supplied with a suitable trap placed with an accessible clean-out at the point where it leaves the building, and shall have a proper pitch and extend 5 feet outside of the cellar wall; said clean-out may be placed outside of the cellar wall if made accessible. The pipe from this point to the sewer or cesspool shall have tight joints. All drain or ventilation pipes shall extend undiminished in size at least 2 feet above the highest window on roof, and all changes in direction of soil-pipes shall be made by Y branches or bends as the Inspector shall direct.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full-sized

wiped joint and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of trays shall be furnished with a separate trap, placed as near the fixture as possible, and in no case shall the waste from the bath-tub or other fixture be connected with a water-closet trap. Traps shall be protected from siphonage or air pressure by special pipes of a size not less than the waste-pipe, placed outside or below the trap; lead pipes shall be used only where they are exposed to the view. Air-pipes for the water-closets shall be not less than two-inch bore. Two or more air-pipes may be connected together or with a soil-pipe, but such connection with a soil-pipe shall be above the upper fixture of the building.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals or other fixtures, no overflow pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar. No brick, sheet metal, earthenware or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

SECT. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the con-

sent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

SECT. 15. No water-closet shall be inclosed with any upright woodwork.

SECT. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

SECT. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding \$50.

CHAPTER 9.

STREET RAILWAYS.

SECTION 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the

terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

TOWN WAYS.

SECTION 1. Every way that shall be laid out for the acceptance of the town as a town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the town as a town way, the document relating to such laying out shall be accompanied by a certificate of a competent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way

shall be accepted. The said certificate shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the town.

MILTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1907-1908.

MARCH MEETING.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall, in said Milton, the fourth day of March next, at 7 o'clock A.M., then and there to act upon the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To choose all Town officers as are required by law to be chosen by ballot, also on the same ballot to vote "Yes" or "No" in answer to the question, "Shall license be granted for the sale of intoxicating liquors in this Town?" The polls to be opened at 7 o'clock in the forenoon and may be closed as early as 2 o'clock in the afternoon.

ART. 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ART. 4. To hear and act upon the Auditors' report, and reports of other Town officers or committees.

ART. 5. To see what sum of money the Town will appropriate for the support of schools the ensuing year.

ART. 6. To see what sum of money the Town will appropriate for the transportation of pupils the ensuing year.

ART. 7. To see what sum of money the Town will appropriate for the medical inspection of the pupils of the

public schools, the same to be expended under the direction and at the discretion of the School Committee.

ART. 8. To see what sum of money the Town will appropriate for the improvement in the sanitary condition of the Thacher and Sumner schools and to determine the method of raising such sum.

ART. 9. To see what sum of money the Town will appropriate for the Street Department the ensuing year.

General Expenses	Street Watering
Construction of Sidewalks	Removal of Ice and Snow

ART. 10. To see what sum of money the Town will appropriate for the Fire Department the ensuing year.

ART. 11. To see what sum of money the Town will appropriate to replace the old-style fire-alarm boxes with modern boxes.

ART. 12. To see if the Town will appropriate the sum of \$125 for a fire-alarm box to be located at the corner of Centre Street and Vose's Lane.

ART. 13. To see what sum of money the Town will appropriate for repairs to the steam fire engine.

ART. 14. To see what sum of money the Town will appropriate for the use of the Department of Wires the ensuing year.

ART. 15. To see what sum of money the Town will appropriate for the Police Department the ensuing year.

ART. 16. To see what sum of money the Town will appropriate for miscellaneous expenses the ensuing year.

General Expenses	Town Hall and Lot
Interest	Printing
Abatements	Insurance
Contingent Fund	

ART. 17. To see what sum of money the Town will appropriate for street lighting the ensuing year.

ART. 18. To see if the Town will vote to erect five electric lights on Metropolitan Avenue, and appropriate money for the same.

ART. 19. To see if the Town will vote to erect an additional electric light on Morton Road at a point about two hundred feet (200 ft.), from Canton Avenue, and appropriate money for the same.

ART. 20. To see if the Town will vote to erect three electric lights on Huntington Road and appropriate money for the same.

ART. 21. To see if the Town will vote to erect one electric light on Randolph Avenue near North Russell Street, opposite the entrance of Saint Michael's Church, and appropriate money for the same.

ART. 22. To see what sum of money the Town will appropriate for the support of the poor the ensuing year.

ART. 23. To see what sum of money the Town will appropriate for Soldiers' Relief the ensuing year.

ART. 24. To see what sum of money the Town will appropriate for State Aid the ensuing year.

ART. 25. To see what sum of money the Town will appropriate for salaries the ensuing year.

ART. 26. To see what sum of money the Town will appropriate for hydrant rental the ensuing year.

ART. 27. To see what sum of money the Town will appropriate for the extension of water mains.

ART. 28. To see what sum of money the Town will appropriate for the Public Library the ensuing year.

ART. 29. To see what sum of money the Town will appropriate for the improvement of the Cemetery the ensuing year.

ART. 30. To see what sum of money the Town will appropriate for the Health Department the ensuing year.

ART. 31. To see what sum of money the Town will appropriate for the collecting of ashes and garbage the ensuing year.

ART. 32. To see what sum of money the Town will appropriate for the removal of ashes and garbage on Adams Street and streets adjacent thereto, from the junction of Otis Street and Adams Street to Hutchinson Street.

ART. 33. To see what sum of money the Town will appropriate for the removal of ashes and garbage on Capen Street, Mattapan District.

ART. 34. To see what sum of money the Town will appropriate for the maintenance of the Sewer Department the ensuing year.

ART. 35. To see what sum of money the Town will appropriate for the extension of the sewerage system the ensuing year.

ART. 36. To see what sum of money the Town will appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect pests injurious to trees the ensuing year.

ART. 37. To see what sum of money the Town will appropriate to be expended by the Tree Warden in the extermination of the gypsy and brown-tail moths.

ART. 38. To see what salary (if any) the Town will vote to pay the Tree Warden.

ART. 39. To see what sum of money the Town will appropriate for the general uses of the Board of Park Commissioners the ensuing year.

ART. 40. To see what sum of money the Town will appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of school lots.

ART. 41. To see what sum of money the Town will appropriate for the general uses of the Board of Assessors the ensuing year.

ART. 42. To see if the Town will appropriate the sum of two hundred dollars (\$200) to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ART. 43. To see what action the Town will take in regard to borrowing money.

ART. 44. To see if the Town will authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ART. 45. To see if the Town will accept the list of jurors as prepared by the Selectmen.

ART. 46. To see if the Town will vote to accept Morton Road, from West Side Road to Morton Terrace (formerly Morton Place) and Morton Terrace (formerly Morton Place) as laid out by the Selectmen as Town Ways.

ART. 47. To see if the Town will vote to accept Tucker Street, running from Brush Hill Road to Blue Hill Avenue, as laid out by the Selectmen, as a Town Way.

ART. 48. To see if the Town will vote to accept Artwill Street, running from Reedsdale Road to Randolph Avenue, as laid out by the Selectmen, as a Town Way.

ART. 49. To see if the Town will vote to accept and allow an alteration of Brook Road, between Centre Street and Pleasant Street, as laid out or altered by the Selectmen, and to authorize the execution of conveyances necessary therefor.

ART. 50. To see what sum of money the Town will appropriate to construct that portion of Brook Road already laid out over the Metropolitan High Level Gravity Sewer that lies between the easterly boundary line of the estate of J. Henry Brooks and the westerly line of land belonging to Ernest W. Bowditch, a distance of about two thousand five hundred and fifty feet (2,550 ft.).

ART. 51. To see if the Town will vote to accept Spafford Road, running from Highland Street to Reedsdale Road, as laid out by the Selectmen, as a Town Way.

ART. 52. To see if the Town will vote to accept Warren Avenue, running from Blue Hill Parkway to Thatcher Street, as laid out by the Selectmen, as a Town Way.

ART. 53. To see if the Town will vote to accept Bunton Place, running from Brackett Street to land of F. E. Badger, as laid out by the Selectmen, as a Town Way.

ART. 54. To see if the Town will vote to renew the electric light on Bunton Place.

ART. 55. To see what action the Town will take looking to the duplication of the records of its Town Meetings and the meetings of its Selectmen, and appropriate money for the same.

ART. 56. To see if the Town will vote to purchase land in East Milton, situated at the corner of Adams and Church Streets, and adjoining the Belcher School lot, and appropriate money for the same.

ART. 57. To see if the Town will authorize the Moderator to appoint a committee of three to consider the necessity of revising the By-Laws pertaining to the building of stables and report at the next annual meeting.

ART. 58. To see if the Town will authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

ART. 59. To see if the Town will vote to amend its By-Laws, Chapter 3, Section 1, by adding a sentence thereto so that the same shall read as follows:

“SECTION 1. The Warrant Committee shall, within two weeks after its appointment, meet at the call of the member thereof first named, for organization, by the choice of a chairman and secretary, and it shall meet thereafter from time to time as it may deem advisable. *It shall have power to fill vacancies in its number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.*”

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Town, fourteen days at least before said meeting, and leaving printed copies hereof at the dwelling houses in said Town, at least four days before said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton, this fifteenth day of February, nineteen hundred and seven.

JOHN F. BROWN,
MAURICE A. DUFFY,
JESSE B. BAXTER,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, March 4, 1907.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of

said town, and by leaving copies at the dwellings of the inhabitants.

PETER MCINTYRE,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing warrant upon March 4, 1907, the following proceedings were had upon the several articles in said warrant, namely:

ARTICLE 1. Felix Rackemann, Esq., was chosen Moderator, and sworn by the Town Clerk.

The following appointments of Ballot Clerks and Tellers were made by the Selectmen, to serve at said meeting, viz:

J. Lewis Esau, Peter J. Barry, Charles S. Gage, Charles Mitchell, Jr., Herbert E. Clerk, Edward Gallagher, Ballot Clerks; and William J. Curran, G. Frank Kemp, Robert J. Clark, Frank L. Richards, Thomas B. Gordon, Patrick F. Mahoney, Theodore S. Watson, Philip S. Dalton, Lewis B. Currier, William A. Will, Edward Haley, Winthrop L. Carpenter, Gustave Bolles, John A. Hurley, William F. Welch, John H. Williams, James A. Roberts, Tellers; all of the above being sworn by the Moderator, except Messrs. Esau and Gallagher, who were sworn by the Town Clerk.

At 2 o'clock and 10 minutes, *Voted*, To close the polls for town officers in ten minutes, the result of the ballot being as follows, viz.:

ART. 2. Jesse B. Baxter, Maurice A. Duffy, James H. Perkins were chosen Selectmen and Surveyors of Highways.

Henry B. Martin was chosen Town Clerk.

Herbert B. Tucker was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

Theron A. Apollonio, William B. Thurber were chosen School Committee for three years and Anne R. Cunningham for one year.

Josiah Babcock was chosen Collector of Taxes.

Henry H. Barnes, Austin W. Greene were chosen Auditors.

Nathaniel T. Kidder was chosen Park Commissioner.

Francis R. Hart was chosen Sewer Commissioner for three years and Philip M. Reynolds for one year.

Robert F. Herrick was chosen Water Commissioner.

Abijah W. Draper was chosen on Board of Health.

The following Constables were chosen: Peleg Bronsdon, Edwin L. Crossman, Fred M. Farrington, Edwin A. Houghton, Herbert R. Lawrence, Jacob S. Lincoln, Timothy McDermott, Peter McIntyre, Maurice Pierce, Henry C. Shields, Duncan B. Walker, James Wigley.

Orrin A. Andrews, H. Helm Clayton, Nathaniel T. Kidder were chosen Trustees of Public Library.

William H. Kennedy was chosen Trustee of Cemetery.

Lavina H. Brackett, Parker B. Field were chosen Overseers of Poor.

Nathaniel T. Kidder was chosen Tree Warden.

Voted, That no license be granted for the sale of intoxicating liquor in this town, the ballot being as follows, viz.: Yes, 164; No, 565.

ART. 3. The following officers were chosen *viva voce*: George Y. Badger, T. M. LeFevre, Fence Viewers. George E. Burt, Arthur H. Tucker, Surveyors of Lumber. Calvin H. Sanford, Pound Keeper.

ART. 4. *Voted*, That the Auditors' report be accepted and placed on file, and that in future the Library report, and the report of the School Committee be printed in the Auditors' report.

Voted, That the report of the Trustees of the Library be accepted.

ART. 5. *Voted*, To appropriate the sum of \$72,600 for the support of schools, the ensuing year.

ART. 6. *Voted*, To appropriate the sum of \$2,000 for the transportation of pupils, the ensuing year.

ART. 7. *Voted*, To appropriate the sum of \$300 for medical inspection of pupils of the public schools, to be expended under the direction and at the discretion of the School Committee.

ART. 8. *Voted*, To appropriate the sum of \$5,000 for the improvement of the sanitary conditions of the Thacher and Sumner schools.

ART. 9. *Voted*, That the following amounts be appropriated for highway expenditures the ensuing year, namely:

For general expenses \$34,000 plus the excise tax received from street railways.

For permanent sidewalk construction, \$1,000 plus sidewalk betterment taxes received during the year, this sidewalk appropriation plus betterment taxes to be used solely for the construction of new permanent sidewalks, for which the customary sidewalk betterment taxes may be levied.

For street watering, \$9,000.

For removal of ice and snow, \$2,500.

ART. 10. *Voted*, To appropriate the sum of \$22,400 for the Fire Department, the ensuing year.

ART. 11. *Voted*, To appropriate the sum of \$475 to replace the old-style fire-alarm boxes with modern boxes.

ART. 12. *Voted*, To indefinitely postpone.

ART. 13. *Voted*, That no appropriation be made.

ART. 14. *Voted*, To appropriate the sum of \$250 for the use of the Department of Wires, the ensuing year.

ART. 15. *Voted*, To appropriate the sum of \$24,200 for the Police Department, the ensuing year.

ART. 16. *Voted*, That the following amounts be appropriated for miscellaneous expenses, the ensuing year, namely:

For general expenses, \$3,500.

For interest charges, \$7,500.

For abatement of taxes, \$2,000.

For contingent fund, \$3,500.

For Town Hall and lot, \$1,600.

For printing, \$1,650.

For liability and fire insurance, \$2,200.

ART. 17. *Voted*, To appropriate the sum of \$12,587.50 for street lighting, the ensuing year.

ART. 18. *Voted*, To erect five electric lights on Metropolitan Avenue, and appropriate the sum of \$87.50 therefor.

ART. 19. *Voted*, To erect an additional electric light on Morton Road at a point about two hundred feet from Canton Avenue, and appropriate the sum of \$17.50 therefor.

ART. 20. *Voted*, To indefinitely postpone.

ART. 21. *Voted*, To indefinitely postpone.

ART. 22. *Voted*, To appropriate the sum of \$6,500, also the proceeds from the Town Farm, and reimbursements from other cities and towns for the support of poor, the ensuing year.

ART. 23. *Voted*, To appropriate the sum of \$1,500 for Soldiers' Relief, the ensuing year.

ART. 24. *Voted*, To appropriate the sum of \$1,400 for State Aid, the ensuing year.

ART. 25. *Voted*, To appropriate the sum of \$8,600 for salaries of Town officers, the ensuing year, said officers to receive the same salary as in 1906, save and except the Auditors, whose salary is increased to \$300 each; the Clerk of the Selectmen to also act in that capacity for the Overseers of Poor.

It was also *Voted*, That the Inspector of Plumbing or the Deputy Inspector, receive for each permit issued the sum of \$3.00, said amount to be taken from the miscellaneous account.

ART. 26. *Voted*, To appropriate the sum of \$9,000 for hydrant rental, the ensuing year.

ART. 27. *Voted*, To appropriate the sum of \$4,000 for the extension of water mains.

ART. 28. *Voted*, To appropriate the sum of \$8,700, all fines received at Library in 1907, and the dog tax of 1906, for the Public Library, the ensuing year,

ART. 29. *Voted*, To appropriate the sum of \$2,000 for the improvement of the Cemetery, the ensuing year.

ART. 30. *Voted*, To appropriate the sum of \$1,500 (this appropriation to include expenses of inspection for sewer connections) for the Health Department, the ensuing year.

ART. 31. *Voted*, To appropriate the sum of \$2,000 for collecting ashes and garbage, the ensuing year, and that in addition to the districts covered at present, there be included Adams Street and streets adjacent thereto, from the junction of Otis Street and Adams Street to Hutchinson Street, also Capen Street, Mattapan District, with the understanding that the land on which the refuse is dumped shall be kept in condition satisfactory to the Board of Selectmen.

ART. 32. *Voted*, To indefinitely postpone.

ART. 33. *Voted*, To indefinitely postpone.

ART. 34. *Voted*, To appropriate the sum of \$750 for the maintenance of the Sewer Department, the ensuing year.

ART. 35. *Voted*, To appropriate the sum of \$5,000 for the extension of the sewerage system, the ensuing year.

ART. 36. *Voted*, To appropriate the sum of \$1,500 for the use of the Tree Warden, to be expended in the care and planting of shade trees and destruction of insect pests injurious to trees.

ART. 37. *Voted*, To appropriate the sum of \$4,000 to be expended by the Tree Warden in the extermination of gypsy and brown-tail moths.

ART. 38. *Voted*, That the Town pay no salary to the Tree Warden.

On motion of C. S. Rackemann, Esq., *Voted*, That the thanks of the Town be given Nathaniel T. Kidder, Esq., for his long and faithful service (without compensation) as Tree Warden.

ART. 39. *Voted*, To appropriate the sum of \$100 for the general use of the Board of Park Commissioners, the ensuing year.

ART. 40. *Voted*, To appropriate the sum of \$100 to be expended by the Park Commissioners, in conjunction with the School Committee, in the improvement of school lots.

ART. 41. *Voted*, To appropriate the sum of \$900 for general uses of the Board of Assessors, the ensuing year, to be disbursed as follows: For plans and clerk hire, \$475. For list of copper stockholders, \$75. For copy of real estate transfers, and probate list, \$45. For telephones, \$100. For printing poll tax, \$90. For printing bills, \$35. For printing posters and advertising, \$30. Miscellaneous, \$50.

ART. 42. *Voted*, To appropriate the sum of \$200 to be expended by Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ART. 43. *Voted*, That the Town Treasurer be authorized, with the sanction and approval of the Selectmen, to borrow such sums of money as may be necessary for the Town's use, in anticipation of the taxes for the year 1907; the total amount not to exceed \$200,000, and that all sums so borrowed be made specifically payable from the taxes of the year 1907.

ART. 44. *Voted*, That the Collector of Taxes be authorized to use all means of collecting the taxes which a Town Treasurer, when appointed Collector, may use.

ART. 45. *Voted*, That the following list of Jurors, prepared and presented by the Selectmen, be accepted by the Town, viz:

Josiah Babcock, Charles H. Bearce, Joseph B. Blanchard, William C. Bronsdon, William Brophy, Thomas J. Byrnes, William A. Campbell, Bartlett Cates, Edmund J. Carpenter, William W. Chapman, Charles E. Churchill, William H. Clark, Edward J. Colgan, Joseph R. Davidson, Eugene Dodd, John Dugan, Joseph H. Duffy, John J. Dugan, Tappan Eagan, Edward J. Eaton, John A. Esterbrook, John C. Fairchild, Jere P. Fenno, Herbert M. Ferry, Walter N. Fish, George W. Field, Charles Flynn, Richard L. Freeman, Edward Gallagher, Lewis W. Gage, George B. Gardner, James Gibb, Thomas B. Gordon, Bradford O. Hamilton, Michael Hansbury, Joseph H. Hall, W. Newton Harlow, Horace B. Hussey, David A. Heffernan, George B. Hersey, Arthur A. Hibbard, Frederick H. Hird, Charles A. Hoffman, J. Porter Holmes, Alexander H. Kiskey, Horatio A. Lamb, Timothy M. Lennon, Robert A. Lewis, John Lobban, William A. Murray, Patrick F. Mahoney, James P. McKay, Peter McIntyre, Henry M. McCue, Harry McHugo, Timothy W. Melley, Lewis McHardy, George T. Nickerson, Richard H. Parker, George H. Partelow, Frank A. Rein, Murray Ruggles, B. G. A. Rosentwist, James Sangster, John Shields, John Shea, Arthur W. Tedcastle, Charles H. Thayer, Wallace C. Tucker, Washington I. Tuckerman, Arthur H. Tucker, Nathaniel J. Urquhart, Theodore S. Watson, Ellerton P. Whitney, Henry W. Vose.

ART. 46. *Voted*, To accept Morton Road, that portion running from West Side Road to Morton Terrace (formerly

Morton Place), and Morton Terrace (formerly Morton Place), as laid out by the Selectmen, as Town Ways.

ART. 47. *Voted*, To accept Tucker Street, running from Brush Hill Road to Blue Hill Avenue, as laid out by the Selectmen, as a Town Way.

ART. 48. *Voted*, To accept Artwell Street, running from Reedsdale Road to Randolph Avenue, as laid out by the Selectmen, as a Town Way.

ART. 49. *Voted*, To accept and allow an alteration of Brook Road, between Centre and Pleasant Streets, as laid out or altered by the Selectmen, and authorize the execution of conveyances necessary therefor.

ART. 50. *Voted*, That the portion of Brook Road, already laid out over the Metropolitan High Level Gravity Sewer, running from the westerly line of land of E. W. Bowditch to Pleasant Street, be constructed by the Town, in a similar manner as that already built between Canton and Randolph Avenues (about twenty feet in width), and in accordance with the established grades; and that the amount necessary for the construction be taken from the general highway appropriation.

ART. 51. *Voted*, To accept Spafford Road, running from Highland Street to Reedsdale Road, as laid out by the Selectmen, as a Town Way.

ART. 52. *Voted*, To accept Warren Avenue, running from Blue Hill Parkway to Thatcher Street, as laid out by the Selectmen, as a Town Way.

ART. 53. *Voted*, To accept Bunton Place, running from Brackett Street to land of F. E. Badger, as laid out by the Selectmen, as a Town Way.

ART. 54. *Voted*, To erect one electric light on Bunton Place, and that the sum of \$17.50 be appropriated therefor.

ART. 55. *Voted*, To indefinitely postpone.

ART. 56. *Voted*, To indefinitely postpone.

ART. 57. *Voted*, To authorize the Moderator to appoint a committee of three to consider the necessity of revising the By-Laws pertaining to the building of stables, and to report at the next annual meeting. Committee appointed: James S. Russell, Horace E. Ware, Arthur H. Tucker.

ART. 58. *Voted*, To authorize the Selectmen to employ counsel to represent the Town at hearings before committees of the General Court.

ART. 59. *Voted*, To amend the Town By-Laws, Chapter 3, Section 1, by adding a sentence thereto, so that the same shall read as follows:

“SECTION 1. The Warrant Committee shall, within two weeks after its appointment, meet at the call of the member thereof first named, for organization, by the choice of a Chairman and Secretary, and it shall meet thereafter from time to time as it may deem advisable. *It shall have power to fill vacancies in its number by vote, attested copy of which shall be sent by the Secretary to the Town Clerk.*”

On leave the following resolutions were presented:

Resolved, That the Town express upon its records its appreciation and sense of gratitude for the long and faithful service of Mr. John H. Emerson, its Collector of Taxes.

Resolved, That Mr. William B. Weston, having offered and being desirous to give to the Town of Milton a “Drinking Fountain” for man and beast, to be located at the junction of Randolph Avenue and Adams Street, that we request the Board of Selectmen to accept said fountain; and that the Selectmen are hereby requested to keep said fountain supplied with water during the warm months of the year, at their discretion.

WILLIAM H. KENNEDY, deceased March 2, 1907.

William H. Kennedy, a good citizen and a valuable Town officer, is lost to us and we wish to put on record our appreciation of his services, and express to his family our sympathy.

Resolved, That the thanks of the Town be extended to the Warrant Committee for the thoroughness, fairness, intelligence and ultimate value of the service of which Committee this Town fully appreciates.

Voted, That the thanks of the meeting be tendered Felix Rackemann, Esq., for the able and impartial manner in which he has conducted the business of the meeting as Moderator.

At 7 o'clock and 18 minutes P.M., *Voted*, To dissolve.

The foregoing meeting was opened at 7 o'clock A.M., by the Town Clerk, who proceeded to read the warrant.

Upon the conclusion of the reading of the third article, it was moved that the further reading of the warrant be dispensed with; said motion being unanimously carried, the further reading of the warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid, the total number of ballots cast was 1,014, of which 17 were cast by women voters for School Committee.

A true record.

Attest:

HENRY B. MARTIN,
Town Clerk.

Warrant Committee.

The following citizens were appointed by the Moderator of the foregoing meeting as a Warrant Committee for the ensuing year, in accordance with Chapter 2 of the Revised By-Laws, to wit:—

Roger Wolcott, Walter C. Kite, Maurice A. Duffy, George W. Nickerson, Charles C. Copeland, Andrew H. Ward, John A. Lee, John Shields, Charles S. Rackemann, Charles W. Whittier, Louis Harlow, Walter I. Mather, Winthrop L. Carpenter.

Notification of Town Officers.

MILTON, MARCH 12, 1907.

As per statute law of this Commonwealth, the Town Clerk this day made out his warrant and delivered it to Constable Timothy McDermott, requiring him within three days from the date hereof to summon all officers chosen, and not having qualified, to appear before the Town Clerk within seven days from the date of such notice, to qualify for their several offices: to be sworn where an oath is required, or to signify their refusal of said office. Also to signify their acceptance or refusal of said office to which they had been chosen, where no oath is required.

NOVEMBER MEETING.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet at the Town Hall in said Milton, on Tuesday, the Fifth Day of November next, that being the Tuesday after the first Monday in said November, at seven o'clock in the forenoon, then and there to bring in their ballots for Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all of and for the Commonwealth; Councillor for the Second District; Senator for the First Norfolk District; Representative in the General Court for the Fourth Norfolk District; District Attorney for the South-eastern District; Sheriff for the County of Norfolk; one County Commissioner, and two Associate Commissioners for the County of Norfolk; also to vote Yes or No on the following amendment to the Constitution:

“Shall the proposed amendment to the Constitution authorizing the Governor, with the consent of the Council, to remove justices of the peace and notaries public be approved and ratified?”

The polls may be closed at 4 o'clock P.M.

And you are directed to warn said inhabitants qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton at least fourteen days before the day of said meeting, and leaving printed copies hereof at the dwelling houses in said Town at least four days before the day of said meeting.

Hereof fail not, and make due return of this warrant, with your doings hereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton, this eighteenth day of October, nineteen hundred and seven.

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.
MILTON, Nov. 5, 1907.

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton, as therein directed, to meet at the Town Hall, in said Milton, upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

Given under our hands at Canton this fifteenth day of November, A.D. 1907.

WALTER AMES,
HENRY B. MARTIN,
Town Clerks of Canton and Milton.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON.

Per order of the Chairman of the Board of Selectmen, the Town Clerk has had a search made of the records for all votes passed by the Town, accepting "Acts of the Legislature," from the year 1860 to the year 1906, which are herewith printed as follows:

MARCH 19, 1866. *Voted*, To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted*, To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted*, To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted*, That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 1893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted*, That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the

same year, being "An Act Relative to the Election of Boards of Health in Towns."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted*, That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted*, That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted*, That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 3, 1902. *Voted*, That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted*, That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted*, To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted*, To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted*, To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted*, To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof

and in addition thereto, relative to the election of Overseers of the Poor.

MARCH 7, 1904. *Voted*, To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

MARCH 6, 1905. *Voted*, To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

JULY 21, 1905. *Voted*, To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and browntail moths.

Total.....		\$4,071 59
		6,983 59

Respectfully submitted,

GEORGE W. NICKERSON,

WM. W. CHURCHILL,

HERBERT B. TUCKER,

Assessors of Milton.

REPORT OF TRUSTEES OF CEMETERY.

To the Citizens of Milton:

The Trustees of the Cemetery submit the following report for the year ending December 31, 1907.

Your board, as well as the town, has met with a great loss the past year in the death of two of its members, Mr. William H. Kennedy and Mr. Amor L. Hollingsworth.

Mr. Kennedy's term of office expired March, 1907, and he had been nominated for a further term of five years. Two days before Town Meeting he was taken ill and died within a few hours. The town was greatly shocked to learn of his sudden death. Mr. Kennedy served on the board thirteen years and during that time was Secretary and Treasurer. He was greatly interested in all work in the Cemetery and carefully looked after the finances and records.

Mr. Hollingsworth was the senior member of the board, having been first elected in 1881, and has served continuously since that date. Up to two years since, when his health began to fail, no one of the Trustees was more constant in attending the meetings, and none more interested in the welfare of the Cemetery. Mr. Hollingsworth was consulted as to the retaining or removing of trees when laying out lots and avenues, a matter that at times requires much consideration, and his judgment was valuable.

It may not be out of place to mention that both Mr. Kennedy and Mr. Hollingsworth were born in Milton and lived their lives here.

For the long, honest and economical service rendered by them the town is greatly indebted to Mr. Hollingsworth and Mr. Kennedy.

Mr. Hollingsworth died October 4 last, and as his term of office expired March, 1908, your board did not think it neces-

sary to fill the vacancy until the next Town Meeting, when his successor will be elected for a term of five years.

The board organized for the year with Samuel Gannett as Chairman and J. Frank Pope as Secretary and Treasurer. Thomas W. Pond was appointed Superintendent.

Work as follows has been done: 36 foundations for monuments, headstones and markers built; one monument removed; 17 old headstones reset; 4 lots regraded and reseeded; 13 graves myrtled; 18 new lots laid out; a new avenue, running from Pansy Avenue to Pine Avenue, about 270 feet long and 14 feet wide, is nearly completed. This avenue has been built by Superintendent Pond with his regular men as he could spare them from their routine work a few days at a time. When the avenue is finished it will give us 20 new lots. One hundred and nine interments have been made; 20 lots taken by citizens; 7 single graves taken; 4 lots sold to non-residents; 6 lots taken under perpetual care.

We have expended quite an amount, as the Treasurers' report shows, for the extermination of the gypsy moths. We believe we are justified in this expenditure. As stated last year, we are indebted to Mr. N. T. Kidder for advice in this work and we shall continue it under his supervision. We ask for an appropriation of \$2,000 for the ensuing year.

SAMUEL GANNETT,
C. MINOT WELD,
J. FRANK POPE,
HENRY E. SHELDON,

Trustees.

REPORT OF TREASURER OF CEMETERY.

STATEMENT OF RECEIPTS AND EXPENDITURES BY THE TREASURER OF MILTON CEMETERY FOR THE YEAR 1907.

ENGINEERS' REPORT.

To the Honorable Board of Selectmen:

GENTLEMEN:—The Board of Engineers herewith presents its annual report.

The year 1907 has been a very quiet one. There have been few fires and these, with two exceptions, were discovered and extinguished before serious damage was done.

On January 11th, 1907, the State Inspector of Boilers was asked to inspect the boiler of the steam fire engine. This was not done, however, until March 20th. The Inspector then condemned the boiler and ordered that it should not again be used. As no appropriation was made at the last annual Town Meeting with which to repair the engine, we were obliged to call upon the Warrant Committee to furnish funds to enable us to do the work. It was deemed best to rebuild the entire machine. This was done at a total cost of \$2,600, of which \$2,300 will be paid from the contingent fund. The engine has been entirely overhauled and rebuilt, has been brought up to date, and is now as good for all practical purposes as a new engine, and should do its work without any extensive repairs for many years.

In our report of a year ago we stated that the chemical engine was rapidly deteriorating. We have had this machine carefully inspected again this year, and this inspection shows that the deterioration during the last twelve months has been very rapid and that the forward tank of the machine is no longer safe to use. It has, therefore, been put out of commission. It will be but a short time before the entire machine must be condemned. Some piece of apparatus should be purchased to take its place and this board favors an automobile combination wagon, but as yet knows of no machine it

would be willing to recommend. We advise that an appropriation be made at the coming Town Meeting to be used by the Board of Selectmen and the Board of Engineers sitting jointly, to purchase a piece of apparatus to take the place of the present chemical engine. It is self-evident that one piece of apparatus located in the center of the town that can travel at a high rate of speed, well manned by trained men, will be fully as, or more efficient, and much less expensive to maintain than several pieces of apparatus not well manned, yet to be housed and cared for.

Five new style fire-alarm boxes have been installed, replacing the same number of old boxes. There are left but three old-style boxes which we deem it now advisable to replace with new boxes.

There should be 500 feet of new hose purchased to replace old hose that is giving out. No hose has been purchased for five years.

The discipline of the department has been excellent. One man has been added to the permanent force, thereby enabling the permanent men to have one day off in ten, as against one day off in fifteen, as formerly. The members of the call force have performed their duties promptly and well.

In December, 1906, we hired a small piece of land directly in the rear of the East Milton Fire Station, and from the appropriation of 1906 we built a small, inexpensive wagon shed and purchased a heavy exercising or coal wagon which is kept in the shed. This exercising wagon fills a long-felt want.

One horse has been purchased to replace an old horse disposed of. Because of the high price of supplies during 1907 we have not had sufficient funds to enable us to keep up the Department buildings and equipment as well as we should like.

Milton has responded to 33 alarms in Boston and one in Quincy; Boston has responded to seven alarms in Milton.

We recommend the following appropriations:

For new fire-alarm boxes, \$300.

For new hose, \$500.

For care and maintenance of the department during the coming year, \$23,000.

Respectfully submitted,

GEORGE F. CHOATE,

ELLERTON P. WHITNEY,

Board of Engineers.

January 1, 1908.

REPORT OF THE BOARD OF HEALTH.

The Board of Health of the Town of Milton has the honor to present to the town its report for the year ending December 31, 1907.

The following appointments were made: Henry B. Martin, to be agent for signing burial permits; L. E. Young, to be inspector of plumbing and examiner of applicants for plumbers' licenses; B. F. Murray, to be deputy inspector of plumbing; Dr. A. W. Draper, to be agent for the Board of Health; S. A. Meagher was given a permit to carry on the business of rendering oil, tallow, etc.; Peter McIntyre to slaughter cattle and hogs for food; J. R. Lawrence, to empty vaults and cesspools.

The number of cases of contagious diseases reported to the Board of Health for the past three years has been as follows:

	1905.	1906.	1907.
Diphtheria	28	17	41
Measles	70	60	5
Scarlet Fever	16	15	15
Smallpox	0	0	0
Typhoid Fever	4	10	5
Tuberculosis	4	7	9
Cerebro Spinal Meningitis	0	0	1

Seventeen permits have been issued for sewer connections, in each case the Inspector of Plumbing having made the necessary examinations.

John R. Lawrence has cleaned out 120 cesspools and 47 vaults.

There have been 97 deaths in the town during the year, giving a death rate of 13.13 per thousand inhabitants.

	1905.	1906.	1907.
Number of deaths in Milton	80	94	97
Rate per thousand	11.34	13.05	13.13

The collection and disposal of garbage is everywhere a perplexing problem, and the question has been no more satisfactorily settled in Milton than elsewhere.

The collection of the garbage and ashes is under the control of the Selectmen, but as the Board of Health has had numerous complaints of the careless manner in which the work is often done, and of the disagreeable odors in the neighborhood of the piggery where the garbage is utilized, it is the duty of the board to abate any nuisance caused thereby. It is a difficult task to keep a piggery clean, but if it is not possible to prevent the odors arising from it being so disagreeable as to compel persons living in the neighborhood to keep their windows closed during hot weather, and to prevent their enjoying the out-of-door air, which should be uncontaminated, such piggery should be removed to a less thickly settled locality.

It is the opinion of the board that the collection of garbage and ashes should be under the control of the Board of Health, and not the Selectmen, as it is frequently a source of nuisance, which comes within the province of a health officer.

The condition of Pine Tree Brook has been investigated and several sources of contamination found between the Blue Hill Parkway and Turner's ice pond. It is the opinion of the board that in the near future this part of the brook should be deepened, and the sides be bordered by stone walls, as the most rational method of controlling the brook and preventing its pollution.

There is considerable odor arising in connection with Meagher's soap factory, although everything possible is done to prevent it. The source of the odor is the water from the boiling of the material used, which is now run out on the land, as the only means of disposing of it. It is advised by

the board that a sewer be built through Houston Avenue, which has many houses on it, and that this water from Meagher's factory be emptied into it.

Considerable attention has been given to the investigation of all places where milk is produced for public sale, and it was found that in many of them the regulations of the board were not followed.

These regulations relate almost entirely to cleanliness, and are in conformity to those of the State Board of Health.

The souring and spoiling of milk is due to germs, which multiply very rapidly under conditions favorable to it.

Heat is the chief cause for this rapid increase in the number of germs, therefore milk should be cooled immediately after it is drawn from the cow, to a temperature of 50 degrees and kept at that temperature: thereby preventing further development of germs, and the spoiling of the milk caused by them. Although it is impossible to produce milk absolutely free from germs, the greater the cleanliness the fewer the number of germs which get into the milk in the first place. For this reason, barns should be kept as clean as possible, as well as the persons of those who do the milking or handle the utensils, bottles and cans. It is well to remember that bottles and cans should be rinsed in cold water first, and then in hot water.

In order that a more satisfactory supervision can be kept over the production and sale of milk, it is advisable that all persons selling milk should be licensed, as is done in Boston and the neighboring towns, and that an inspector should be appointed, whose duties should be to grant licenses, and to see that milk is kept at the proper standard.

During the past year, Boston has refused licenses to some Milton milk producers, because their premises were not sufficiently clean.

Yet there is no way now of preventing these same producers from selling their milk in Milton, or of Boston dealers disposing of a poorer quality of milk in Milton than they could in

Boston. It is urgently recommended that a milk inspector be appointed by the Selectmen, as they have the authority to do, according to the Revised Laws, Chapter 56, Section 51.

The crusade against tuberculosis has not been vigorously pushed, as there are apparently few cases in the town. It is a reportable disease, so the board should have knowledge of all the cases that develop.

In case of the death or removal of a person with tuberculosis the premises are fumigated before being again occupied.

Although it is well known, too much stress cannot be laid on the fact that the chief element of danger is in the sputum, which, by becoming dry and powdered, mixes with the dust, and may be inhaled, and produce the disease in others. In order to avoid this, all sputum should be expectorated into papers and burned. This is the only disposition that should be made of it; it should not be expectorated into handkerchiefs, as washing does not destroy the germs; nor should it be thrown into vaults or waterclosets, as from them it may get again into the air.

Another fact to be impressed on the public mind is that there is no danger to tuberculous persons from fresh air, whether it be wet or dry, night or day; but on the contrary fresh air is the most important weapon with which to combat the disease.

A person who has had a cough for a long time, whether he feels sick or not, should consult a physician in regard to it.

According to recent legislation, persons who are ill with tuberculosis, and in need of public assistance, are to be cared for by Boards of Health, as is done in cases of other contagious diseases, and not by Overseers of the Poor as heretofore.

The reason for this change is in order that persons with tuberculosis may not become pauperized because they have to be cared for at public expense, any more than if they had

scarlet fever, diphtheria, or any other disease dangerous to public health.

On account of this the appropriation for the Board of Health will necessarily have to be increased.

REPORT OF THE INSPECTOR OF PLUMBING.

To the Honorable Board of Health:

GENTLEMEN:—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1907.

One hundred forty-three permits to perform plumbing work have been issued on application, the valuation of this work being, approximately, twenty-eight thousand, six hundred fifty dollars (\$28,650).

Six plumbers renewed their licenses in Milton.

Eleven plumbers from other towns and cities registered at this office.

Sixteen buildings were examined regarding drainage and ventilation work therein, before being connected with the town sewers, and necessary improvements ordered in several cases.

Respectfully submitted,

LORENZO E. YOUNG,

Inspector of Plumbing.

REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my annual report for the year ending December 31, 1907. Seventy-two applications have been made for alterations, additions and new buildings, and seventy-two permits have been issued and granted for same.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT.

Months.	Permits issued for Wooden Buildings.	Permits issued for Stone and Brick Buildings.	Value of Work. by application.
January	2		\$3,200 00
February		2	10,700 00
March	9		17,775 00
April	10		10,880 00
May	5		9,600 00
June	9		14,150 00
July	9	1	68,300 00
August	3		3,300 00
September	4		7,300 00

November	6	2	18,680 00
December	4	2	14,600 00
Totals	65	7	\$198,085 00

Making the valuation of the work completed and to be completed, one hundred ninety-eight thousand, eighty-five dollars (\$198,085).

Office hours of the department, 7.30 to 9 P.M., Tuesday and Thursday.

Respectfully submitted,

G. E. BURT,

Inspector.

REPORT OF THE INSPECTOR OF CATTLE.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my report for the year ending December 31, 1907.

I have, during this past year personally inspected one hundred twenty-one stables on one hundred sixteen premises where cattle are kept, all of which I found in good sanitary condition and meeting requirements in regard to size, light, ventilation, cleanliness and water supplies.

I have given a physical examination to seven hundred sixty-six cows, sixteen bulls, forty-seven sheep, and two hundred forty swine, all of which I consider free from contagious diseases and in healthy condition.

I also examined three cows which were tuberculous and four dogs which had rabies, all of which were killed per order of the Cattle Bureau of the State Board of Agriculture.

Besides this I have inspected and stamped carcasses slaughtered in town for market.

Respectfully submitted,

JAMES SPENCER.

REPORT OF THE INSPECTOR OF WIRES.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith present the report of this department for the year ending December 31, 1907.

INTERIOR WIRING.

The interior wiring of 72 buildings for the installation of light and power was inspected, requiring 190 visits. Seventy-eight permits were granted the Edison Electric Illuminating Company to supply service.

OVERHEAD CONSTRUCTION.

But few changes have been made in the pole lines during the past year. They are in very satisfactory condition.

There is a large amount of old wire of the Edison Company in very poor condition that should be renewed. Their attention has been called to the existing conditions, but up to the present time no notice has been taken by them of repeated warnings.

I desire to call your attention to my last year's report in regard to renewing the old iron wires belonging to the town, believing this to be a most important matter. I renew my recommendations of last year that an appropriation be made for this work. For the purchase of materials, for repair work, and for the renewal of fire and police wires, I recommend an appropriation of fifteen hundred dollars (\$1,500).

Respectfully submitted,

GEO. F. CHOATE,
Inspector of Wires.

REPORT OF THE PARK COMMISSIONERS FOR 1907.

To the Citizens of Milton:

This year East Milton Playground has been gone over more carefully than for several years, the gray birches having become rather too abundant in parts of the grounds. More gravel has been sold from the pit than for some time. We understand that there will be an article in the March Meeting Warrant, asking that the town transfer from the School Committee to the Park Commission the land on which stood the old public school at East Milton. As the playground runs along the side and back of this land it seems to us desirable that this transfer be made, especially as the balance at present to the credit of the playground would more than cover any expenses necessary to fill the old cellar and otherwise put the ground in order.

A new row of oak trees was planted at Brook Road Playground under circumstances as favorable as they could be made. That is, good manure was put as a mulch around each tree, and the planter agreed to replace without charge any which should be dead at the end of a year. The severe drought of the summer makes it more than likely that several will have to be replaced. The soil is here very poor.

Waterside Common was furnished with a "back-stop" at the suggestion of the Rev. Mr. Hazard, who indeed attended to all the details, the town assuming the expense.

Dollar Lane Playground has been put into fair condition, both as to the main field where games would be played, and the Canton Avenue end. The old waterway across the field, running as it did only for a short time after heavy rain or thaw, made this rather difficult. Two large pipes have been laid, which it is hoped will carry the water away without

damage. The expense of all the work here under our guidance up to the present has been met by the Trustees of the "Cunningham Fund." The Blue Hill Avenue end is still in very rough shape, but we hope to improve this gradually. We do not anticipate any material outlay for the present.

With the appropriation made for the improvement of school lots we have dug out portions of the gravelly soil at Belcher School and put back good loam in which to plant shrubbery next spring. We have also trimmed the trees at Thacher School, and removed two or three which were too near the building or had become weak from age.

We ask again for one hundred dollars (\$100) for the general work of the department and one hundred dollars (\$100) for the work on the school lots, which work is subject to the approval of the School Committee.

Respectfully submitted,

NATHANIEL T. KIDDER,

HORATIO A. LAMB,

CHAS. E. ROGERSON,

Board of Park Commissioners, Town of Milton.

Milton, Jan. 1, 1908.

POLICE DEPARTMENT.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1907.

STOLEN PROPERTY.

Amount reported stolen	\$892 00
Amount recovered	310 00

CRIME.

No assaults of a serious character have occurred in the town the past year. There were two cases of house-breaking, and two shops entered. One of the houses was entered between seven and ten o'clock at night while the folks were out. When we consider the size of our town and surroundings, we wonder we have been as fortunate as we are, knowing what has happened in cities and towns adjoining us.

THE FORCE.

The conduct and discipline of the Force has, in the main, been excellent, and all calls for extra service have been cheerfully complied with, and I thank them collectively and individually for their loyal co-operation.

AUTOMOBILES.

On account of numerous complaints to the Board of Selectmen about automobiles being operated at an excessive rate of speed throughout the town, by their orders I bought a

motorcycle and detailed Officer Fallon to ride it, and since October 1st he has arrested eighteen and got convictions in every case. So the machine has paid for itself in the two months that it has been in service. I consider that it is very dangerous riding the machine on our streets. I would recommend the purchase of a Stanley Steam Car, which can be used at any time of year. We cannot use the motorcycle at the present time on account of the cold weather—with the high power cars they are now manufacturing a motorcycle could not catch them—the best a motorcycle can do on the street is forty miles an hour while some of the automobiles go sixty miles an hour, and care for no one.

In conclusion, allow me to extend to your Honorable Board my sincere thanks for the many courtesies rendered and advice given during the year; also to many citizens for valuable information received.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR.

The Board of Overseers of the Poor has the honor to submit its annual report for the year 1907.

TOWN FARM.

The care of the Farm and the inmates has continued in the charge of Mr. and Mrs. Calvin H. Sanford as Superintendent and Matron. The average number of inmates has been a small fraction less than last year. Ellen Crane died August 20, having been an inmate since 1865.

The quarters for the women inmates (in the main building) are excellent and are now occupied nearly to their full capacity. By cutting one of the larger chambers into two rooms, a slight improvement has been effected. The exterior of each of the different buildings has been put in order and painted during the year.

The men's dormitory as at present arranged, is filled to about its full capacity. The accommodations for the men, especially for men sick or in feeble health, are not suitable or adequate for the purpose, and some improvement should be made by which food and care may be properly provided for such cases.

The dormitory is a separate building, without cellar or sufficient heat or any arrangement for cooking or caring for the sick.

The inmates requiring the greatest care are those enfeebled with age, and affected with incurable disease, needing the constant care of some competent person.

For these no hospital or home is open. There is no place but the almshouse which will receive them. They, with others equally hard to place elsewhere, constitute the class which makes it necessary to maintain an almshouse, and to maintain it somewhat on the methods of a hospital. It is evident that

some improvement must soon be made by which feeble and sick men can be better cared for.

The custom of the past few years, of providing occasional simple entertainments for the inmates, has been continued, and has afforded much pleasure and benefit.

The Town Farm contains about thirty-five acres of rolling surface, about two-thirds of which is covered with tree growth varying in age from ten to thirty years. The inspection and protection of this area against infestation by insect pests is included by the Tree Warden in his care of town property.

The net cost of maintaining the Town Farm for the year has been \$3,574.15. This includes \$386.50 expended for permanent improvements, and \$350.06 for extraordinary repairs, making a total of \$736.56 for unusual expenditures. This sum is not included in ascertaining the per capita cost.

OUTSIDE POOR.

The policy and methods for the help of persons in need of aid adopted by the Overseers four years ago, have been continued through the year with good results. Mr. Albert Rounseville has continued, as agent of the board, in charge of all cases outside the Almshouse. It is his duty to investigate

and determine the legal settlement of all persons applying for relief or reported to the board by other cities and towns in the State, also to determine the settlement of all cases reported by the local Board of Health. He visits, frequently as each case requires, all persons receiving direct aid from the board, and makes a written weekly report of his work. He is present at all meetings of the board, attends to the records and correspondence, and reports at the meetings of the board fully regarding all cases, so that the board may determine what action shall be taken.

It has been the purpose of the board to assist each person asking for aid, to help himself, by aiding him to find employment suited to his ability, or to interest others in his misfortune, who will give temporary aid until such time as he can again be fully self-supporting. If either of these two plans be possible, kindly disposed persons have the opportunity to aid the unfortunate, who will otherwise be exposed to the peculiarly degrading influence upon his character, brought about by public pauperization. The board is pleased to report that during the year two households, which had unfortunately come to want through no fault of their own, have been wholly assumed by benevolent organizations. The first was taken in charge by the Associated Charities of Boston, the second by the Social Service Committee of the Woman's Club of Milton. That this work is so successfully undertaken by the Social Service Committee is cause for congratulation, as it is a good beginning in a good work, the opportunities for which will widen as years go on. A still further step in the right direction will be taken when a consolidation of all charitable and benevolent work is effected in Milton, whereby one central bureau can have information regarding all cases of need, and all aid given, thus securing a more intelligent distribution of relief, and preventing excesses, such as four or five turkeys at Thanksgiving to one family, from as many kindly disposed persons, each ignorant of the other's gift.

The board will welcome any suggestions or inquiries, and will receive applications or complaints at any time, or at its regular meeting held at the Town Hall at 7.30 P.M. on the Thursday after the first Wednesday of each month.

The board recommends the appropriation by the town for the ensuing year of \$6,500, together with sums received from sales at the Town Farm, and all reimbursements for aid rendered.

MILTON, MASS., Jan. 1, 1908.

THIRTY-SEVENTH ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

In presenting their annual report, the Trustees of the Milton Public Library would first mention the loss the Library and the entire town have sustained in the death of Mr. Amor L. Hollingsworth. Appropriate resolutions were passed at the time, were spread upon the records of the board, printed in the *Milton Record*, and sent to Mr. Hollingsworth's family. But again the Trustees would express their sense of loss they have sustained in parting with their associate of many years.

In accordance with the Massachusetts laws for Trustees of town libraries (see Revised Laws, Chapter 11, Section 361), the vacancy on the board caused by Mr. Hollingsworth's death was filled by the joint action of the Trustees of the Library and the Selectmen of the town in electing Mr. Harry K. White to the unexpired term. A reorganization of the board, therefore, became necessary. Mr. Kidder resigned as treasurer and Mr. Rogerson was elected in his place and took office, November 18, 1907. Mr. Kidder was elected chairman.

The Trustees have the pleasure to report a generous gift of \$500.46 from the Milton Woman's Club, which has been permanently invested under the name of "The Milton Woman's Club Fund," the income to be expended for the Children's Room.

The Library has also received books from the Maxwell estate, and such books as were not needed by the Library were sold, and the receipts, though small, were constituted into a permanent fund.

The Trustees wish to commend to the citizens of the town a perusal of the report of the Librarian. The increase in

the usefulness of the Library during the past eight years is as remarkable as it is gratifying.

REPORT OF THE LIBRARIAN

MILTON, MASS., January 1, 1908.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1907.

In making my report for this year, I have taken as a basis of comparison the statistics for the year ending December 31, 1899, and have outlined the growth of the Library in its various departments during the eight years of the present administration.

December 31, 1899, it was estimated that there were in the Library about 12,000 volumes. The circulation for that year was 19,168, of which number 508 were sent to the schools, 3,426 to East Milton, and 682 to Russell Reading Room.

At that time there were no books on deposit at the branches, the branch service being limited to a weekly delivery from the Central Library. The number of books allowed the teachers was limited to one book to every two pupils in the high and grammar schools, and one book to every three pupils in the primary schools. No child under the age of fourteen years was allowed to take out books, and with few exceptions, no person was allowed more than one book at a time.

Section 10 of Article 2 of the old By-Laws reads: "Persons visiting the Library will be required to deport themselves quietly, and to avoid all unnecessary conversation. No persons except the Librarian and the Trustees shall be allowed to take books from the shelves. The only persons allowed to come within the railing of the division where the books are kept are: 1st, the Librarian, and such persons as may be assisting the Librarian. 2d, the Trustees, and visitors personally conducted by one of them. 3d, Librarians or

managers of other libraries who may wish, for some good reason, to inspect the Library." Gradually these restrictions have been removed, until at present the Library is more concerned with what a person may do than with what he may not do.

The Library has been reclassified according to the Dewey decimal system; it has also been recatalogued, which has necessitated writing, reading proof for, sorting, and filing some 75,000 cards. During the eight years the total number of volumes which have been catalogued has been 19,894.

In addition to the weekly delivery from Central, there are on deposit at each branch from 200 to 400 books, some of which are changed each month, and which may be taken from the branch in the regular way.

No limit is placed on the number of books allowed each teacher except that of the resources of the Library. There is no age limit; no child is too young to be welcomed. All persons are allowed as many books as they may need at one time, with the exception of new fiction, which is limited to one book. The stacks are open to all persons visiting the Library.

We now have a complete system of registration, so that each borrower can be traced both by his name and by the registration number assigned to him. We have also an exact record of all additions to the Library, so that we can tell at any time either the total number of volumes in the Library, or the total number in any one class.

There is a careful system of tracing books loaned to families in which there is contagious disease, to insure proper fumigation by the Board of Health before the books are returned to circulation. In the case of virulent diseases the books are burned. The Library is indebted to the Board of Health for its willing co-operation.

The schools and the Library are in close affiliation. The children's librarian regularly consults with the teachers as to their needs for supplementary reading. Much more work

could be done with the schools if the Library had a sufficient number of books to supply all of their needs.

Bulletins of new books are printed quarterly; these bulletins contain also items of interest concerning the Library, and at times lists of books on special subjects. Two editions of the Rules and regulations have been printed during the past eight years, and a Manual for the Trustees has just been issued. For two years a list of books suitable for Christmas gifts to children has been printed and the books themselves have been on exhibition in the children's room.

A succession of exhibits has been held in the art room, such exhibits including collections of photographs and paintings.

Frequent meetings of the staff are held so that assistants shall keep in touch with all parts of the work. Regular meetings of the branch assistants are held once a month. At these meetings the problems of the different branches are discussed and plans for increasing the service are evolved. At the end of the year each branch assistant hands to the Librarian a written report of the work of her particular branch.

These reports show the following increases for the year:

	ATTENDANCE		CIRCULATION	
	1906	1907	1906	1907
East Milton	14,683	14,661	13,579	14,757
Mattapan	11,520	12,610	10,836	10,917
Russell	923	1,304	1,570	1,752

Both Miss Babcock and Miss Vose make strong pleas for more books, saying that the supply is not equal to the demand.

The village branch was closed May 1, 1907. The Trustees were compelled to take this step because the room was used so little that the cost of maintenance was out of all proportion to the service rendered.

There have been two changes in the staff. Miss Ella F. Neill resigned her position April 1; and Miss Julia C. Knowlton resigned October 5, to accept a position in the library school of the University of Syracuse, New York.

The Library received from the estate of Miss Elizabeth B. Maxwell 468 volumes, pamphlets and numbers, and two pictures of the ship *Clarissa*, owned by Captain John Mansfield, an uncle of Miss Maxwell's; it has also received from other sources 1,336 miscellaneous gifts, among them a framed print of Washington, signed Amos Doolittle, New Haven, March 1, 1794, the gift of Mrs. Frances C. Wainwright.

There have been during the year 331 new registrations, making the total number of card holders to date 2,807.

The total attendance for the year has been 50,750; at Central 22,175; East Milton 14,661; Mattapan 12,610; Russell Reading Room 1,304. It is interesting to note that the increase at the Central Library alone has been 1,293.

The circulation has increased from 60,329 in 1906 to 63,955. The appendices give detailed statistics of the various departments.

The work of the children's room deserves special mention. Last year the attendance of the room was 8,007; this year it was 10,173. The circulation for 1906 was 7,497; for 1907, 8,685, an increase of 1,188. In 1906, 3,671 books were circulated from the schools; in 1907 the number so circulated was 4,283.

To sum up the growth of the whole Library for the eight years, December 31, 1899, the Central Library was open 45 hours a week; to-day it is open 60 hours a week during six months of the year, and 65 hours a week during the other six months, the latter including Sunday time. The branch hours remain the same.

In 1899 there were in the Library about 12,000 volumes; to-day there are 19,043. The circulation for the year ending December 31, 1899, was 19,168; the circulation for the year just ended was 63,955. The total increase in circulation for the eight years has been 44,787, an increase per capita from 2.9 to 9.*

*Based on State census for 1905.

It is sometimes said that the Library is expensive. It is true that the expenses have increased from 32 4/13 cents per capita in 1899, to \$1.44 per capita in 1907, but the circulation of books has increased from 2.9 per capita to 9 per capita; furthermore the expenses in 1899 are no more to be compared with the present expenses than the cost of maintaining one of our well equipped and carefully organized schools here in Milton.

In addition to the running expenses of 1899, we now have the expense of an extra branch, of a house-to-house delivery system, of more frequent deliveries to branches and deposit stations; of the increased salary for the Librarian; of salary for four assistants; of a janitor who is on duty for full time; of extra lighting and heating which more than offset the amount paid for rent, and of a much larger expenditure for books.

If, however, with the increase of expenditures there follows a corresponding increase in the quantity and quality of the work done, is the money not profitably expended?

The ideal library in any town should be a social and a civic centre, and if it lives up to this ideal, it is making an important contribution to the town along the lines of good citizenship.

Respectfully submitted,

GERTRUDE E. FORREST,

Librarian.

REPORT OF THE SELECTMEN.

The Board of Selectmen hereby submits its seventy-first annual report.

At the time of the closing of the books, January 3, the balances of the various departments were found to be satisfactory, and will be ample for the remainder of the year, under normal conditions. Two transfers have been made from the Contingent Fund: one to the Interest Account, because of the high money rates which have prevailed during the year, and the other to the Tree Warden's Account, because of the increased spread of the gypsy and brown tail moths. Another transfer will be made to the Fire Department, because of repairs made upon the steam boiler, which was condemned shortly after the last Town Meeting. This has been paid from the regular appropriation of the Fire Department, and it is necessary to refund it.

At the beginning of the year it was deemed advisable to re-audit the accounts of the Tax Collector, as a new collector was about to assume control of that department. This work was done to the satisfaction of the Selectmen and without expense to the town.

One of the most important questions before the town at the present time is that of the preservation of the highways from the wear and tear of automobile traffic, and early in the year the Selectmen visited several towns for the purpose of studying this question. After careful consideration, it was decided that the method of treating the streets, especially macadam surfaces, with an emulsion of light petroleum oil and soap, was the best to pursue, and this method has been put into operation during the past summer. Although the

nature of the work has been wholly experimental, the results have been, in the main, satisfactory, and we advise its continuance during the coming year.

The question of suitable material for highway construction and maintenance becomes more and more serious as time goes on. The lease of the gravel pit at East Milton expires this year, and we recommend that it be renewed, if possible. We also strongly advise securing control of the ledge opposite the stone crusher on Blue Hill Avenue, where there is, probably, ten years' supply of suitable stone for macadam road building.

There is at present \$3,500 to the credit of the town on the books of the county, payable at the satisfactory completion of that unfinished part of Randolph Avenue from the foot of Tucker's Hill to the Quincy line. The conditions, especially on the hill, require attention, in our opinion, and we would suggest that a small appropriation be made yearly until this work is completed.

The work of the different public service corporations and of the various town departments within the highway limits having increased very materially during the past few years, we are of the opinion that the establishing of the office of a Town Engineer, to procure more uniform co-operation, is a step in the right direction, and should be taken under consideration by the town without delay.

During the year the question of the speed of automobiles over our highways has constantly arisen, and to combat this a motorcycle was procured, and a police officer detailed to regulate the matter. The general effect has been good, and although there is opportunity for improvement, we feel that the average speed has been materially reduced. During the year we have closed Harland and Forest Streets to automobiles, believing that public safety demanded it.

Three years ago the town entered into a five-year contract

with the Edison Electric Illuminating Company on a so-called "moonlight schedule" basis, and although we are getting an equivalent for what is appropriated, there is constant complaint that at times the streets are inadequately lighted. We have given attention to this matter and have tried several experiments, in an endeavor to get more satisfactory results, but have finally decided that the matter can best be adjusted by discontinuing the present system and renewing on an "all night schedule" basis. This will insure proper lighting from one half hour after sunset until one half hour before sunrise, every night throughout the year, but the fact that it will require an added appropriation of about \$3,000 should be considered.

The collection of ashes and garbage is a matter that has been more or less unsatisfactory since its inception, the question being raised as to whether the subject, which is largely of a sanitary nature, does not properly come within the sphere of the Board of Health, and, further, as to the legality of the whole matter, because of the fact that the appropriation is raised in the general tax levy and devoted to a specified section and not to the whole town. We believe that at no distant date the question should be thoroughly investigated, with especial attention to the territory to be covered, and the methods to be employed in carrying on the work, whether by the town, or by private individuals, as at present.

The tax rate was again slightly reduced during the year, and, with no extraordinary expenditures confronting us, we trust that there may be a continued reduction.

Thirty-two thousand, five hundred dollars (\$32,500) of the bonded indebtedness has been paid this year, leaving the balance at the present time \$349,500.

There has been no change in the management of the various departments during the year, and we desire to commend the

hearty spirit of co-operation which has tended toward the general welfare of the town...

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,
Selectmen of Milton.

REPORT OF THE SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the annual report of the Street Department for the year 1907.

During the month of April the usual street cleaning and light repair work was done. This work increases each year, and consequently requires more expense and time.

Canton Avenue, from Holmes Lane to the front entrance to the Russell estate, was regraded, widened and resurfaced with crushed stone.

Brush Hill Road, from Brook Road to a point beyond Cheever Street, was resurfaced with crushed stone. This street was repaired in many places with gravel and crushed stone.

Sections of Canton Avenue near the Hemenway and Eustis estates were resurfaced with broken stone.

Blue Hill Avenue was repaired in many places. The Hill near Atherton Street was dug out and rebuilt with stone and gravel.

Harland Street was repaired with gravel and put in very good condition.

Hillside Street was repaired with broken stone and gravel in many places between Randolph Avenue and the Metropolitan Park line.

Randolph Avenue from the foot of Tucker's Hill to Highland Street was widened and resurfaced with broken stone. The stone culverts on this street were extended to the street line. Many trees and much underbrush were cut and cleared away, making quite an improvement in the appearance of this street.

Centre Street near Adams, was regraded and repaired with gravel.

Adams Street, from Algerine corner to Edge Hill Road, was regraded and resurfaced with crushed stone. Much gravel taken off the street was used for surfacing Brook Road.

Brook Road, from Adams Street to Pleasant Street, was graded to the established grade and surfaced with gravel.

Granite Avenue, near the railroad crossing, was rebuilt and surfaced with crushed stone.

Willard Street was repaired with crushed stone.

Huntington Road was gravelled to the end. This street is now in very good condition.

Artwill Street was gravelled the entire length.

Warren Avenue had much repair work done upon it.

Blue Hill Terrace Street was extended to Blue Hill Avenue.

Tucker Street was gravelled its entire length.

Many other streets in different sections of the town were repaired with gravel and crushed stone.

DRAINS.

A surface drain was laid in Randolph Avenue from Centre Street to the culvert at the bottom of the hill.

This work did away with the paved gutters across Centre Street at Randolph Avenue, which had become a nuisance to the travelling public.

A similar drain was laid on Randolph Avenue where Brook Road crosses.

A stone drain was laid on the hill on Canton Avenue near Elm Street.

Catch basins were built and connected with these drains.

All the drains and catch basins throughout the town were properly taken care of and cleaned.

SIDEWALKS.

The only permanent sidewalk laid this year was on Adams Street, from Squantum Street to Mr. Bowditch's estate.

Gravel sidewalks were built on Highland, Robbins and Thacher streets.

Many old sidewalks were repaired with gravel and stone dust.

STREET WATERING.

This work was carried on in practically the same manner as the preceding year. Sprinkling the streets with oil was tried with good success in different parts of the town.

ICE AND SNOW.

This work is done in the same manner each year, and depends largely on the weather conditions.

REMARKS.

Many of our gravel roads become very soft from the action of the frost during the winter season. This easily shows that macadam roads are much better and more economical, and should be built rather than gravel.

Gravel should not be used to any extent on any main road.

In certain parts of the town, where the soil is naturally very wet, stone drains should be laid, in order that the road surface might be free from spring water.

This drain work is very essential to keeping the road surface dry and hard.

Each year many drains and catch basins have to be built to care for surface water, which otherwise would become a nuisance to property owners.

This work is quite expensive and requires much attention.

The street watering question is one that is receiving the attention of road authorities and experts of the cities and towns around Boston at present, and three treatments have been tried with success, viz., sprinkling the streets with oil emulsion, a solution of calcium chloride and water, and treating the surface of a street with tarvia when hot.

These different treatments have been found successful, and should be adopted as much as possible for the benefit of our streets.

All authorities are in accord that sprinkling streets with water is no longer the proper treatment for the dust nuisance.

In concluding this report I most respectfully tender your honorable board my sincere thanks for your suggestions and assistance, to the citizens of the town for their appreciation of the work done, and to the employees of the Street Department for their work in general.

**INVENTORY OF STOCK AND TOOLS IN THE HIGHWAY
DEPARTMENT, DECEMBER 31, 1907.**

Stable and sheds	\$4,000 00

	\$16,725 00

Respectfully submitted,

EDWARD A. McCUE,

Superintendent of Streets.

REPORT OF SEWER COMMISSIONERS.

The Board of Sewer Commissioners begs to report as follows, touching the work of the Sewer Department during the year 1907:

During the year the sewer in West Side Road has been extended 250 feet.

In view of the small amount of construction work done during the year, an arrangement was made by which other departments of the town employed the services of the Department's Engineer, the expenses of the Sewer Department being slightly lessened thereby.

The betterments due the town on account of sewers which have been laid in 1907, amount to about \$370.

There have been sixteen buildings connected with the town sewers during the year.

Respectfully submitted,

FRANCIS R. HART,
CHARLES J. MITCHELL,
PHILIP M. REYNOLDS,
Sewer Commissioners.

REPORT OF THE TREE WARDEN.

To the Citizens of Milton:

As I have stated in previous reports the gypsy moth work has pushed the original duties of Tree Warden to one side, but nevertheless the general care of the trees must be attended to, and this year I have done more in that direction, though always with the gypsy moth situation in mind. In other words, I have been more severe in my roadside cutting than formerly seemed desirable. Harland Street is an illustration of this. On Brush Hill Road west of Paul's Bridge I cleared up only the densest tangles of vines and shrubbery and a space near each of the trees to allow for getting at them to burlap. This may answer for the present, but I fear that more vigorous cutting will prove necessary. Green Street, Milton Street and Squantum Street were also cleared up. Much scattered work was done, and in the autumn a heavy wind did much damage at and near the junction of Canton Avenue and Harland Street. The street work resulting from this, augmented as it was by a considerable call for private work, coming so late in the year when the appropriation was low, made it necessary to call on the Warrant Committee for a transfer from the Contingent Fund, and two hundred fifty dollars (\$250) was so transferred.

Under the head of the general Tree Warden work I have kept the work on all insects other than gypsy and brown tail moths, though of course spraying for one insect which feeds on foliage is equally efficacious with other insects of like habits. The spraying of the town trees for canker-worms and elm leaf beetles was this year done by Cortez H. Wood, who also did a great deal of work on private estates. I was very well satisfied with his work for the town, but have not yet received

his bid for another season's spraying. I advise every one who intends to let a contract for spraying to attend to the matter at once, so that arrangements may be made in advance. Any contractor should have a chance to provide apparatus in proportion to the amount he has to do.

Often I have been asked why gypsy moths are worse than elm leaf beetles or canker-worms. There are two chief reasons: gypsy moths eat nearly any kind of plant, and so far very few enemies have developed of the gypsy moths in this country.

Last winter's deep snow made my work difficult and expensive. Every tree to be cut down had to be first dug around, and ground work was for weeks impossible. The hunting of nests went on all winter and into the spring, then trees were burlapped in every vicinity where gypsy moths had been detected. I advise that every one interested in land give attention to this matter of burlaps. A few burlaps in a given locality where the caterpillars are crawling will show if they are needed, and the number and area of trees burlapped may then be increased. Turn burlaps as often as possible if you find caterpillars under them and kill the caterpillars you find. It is better to take off and burn burlaps when winter comes. Study up this subject for yourselves; I could fill the whole Auditors' report with details, but that would not compare with practical experience.

Brown tail moths seem not to be very abundant, but the best time to look for them is when the ground is lightly covered with snow, and a hunt later may reveal more than we realize are here.

The gypsy and brown tail moth work for one year so closely resembles that of previous years that I have allowed myself to diverge from the lines of a definite report and give advice which I trust will be followed. I am always ready to explain any details or otherwise, so far as possible, aid those who want help on this subject.

For the general Tree Warden work I must again ask for two thousand dollars (\$2,000) and the receipts of the department. Last year the appropriation was fifteen hundred dollars (\$1,500) and the receipts, which proved insufficient.

For the gypsy and brown tail moths I must ask for five thousand dollars (\$5,000). The appropriation last year was four thousand dollars (\$4,000) and I had a balance from the Cunningham Trustees' award of the previous year of nearly two thousand dollars (\$2,000), making in all practically six thousand dollars (\$6,000). A careful study of the situation has brought me to the conclusion that I can do with the smaller sum, namely five thousand dollars (\$5,000).

Respectfully submitted,

NATHANIEL T. KIDDER.

REPORT OF THE WATER COMMISSIONERS FOR 1907.

To the Citizens of the Town of Milton:

The Water Commissioners respectfully submit the following report of their operations for the year 1907:

At the annual meeting in March, Robert F. Herrick was elected for the term of three years, to succeed himself as Commissioner.

At the same meeting an appropriation of \$4,000 was made for the extension of mains. To this sum we have been able to add an additional amount from our income, and the total has been expended as follows:

Hillside Street, 2,569 feet of 8-inch pipe, 46 feet of 6-inch pipe, 15 feet of 10-inch pipe, costing	\$5,234 32
Artwill Street, 273 feet of 4-inch pipe, 30 feet of 6-inch pipe, costing	499 38
Central Avenue, 951 feet of 6-inch pipe, costing	1,350 97
Clapp Street, 1,167 feet of 6-inch pipe, costing	1,496 65
Warren Avenue, 631 feet of 6-inch pipe, costing	905 78
*Winthrop Street, 170 feet of 4-inch pipe, costing	144 20
Dyer Avenue, 136 feet of 6-inch pipe, 354 feet of 4-inch pipe, costing	489 49
West Side Road, 40 feet of 6-inch pipe, 187 feet of 1½-inch pipe, costing	239 93
†Horton Place, 210 feet of 4-inch pipe, costing	222 42
Huntington Road, one hydrant, costing	50 58
New standpipes, costing	412 15
Total	<u>\$11,045 87</u>
*Charged to abutting owners	\$102 35
†Charged to abutting owners	124 80
	<u>\$227 15</u>
	<u>\$10,818 72</u>

During the year 13 hydrants have been added to the system, so that at present there are 301 in public streets and 16 on private land. The number of active services has been increased by 53, making a total of 1,285.

The receipts of the department from December 31, 1907, excluding service work, were:

From water takers	\$31,676 44
(An average of \$24.65 per service)	
*From street watering	1,366 05
Interest on deposits	139 52
From repairs and incidentals	1,316 04
A total revenue of	\$34,498 05
To this must be added hydrant service appropriation	9,000 00
Appropriation for extension of mains	4,000 00
Making available for the work of the department	\$47,498 05

*At the time of closing the account the further sum of \$1,734.36 was due from the town for street watering, etc., but these bills had not been paid. With this sum available, the total income would be \$49,232.41.

The expenses during the past year, excluding service work, were	\$12,666 10
Metropolitan water	14,532 00
Interest on 268 bonds	9,380 00
Construction	11,045 87
	\$47,623 97

NOTE.—A detailed report of expenditures will be printed elsewhere.

The following table is intended to show the cost to the town of its water system, and the payments which have been made on account of the water loan:

Amount paid for Milton Water Co.	\$199,608 35
Bonds of Milton Water Co. paid off	120,546 67
Appropriation for extension in 1903	4,000 00
Appropriation for extension in 1904	5,000 00
Appropriation for extension in 1905	4,000 00
Appropriation for extension in 1906	7,000 00
Appropriation for extension in 1907	4,000 00
Total	\$344,155 02

<i>Amount brought forward</i>		\$344,155 02
Less balance reverting in 1904	\$8,908 09	
Less balance reverting in 1906	220 59	
Less balance reverting in 1907	2,042 52	
		<hr/> \$11,171 20
		<hr/> \$332,983 82

11 bonds paid at maturity in each of the years 1903
to 1907 inclusive \$55,000 00

During the year the Scott's Woods extension has been carried along to a point where a water supply can be given the Houghton School on Hillside Street, and although the number of services supplied by this main has not been wholly satisfactory, the building of the extension has enabled owners of buildings in that district to secure fire insurance on their property.

At present the western part of the town is supplied with high pressure service, which comes to us on Metropolitan Avenue, at the Hyde Park line. A few long lines of pipe carry this service to the Canton line, but because of gaps at various places, if breaks occur on these lines, almost the whole service for that part of the town would be interrupted until repairs were made. This condition is both dangerous and unsatisfactory, and it is our desire to connect dead ends with pipe on Canton Avenue, near Mingo Hill, and also on Brush Hill Road west of Milton Street. We therefore ask the same appropriation for extension of mains which was given us last year—that is, \$4,000. This sum, together with funds contributed from the current revenues of the department, will, in our judgment, provide the necessary amount.

On April 1, 1908, it is our intention to reduce to \$14.00 the minimum charge for buildings having more than one fixture, and to \$7.00 the minimum charge for buildings with one fixture.

We estimate that the cost of running the department, purchasing water, paying interest on bonds, will amount during

the coming year to about \$37,000, and our receipts, if the hydrant service appropriation remains as in the past, should be about \$44,000. In a business of this kind, however, it is impossible to give more than approximate estimates, as unforeseen contingencies quickly affect both the receipts and the necessary expenditures.

CHARLES S. PIERCE,
ROBERT F. HERRICK,
THOMAS B. GORDON.

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED.

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

REPORT OF SCHOOL COMMITTEE.

To the Citizens of Milton:

In accordance with the requirements of the public statutes, the School Committee herewith submits its Annual Report for the year ending December 31, 1907. Our report is supplemented by the report of the Superintendent of Schools, and we especially recommend his report to you for careful study, as it gives important details of the year's work.

The enrollment for November, 1907, was 1446, as against 1436 for the same month in the year 1906. The percentage of attendance for the year, that is, the attendance compared with the enrollment, was about the same in 1907 as in 1906. While these figures show only a small increase in the number of pupils receiving instruction in our schools, yet the growth is steady and there has been an increase of 64 pupils in our school attendance since 1902. Our schoolrooms, especially in some of the larger buildings, are accommodating their full quota of children; in some instances the rooms are overcrowded, which is detrimental to effective teaching, and also does not give the best hygienic conditions. While your Committee does not ask at this time for an appropriation for enlarging the school buildings, yet we wish to have the fact clearly before you that in the near future it will be necessary either to erect a new school building, or make extensive additions to some of our present buildings.

GIFTS.

The School Committee takes this opportunity to record and to gratefully acknowledge the following gifts to the schools:

CONSOLIDATED SCHOOL.

Plaster bracket from graduating class of 1907.

Twenty-four lantern slides of North America from graduating class of 1907.

TUCKER SCHOOL.

Relief—"The Aurora," from graduating class of 1907.

Pictures—Henry W. Longfellow and "The Gleaners," from Dr. Anna C. Palmer.

Ten dozen china cups and saucers from the parents of the district.

SUMNER SCHOOL.

A large flag from Mr. James Tucker.

A Louisiana pelican from Mrs. Charles B. Amory.

BELCHER SCHOOL.

Picture—"Coliseum at Rome," from graduating class of 1907.

The Milton High School Scholarship in the Massachusetts Institute of Technology was awarded to Ralph S. Damon for the year 1907-08.

FINANCES.

By the appropriation made last March, your Committee was able to increase the salaries of many of the teachers, and adjust the salaries as a whole upon a more equitable basis. We wish the citizens, however, to know that other towns besides Milton have during the past year increased the salaries of their teachers, and that our salary list ranks very little higher, comparatively speaking, than it did a year ago. As will be seen by the Superintendent's report, our changes in the teaching staff were slightly greater than in 1906. The tendency throughout Massachusetts to increase the salaries paid to teachers must necessarily before long bring again to the

citizens of the town the question of a substantial increase for the teaching force in our schools. The Committee, however, does not believe this to be a necessity for the coming year, although we hope a sufficient appropriation will be made by the town to allow some increase in special cases.

During 1907 we spent over \$3,000 in the maintenance and repairs of our school buildings. This figure does not include the changes in the sanitary conditions at the Sumner and Thacher Schools. While this repair and maintenance expense was large compared with the average of the past five years, yet there still remains much to be done. It is the common experience of all persons having the care of property that it is no economy to allow buildings to deteriorate; the cost in the end is greater than if the buildings were properly repaired each year, and we intend, if sufficient money be appropriated, to make still more extensive repairs and improvements on the school buildings during 1908.

By special appropriation last March, the Committee was given \$5,000 to complete the sanitary improvements in the Sumner and Thacher schools. This work has been completed in a thorough manner, at a cost of \$270 less than the appropriation. We believe the money well expended, and the sanitary conditions of both schools much improved by this expenditure.

During the past few years there has been a comparatively small amount spent from time to time for the installing of adjustable desks and chairs in the various schoolrooms. This equipment is so great an improvement over the old style non-adjustable furniture that we hope—again conditional upon the amount of the school appropriation—to spend during 1908 some \$700 toward the completion of this adjustable equipment.

To carry out the work of administering the schools, improving the school property, and maintaining the system as a whole, at its present state of efficiency, the Committee is

unanimous in requesting from the town an appropriation of \$75,600. This is \$3,000 greater than the appropriation made in March, 1907. Our estimate is that about \$2,000 of this increase will be used to make extensive repairs on the buildings, change the old style of desks and chairs in many of the schoolrooms, and keep the buildings in proper condition; and the balance will be applied toward the teaching expense.

TRANSPORTATION OF SCHOLARS.

The transportation of scholars, in accordance with the arrangements which have been in force for some years past, has been accomplished during 1907 within the town's appropriation of \$2,000, and we ask that an appropriation be made in March for the same amount for the transportation of pupils.

MEDICAL INSPECTION OF PUPILS.

In the Superintendent's report you will find details as to the work done by the Medical Inspector for the schools. This work is of great importance, particularly tending to the prompt handling of contagious diseases, and, consequently, preventing the spread of epidemic throughout the schools. We ask that \$300 be appropriated for the coming year for this purpose. This amount is the same as was appropriated in 1907.

There have been no radical changes made during the year in the courses of study in the schools, and yet at no time in the history of educational work in Massachusetts has there been a keener interest shown by parents and by those employed in educational work. The question, what is the best mental and physical training for a child, is a difficult question to answer and becomes increasingly difficult as our business and social development become more complex. It is a simple matter to say that the best education consists in so training children that they will in later years become high-

principled, useful and effective men and women. It is a very different and a very difficult matter to take the next step, and, from the multitude of subjects and the wide variation in methods of teaching to select just those subjects and adopt just those methods which will best achieve the results for which parents and educators alike are earnestly working. The schools of our town rank high among the schools of this State; to keep them among the leaders requires the intelligent criticism and co-operation of the citizens, and no one realizes this fact more than the Committee to whom you have entrusted the administration of your school affairs. We need and welcome your co-operation and advice.

WM. B. THURBER, *Chairman*,

Committee.

REPORT OF SUPERINTENDENT.

To the School Committee:

I have the honor to submit my seventh annual report of the public schools of the town. It is the twenty-eighth in the series of superintendents' reports.

The following summary of statistics covering finances, population, and attendance, follows the order given in the annual reports since 1904.

ABSTRACT OF STATISTICS.

Cost of Schools, 1907.

Assessed valuation of the town	\$22,769,100 00
Amount expended for general school purposes	70,515 07
Amount expended for conveyance of pupils	1,631 50
Amount expended for medical inspection	194 75
Total cost of the schools	72,341 32
Percentage of the assessed valuation expended for the schools00317+
Average cost per pupil on whole enrollment	47 97
Average cost per pupil based on average membership	53 71

NOTE.—The average cost of instruction is based on the total cost of the schools for the year.

Population.

Population of the town, 1900 (United States census)	6,578
Population of the town, 1905 (State census)	7,051

SCHOOL CENSUS.

The number of children living in the town, September 1, 1907, between the ages of 5 and 15, and 7 and 14, as deter-

mined by the census taken between September 1 and November 15, is as follows:

September 1, 1907.

Number of boys between 5 and 15	666
Number of girls between 5 and 15	664

Total	1,330
Increase over the preceding year	39

Number of boys between 7 and 14	468
Number of girls between 7 and 14	509

Total	977
Increase over the preceding year	28

Number of male illiterate minors over 14 years of age, none.

Number of female illiterate minors over 14 years of age, none.

The following are the census figures of the number of children between the ages of 5 and 15, for each of the years since 1879:

May 1, 1880	551	May 1, 1894	956
May 1, 1881	519	May 1, 1895	1,010
May 1, 1882	533	May 1, 1896	1,030
May 1, 1883	563	May 1, 1897	1,099
May 1, 1884	612	May 1, 1898	1,098
May 1, 1885	627	Sept. 1, 1899	1,110
May 1, 1886	621	Sept. 1, 1900	1,198
May 1, 1887	595	Sept. 1, 1901	1,218
May 1, 1888	630	Sept. 1, 1902	1,255
May 1, 1889	626	Sept. 1, 1903	1,247
May 1, 1890	680	Sept. 1, 1904	1,237
May 1, 1891	710	Sept. 1, 1905	1,313
May 1, 1892	749	Sept. 1, 1906	1,291
May 1, 1893	802	Sept. 1, 1907	1,330

School Enrollment and Attendance.

The enrollment and attendance between September 10, 1906, and June 20, 1907, were as follows:

Number of different pupils enrolled	1,508
Average membership	1,347
Average attendance	1,245
Percentage of attendance	92.4

The number of different pupils enrolled for each of the years since 1879, was as follows:

1880	588	1890	794
1881	563	1891	811
1882	607	1892	862
1883	599	1893	931
1884	635	1894	1,075
1885	679	1895	1,174
1886	701	1896	1,267
1887	673	1897	1,302
1888	696	1898	1,341
1889	752	1899	1,440
From September, 1899, to July, 1900	1,288		
From September, 1900, to July, 1901	1,384		
From September, 1901, to July, 1902	1,507		
From September, 1902, to July, 1903	1,528		
From September, 1903, to July, 1904	1,552		
From September, 1904, to July, 1905	1,559		
From September, 1905, to July, 1906	1,516		
From September, 1906, to July, 1907	1,508		

The enrollment for the different schools for the month of November in each of the years 1903-1907, was as follows:

	Nov., 1903.	Nov., 1904.	Nov., 1905.	Nov., 1906.	Nov., 1907.
High	178	179	170	158	178
Consolidated	135	143	144	151	153
Thacher	82	82	84	80	74
Glover	167	176	185	166	159
Tucker	374	351	375	387	388
Sumner	55	53	61	52	50
Houghton	34	31	28	34	28
Wadsworth	93	98	83	91	84
Belcher	288	312	316	317	332
Total	1,406	1,425	1,446	1,436	1,446

The percentage of attendance since 1900 was as follows:

1901	91.2
1902	92.9
1903	90.1
1904	90.2
1905	90.7
1906	93.3
1907	92.4

It is thus seen that while the percentage of attendance for the year has not been the largest since 1900, it is larger than for the majority of the years named. If the kindergarten attendance was not reckoned with the attendance of the other schools, the percentage would be somewhat larger. Regular attendance in the kindergartens in stormy weather and especially in the winter months, is affected much more than in the other schools, due in large measure to the age of the children. This fact should be taken into consideration whenever a comparison is made between the percentage of attendance in our schools and those of towns and cities which do not maintain kindergartens.

Making due allowance for the kindergarten attendance, the percentage of attendance should be larger. While the large majority of parents see to it that their children attend school regularly, unless obliged to keep them from school for the best of reasons, there are those who are inclined to keep their children at home during school sessions for trivial reasons. If every parent would realize that going to school regularly is the child's right, and that other interests, therefore, should be made subordinate, the results would be different. I do not argue for better attendance merely for the sake of having larger percentages of attendance. This in itself is a small matter. But its value to the child and its importance to the community are of vital significance. The child who attends school regularly not only takes greater interest in his work and makes better progress, but he forms the habit of doing what he has undertaken, regularly and well. This habit will be of inestimable value to him in every relation of life. Let all parents, then, make every effort possible to have their children attend school regularly, that they may receive what is their just due, and the community have a body of well-educated, intelligent citizens.

THE BUSINESS OF CONDUCTING THE SCHOOLS.

The work of educating the children of a city or town is one of the most important that a municipality is called upon to do. For this reason the work should be done in the best possible manner. This requires an organization which will make possible the securing of the best results. The present organization of the public schools includes two principal departments, the business and the educational. These departments, though somewhat distinct and different, overlap at many points, and should have a common purpose. They must be conducted with due regard one for the other, and for the purpose for which the system is organized and administered,

if it is to be efficient. A weakness in either interferes with the efficiency of the other; strength and virility in both make an efficient whole.

In the largest systems of schools, and sometimes in smaller systems, while both departments are under the control and direction of the school committee, the business department is placed under one executive head, and the educational department under another executive head, each, theoretically at least and not infrequently in fact, an expert in his department. Various names are given to the former, while the latter is generally known as the superintendent of schools. In smaller systems, as in this town, the two departments are under one executive head, the superintendent of schools. This makes the position more responsible and arduous, and requires both business and professional qualifications of an expert nature. Whether these two departments are placed under two executive heads or under one, the work should be conducted in a thorough and efficient manner.

The business of conducting the schools includes the performance of many important duties. To begin with, the school authorities must make an estimate of the amount of money needed to carry on the schools. This estimate should be carefully made with due regard to the efficiency of the schools, and should be voted by the town. My own experience with school committees has shown that they are as anxious to keep the appropriations within reasonable limits as any one can be who believes in good schools. They, however, are in a better position to know what the schools need, not only to keep them up to the efficiency they may have attained, but to increase this efficiency. The preparation of the annual budget is not an easy matter. It requires a knowledge of what has been accomplished in the past, of what should be accomplished in the future, and of the purchase value of each dollar. It is gratifying to report that the preparation of the annual budget has received the earnest thought of the

officials, and that in the past the amount asked for has been generously granted by the town.

Another important duty is the expenditure of the money appropriated. It is safe to say that the experience of all cities and towns is that the legitimate demands for the expenditure of money are always greater than the amount available. It requires, therefore, on the part of those upon whom involve the expenditure, a knowledge of what will best promote the efficiency of the schools. It is the business of the officials to see to it that full value is received for every dollar expended, whether on the material or on the educational side.

An important item of school expenditure is the repair and improvement of school buildings and other school property. School property of every kind should receive such attention and care as may be needed to keep it in first-class condition. The appropriations for this purpose too often are inadequate, and it becomes a very difficult matter to decide where the money may be spent to the best advantage.

Every building should be provided with furniture which facilitates the work of the school, and is conducive to the comfort and the proper growth and development of the children. While a sum of money has been expended each year during the last five years, for adjustable desks and chairs to replace the old style desks and chairs, the amount available has been insufficient to do all that should be done in this respect, and we still have too much of the old style furniture.

The heating, ventilation, lighting, and care of buildings is a matter of the utmost importance, because it affects the health of the children. The stinting of money here is a short-sided policy. Rooms in which the right temperature is maintained, in which the ventilation and the lighting are good, and which are kept scrupulously clean, promote mental effort and health. But they do more. They make their impression upon character. Boys and girls will be better boys and girls under right conditions than under wrong ones. Besides,

children in sanitary, attractive, and properly kept school buildings will get a knowledge of heating, ventilation, lighting, cleanliness, and attractiveness, which will be of much value to them. Money expended, therefore, in the proper heating, ventilation, and lighting of school buildings, in the employment of competent and efficient janitors, in the furnishing of such supplies as may be needed to keep the buildings scrupulously clean, is money wisely expended. It has been the policy of the officials to do this, and while the cost for care and cleaning has increased considerably during the last three years, the buildings, hygienically, have never been in as good condition as they are to-day. Considering results, the amount is not too large.

A phase of school expenditure which requires expert knowledge and careful consideration, is the selection and purchase of books and supplies. It is our policy to select those books which we consider best adapted to our needs, irrespective of the claims of publishers or their cost. Quality and adaptability are the only factors which have any part in the selection of text-books. As far as our appropriations have permitted, such reference books and books for supplementary use have been provided as were needed the most. While we have not been able to do as much in this respect as could be profitably done, the schools are fairly well supplied. Great care has been taken in the selection. It is a waste of money to buy books which are very seldom, if ever, used, or which are far beyond the comprehension of the pupils. The selection of such books, therefore, requires a knowledge of the merits of the different books and the powers and needs of the pupils for whom they are intended. This requires much time and thought.

No one who is not familiar with school work has any idea of the almost numberless ways in which money can be expended for all kinds of supplies and apparatus. No town or city appropriates sufficient money to buy all the different kinds which are offered for sale, neither would it be wise to

provide the schools with everything that may be had. Here, too, good judgment must be used in the selection, in order that the money available for such purposes may procure such supplies and apparatus as are most necessary to aid the teachers and the pupils in making the work of the schools efficient. Money expended for poor supplies is unwise. The child needs good tools to work with to get good results as well as the adult. Money expended for apparatus which is used for a year and then put to one side because the novelty has worn off, is, in most cases, money wasted. A piece of apparatus that is good for anything ought certainly to be good for a longer period than one year.

It has been our policy to carefully consider every requisition for supplies and apparatus, and to provide such as in our judgment were the most essential, and to provide them in sufficient quantities. Considerable time has been spent in making a study of this question, in order that whatever is bought for the schools is the best and the most that can be obtained with the money available.

There is an old saying, "As is the teacher, so is the school." This is as true to-day as when it was first uttered. While the best teachers can do their best work only under favorable conditions, they can do good work under unfavorable ones. Poor teachers on the other hand will do poor work under the best conditions. The selection of teachers, therefore, is one of the most important duties which a school committee, through its executive officer, the superintendent of schools, has to perform. No amount of supervision can wholly rectify mistakes made in the selection of teachers. A person unfamiliar with school work has no idea of the amount of time and travel and investigation which are necessary to keep a system of schools supplied with competent and efficient teachers.

It is easy to get teachers, but it is very difficult to get teachers who measure up to our standard. This standard is

high, but none too high. Efforts are made, whenever vacancies occur, to procure teachers who possess natural qualifications; good health; unimpeachable character; good personality; who have thoroughly prepared themselves for their work, scholastically and professionally; who have had successful experience in teaching for at least one year; who are students of education; whose first interest is the school, and who are willing to give the best that is in them for the school; who are progressive, wide awake, cheerful, and pleasant; and who have high ideals. We do not always succeed in getting teachers who possess all these qualities in the highest degree, but we make every effort to get as near to this standard as we possibly can, though it may take weeks of work and investigation to find the right persons.

After the right teachers have been found and are at work in the schools, means should be employed for their improvement. This is a subject to which a superintendent should give a large share of his time and strength. Unfortunately, too often so much of his time has to be given to business matters, that the professional phase of his work can not receive the attention which it deserves. Whatever success a superintendent may attain in the improvement of the teachers, shows itself in the increased efficiency of the schools.

The means for teacher improvement which I have used, are visits to the schools, personal conferences, teachers' meetings, the teachers' professional library, and "The Milton School Journal."

The teachers' meetings were held not merely for the sake of holding teachers' meetings and thus appearing progressive, but for the purpose of increasing efficiency, by helping teachers to get broader and clearer ideas of child nature, and of the work which the schools should do and the best ways of doing it. Three kinds of meetings were held—general, grade, and special,—the purpose of each being somewhat different from the others.

A school system needs a good course of study. Such a course includes the subjects which are taught in the schools, and indicates such parts of the subjects which should be taught during the different school years of the child. To make a good course of study is not easy. It requires a knowledge of the education needed by a child to take its place as an individual and as a useful and happy member of the social whole; of the child's environment; the laws governing the child's growth and development; of the branches of knowledge which should be taught; of the principles which should govern the selection of subject matter for different periods of the child's life, and the amount of time to be given; and of the length of the school year. A course of study is never complete. It needs revision from time to time to keep it in harmony with sound educational thought and practice.

I have tried to discuss in as few words as possible some of the most important things which are involved in the business of conducting the schools. Other important lines of work the limits of this report do not permit me to discuss. I hope I have said enough, however, to give the citizens an idea of the magnitude and importance of the business of carrying on the work of a system of public schools.

TEACHERS.

The number of teachers in the employ of the town in December, 1907, was 64, an increase of 1, of which 56 were class teachers, and 8, directors and special teachers.

The number of resignations during the year was 10,—8 regular and 2 special teachers. One teacher was transferred from a grade position to that of principal's assistant, and 1 from a position of assistant in grades to a full grade position. Eight new regular teachers and 3 directors and special teachers were elected.

The changes in the teaching corps were as follows:

RESIGNATIONS.

High School—Mr. John W. Dow; Miss Mary E. Hadley.

Consolidated School—Miss Ruth B. Elliott, principal's assistant.

Glover School—Miss Carrie D. Peterson, Grade 4.

Tucker School—Miss Ada M. Atchinson, principal's assistant; Miss Bertha M. Bemis, assistant, Grade 2.

Belcher School—Miss Gertrude F. Greene, principal's assistant; Miss Emma M. Macdonald, Grade 5.

Directors and Special Teachers—Miss Sara M. Walker, assistant in manual training.

Mr. C. Edward Newell, director of drawing.

TRANSFERALS.

Miss Florence B. Brown, from Grade 7, Consolidated School, to principal's assistant, same school.

Miss Grace E. Packard, assistant in Grades 4 and 5, Tucker School, to Grade 4, Glover School.

NEW TEACHERS.

High School—Mr. J. A. Sinclair in place of Mr. J. W. Dow; Miss Adella W. Bates in place of Miss Mary E. Hadley; Miss Josephine C. Belcher in place of Miss Emily A. Daniell.

Consolidated School—Miss Gertrude M. Wilcox, Grade 7.

Tucker School—Miss Clara F. Woodin, principal's assistant; Miss Delia M. Holman, assistant, Grades 5 and 6.

Belcher School—Miss Blanche G. Fuller, principal's assistant; Miss Eliza D. Howes, Grade 5.

Directors and Special Teachers—Miss Beatrice L. Allen, assistant in manual training; Miss Louise Marston, assistant in sewing and manual training; Miss Lillian M. Dearborn, director of drawing.

The efforts made by school officials and teachers during the last two years to have the salaries of teachers increased, have been successful. The maximum salary of grade teachers was

increased fifty dollars a year. Proportionate increases were made in other positions. This action was greatly appreciated by those directly interested.

The fact should not be overlooked that the salaries now paid to our teachers, when we take into consideration the increase in qualifications and requirements and the increase in cost of living, are not as large as they were ten years ago. There was a time when Milton was one of a small group of towns which paid to their teachers the highest salaries in the State. To-day the number of cities and towns which are paying as much or even more is quite large. This fact makes it difficult, upon the resignation of teachers, to find those who will maintain the standard of the schools. During the year we have lost a number of excellent teachers, and it took much time and investigation to find suitable persons to take their places. I can see no reason why Milton should not rank as high, if not higher, in the matter of teachers' salaries, than it did a number of years ago.

A matter which should receive the careful attention of the Committee is tenure of office. According to the report of the Secretary of the State Board of Education, based upon the returns of 1905-06, 82 cities and towns containing 5,535 teachers, have availed themselves of the provisions of the law of 1886, giving up annual elections, and have elected their teachers to serve during the pleasure of the Committee.

At present our teachers are elected annually in May. While the satisfactory teacher in a town like Milton need not have any fear of not being re-elected, as a matter of fact there is always a feeling of more or less uncertainty among the teachers about that time.

It is claimed that tenure of office helps to make the teaching profession more attractive and more dignified. As it is growing more and more difficult each year to get thoroughly competent teachers, there is little danger of doing too much to make the work of teaching so attractive that an increasing

number of persons with natural qualifications will thoroughly prepare themselves to enter upon the work.

On the other hand, we are told that annual elections serve as a stimulus to the poor or indifferent teachers, and help to hold all to a higher standard of efficiency. Whether this argument is a good one or not, claims are made that the same results may be obtained under proper regulations governing tenure of office. For example, no teacher should be placed on tenure until he has shown during three years of teaching that he is worthy of such promotion. If, at any time in the future, his work falls below a satisfactory standard, he should be made subject to annual elections until such time as he has proven that he is worthy of again being placed on the tenure of office list. If, after having been placed on the annual election list, he does not show any improvement within a reasonable time, some more competent person should be put in his place. In such cases the good of the school and not the good of the individual teacher should be the only consideration.

It should not be forgotten that there are teachers who are wide awake and alert to everything that is helpful to them in their work. They are not only students of pedagogy, but also keen and thoughtful observers of what others are doing. Such teachers grow. They increase in power and ability from year to year. Their services up to a certain point become more valuable as the years multiply. They are the ones who help to make teaching a profession. They are the only ones who should have a place in the schoolroom. Unfortunately, however, the number of these is too small. The result is that in many schools of the country there are teachers who are not students of pedagogy, who have no use for educational books and periodicals, to whom teachers' meetings are a bore, and who are not interested in what their fellow workers are doing.

It is a pleasure to again report that our teachers as a body are well educated, competent, hard working, and conscien-

tious. Most of them are giving the best that is in them for the good of the schools. They are making commendable efforts to become better teachers. They are taking an active interest in whatever helps to increase their efficiency. This condition will continue so long as the compensation is large enough to secure the best teachers, and the present plan of filling all vacancies with the best teachers obtainable is followed.

What does a city or town owe to teachers, who after a period of faithful and satisfactory work in its schools, become incapacitated for further efficient service? Shall such teachers be continued in service because they need the salary, or shall they be dismissed to look out for themselves as best they may? It is a well known fact that the salaries paid are not sufficiently large to provide for that time when faithful teachers may, through no fault of their own, find themselves out of a position. This naturally suggests pensions for teachers. The movement in favor of pensioning teachers is gaining headway, and the question should receive due consideration in this town.

MEDICAL INSPECTION.

Medical inspection was carried on very much the same as in former years. The school physician made 23 visits to the schools at such times as his services were needed. The results were satisfactory. The eye and ear tests were given by the director of physical training. The kindergarten and first grade children were not tested. It is proposed, however, during the coming year, to test the first grade children as well. The results of the tests were as follows:

REPORT OF SIGHT AND HEARING TESTS.

	Elementary Schools. Grades 2-9.	High School. Grades 10-13.	Total.
Number of pupils examined . . .	1,079	151	1,230
Number found defective in eye- sight	246	22	268
Number found defective in hear- ing	78	12	90
Number of parents or guardians notified	236	17	253

NOTE.—In cases where children were provided with glasses, no notices were sent to the parents.

The reports sent to parents benefit the children only when efforts are made to remedy defects or to counteract the unfavorable conditions. In most cases this was done. There were too many parents, however, who did not seem to see the necessity of doing this. It may have been through prejudice or indifference or on account of the expense. Whatever the reason, the parent, who is closer to the child than the school, should co-operate with the school in every possible way to make the child healthy and strong. If the parent neglects his duty in this respect, the child is the greater sufferer. In such cases the burden of the responsibility rests upon the parent.

Until September the director of physical training was employed for four days a week. Since then she has been employed for five days a week. This makes it possible for her to give more time and attention to all matters pertaining to the physical well being of the children.

The director addressed two mothers' meetings on "The care and health of children." The attendance and attention showed a commendable interest in this vital subject.

The general topics discussed at these meetings were:

"Postural defects noticed in children.

Necessity for parents examining their children to see if they are growing and developing properly.

Necessity for loose clothing during the period of growth.

Effect of tight suspenders on boys.

Defective hearing and sight.

Necessity for immediate treatment.

Adenoids—dangers arising from this growth.

Teeth and their care.

Names of hospitals where free treatment can be obtained.

Adolescence and its dangers.

The necessity of bathing.

Proper instruction in purity."

A similar meeting is to be held in each of the other schools of the town.

Special efforts were made by the director and teachers to impress upon the children the need of correct standing and sitting position, the effect of faulty posture on the spine, etc., the proper care of the teeth, and the necessity of cleanliness of person.

In addition to the work in the schools, the director visited a number of homes to consult with parents regarding the physical condition of their children, and in other cases wrote personal letters. These efforts accomplished much good. The teachers co-operated by calling upon parents for the same purpose.

The time has come when our medical inspection should be extended. While the present system of notifying the physician through the superintendent's office whenever he is needed, has worked well, and has prevented the spread of contagious diseases, we have not done as much as should be done in the matter of discovering physical defects of children, other than those of eyes and ears. If the work of medical inspection could be extended to discover these defects, and to notify the parents of children found physically defective as is now done in cases of defective eyesight and hearing, I think it would add very much to the value of the inspection and be a great boon to the children. While this would increase the

expenses somewhat, I believe that the good resulting therefrom would be out of all proportion to the expense.

The introduction of school nurses into schools is receiving much discussion in educational and medical circles, and is interesting a considerable number of persons outside of these. While I have no recommendation to make on the subject at this time, it should receive earnest and careful thought.

INDUSTRIAL TRAINING.

Our school curriculum includes manual training, sewing, and cooking. The work in these subjects has been planned along educational and practical lines. They are used as a means of a general education. Our object is not to teach trades, nor to have the pupils do the same work over and over again until the process becomes mechanical. The moment a process becomes mechanical it is dropped, and another process that will make the pupil think is substituted. In this way the educational value of the subject is continued.

In the way in which these subjects are taught, the pupil gains a knowledge of those activities which enter into construction of different kinds, and learns to appreciate the value of these activities. It also gives him power to be useful in them. It enables him to do things with his hands, or, as some one has said, "to be generally handy." This has been demonstrated many times in the power and facility boys and girls have acquired to do things.

There is a kind of industrial education whose purpose is vocational training. It aims at teaching some vocation, and includes trade, agricultural, and commercial education. It teaches all the processes of the vocation. The theory of it is made clear. It aims to develop skill in the practice of it. A student is not only taught technical knowledge of his vocation, but he acquires skill in its practice as well.

We have no industrial education in our schools as viewed from this standpoint, with the exception of commercial educa-

tion. To introduce other forms will require special equipment, and teachers specially fitted to do the teaching. The question naturally arises whether the further introduction of industrial education in residential towns like Milton, is as pressing as it is in manufacturing centres. While the need of such education in manufacturing states like Massachusetts is great, and the movement for industrial education is upon us, can we not afford to take sufficient time for thoughtful and wise deliberation as what action it is best to take?

Manual training, sewing, and cooking have been taught in Milton for a long time—manual training since 1892, sewing since 1884, and cooking since 1893. They have been extended both in scope and practice until some forms are taught throughout the entire school course. The scheme of work for these studies was published in last year's report under the heading, "Industrial Work," and is much the same now as then. We aim to make the work more practical from year to year, thus laying greater emphasis upon the utilitarian ends without unduly minimizing the educational ends.

PUBLIC DAYS.

Public days were held in the schools on the following days:

Wadsworth, Thursday, May 16.

Consolidated, Friday, May 17.

Belcher, Tuesday, May 21.

High, Wednesday, May 22.

Tucker, Wednesday, May 29.

Sumner, Tuesday, June 4.

Glover, Wednesday, June 5.

Houghton, Thursday, June 6.

Thacher, Friday, June 7.

The object of these days was to give parents and other persons interested special opportunity to visit and inspect the work of the schools. For this purpose some of the work which had been done during the year was so arranged and

placed in the rooms that it could be readily and easily examined. No efforts were made to prepare work for show purposes. No exhibition is worthy the name nor should for a moment be countenanced by school authorities, which is made up of any but the regular work of the schools.

The day's program consisted of regular class work, and special exercises which were intended both for instruction and entertainment. The preparation for these days involved some extra time and labor on the part of the teachers. This, however, was given ungrudgingly, and it was gratifying to see so many parents and friends show their appreciation by their attendance.

In this connection I should like to repeat what has been repeated so many times. Our schools are open to visitors every school session. In a way all our days are public days. It is very helpful, however, occasionally to have days in which special efforts are made to interest and entertain all who favor the schools with their presence.

PUBLIC SCHOOL SAVINGS BANK.

The school savings bank, introduced in 1899, had a prosperous year. The report for the year ending January 1, 1908, is as follows:

Amount collected from the pupils and deposited in the Dorchester Savings Bank from December 30, 1899, to January 1, 1907, was \$3,990.83. The amount deposited between January 1, 1907, and January 1, 1908, was \$791.51, an increase of \$12.32 over the previous year. The total amount deposited between December 30, 1899, and January 1, 1908, was \$4,782.34, an average of \$597.79 a year. The average for the preceding years was \$570.12. The last average, therefore, is \$27.88 higher than the former average.

The number of depositors on the books in 1907 was 543, an increase of 38 over the preceding year.

The Belcher School collected and deposited in the savings bank the sum of \$459.29, which is a little more than half of the total deposits of the schools for the year. This school had an enrollment of 331 pupils. If each pupil had been a depositor, the amount of money deposited would represent \$1.39 for each pupil. This is an excellent showing.

The work of cashiers is being faithfully performed by the principals of the schools. Although it adds to their duties, it is done without complaint. The work is carried on in a businesslike manner to keep the accounts accurate and to train the children in business methods.

School banks have a value which justifies their introduction and continuance in schools. Their effect on the character of children is for good. The mere act of saving money and placing it in a savings bank impresses upon children the value of money, and gives them a sense of proprietorship and responsibility which they may not have possessed previously. It is not so much the amount that a child saves as it is the formation of the habit of saving and the caring for that which has been saved. It fosters a feeling of security in that there is something to use in the future. It teaches thrift. To be sure, these qualities may not become very marked in all children, but the bank fosters them, and if the habit of saving and caring for what has been saved is persisted in, it will become a fixed habit.

The need of saving is being impressed upon us at present perhaps more than at any previous time. We are told by those who have made careful study of the subject, that, as a nation, we are too extravagant. We spend money too freely. We do not distinguish between what we need and what we want. In too many cases this leads to the spending beyond one's income. The immorality of incurring debts without prospects of meeting them is too often ignored. The result is dishonesty—either speculation or failure to pay one's bills. In either case the results are detrimental to the individual, to the com-

munity, and to the nation. Persons so guilty are not good citizens, because they represent dishonesty in private life or public life, or both.

The opportunity and duty of the school are clear. Children are more impressionable than adults. Habits formed during childhood frequently stay throughout life. If they are good habits, the adult is the richer because of them; if they are poor habits, the worse for him. Let the school, then, impress upon children the value of money, the need of saving money—distinguishing between wise saving and penuriousness, and the importance of keeping within one's income. Let it teach the importance of sacrifice to-day in order to have something tomorrow. A boy who deposits even a cent which he was tempted to spend for some petty indulgence, has had a valuable experience in character building. Let the school encourage the children in every legitimate way to deposit their surplus money in a savings bank, either through the school savings bank or in some other way.

I feel that our school savings bank is doing fine work for the children of this town. The efforts of the teachers in this direction are commendable. All parents should supplement these efforts in every way possible. It is gratifying that a large number do.

IN GENERAL.

After one year's trial of the revised regulations governing the standing and promotion of pupils in the elementary schools, my original contention that it is right in theory, will work well in practice, and prove fairer to both teacher and pupil, is greatly strengthened.

A short but clear statement of a child's ability, effort, and work made to a parent at the end of each period of two months, is much better understood, and, therefore, more helpful to both parent and child, than any system of marks can be. Marks too often are meaningless. While this system of re-

ports is original with us, I believe the time will come when it, or systems similar to it, will take the place of ranking pupils in percents or figures or letters, which is the common practice at the present day.

The plan of dividing the grades into divisions, or groups, according to the ability of the pupils, and the teaching of pupils in divisions and as individuals has been continued, and is proving more satisfactory each year.

There is a growing feeling among intelligent people that the public school curriculum is overcrowded, and that as a result the rudiments, or fundamentals, do not and can not receive the attention which they deserve. A study of the facts leads me to believe that there is some justification for this feeling.

There seems to be a difference of opinion as to the cause of the overcrowding. I do not agree with those who believe that the reason is the teaching of too many branches of knowledge in the schools. It is rather due, I think, to the teaching in detail of too much subject matter in the different branches, and a failure, to some extent at least, to properly discriminate between what is essential and what is non-essential to a child's development and needs.

We have begun a study of this question in special teachers' meetings, with a view to determine the salient things which should be taught and which can be taught well during the successive years of a child's life.

Mothers' and parents' meetings were held in some of the schools, which were well attended. These meetings are invaluable in bringing the home and the school into closer relationship, and bringing about more sympathetic and helpful co-operation.

In March, 1905, I began the publication of a small periodical called "The Milton School Journal," five to ten numbers being issued each year. It is the official organ of the school department of the town. As such it is devoted primarily to the interests of the local schools, and secondarily, to educa-

tion in general. It contains the official notices, changes in the courses of study and the regulations of the schools, and such other matters as may be of interest and value to the teachers. Our teachers are frequent contributors to its columns. It is sent free to each teacher.

The Journal is not intended to take the place of pedagogical books and periodicals, teachers' meetings, and personal conferences, but to supplement these.

It is encouraging to note the increasing interest the public is taking in the public schools and the work they are doing, and the earnest efforts made by teachers to make them as good as possible. An intelligent public interest and co-operation, and wise, earnest work of a corps of professional teachers, make good schools possible. This I believe we had in large measure in the year just closed. May we have it in even larger measure in the new year.

All of which is respectfully submitted.

ASHER J. JACOBY,
Superintendent of Schools.

REPORTS OF TRUANT OFFICERS.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—I present herein my report as truant officer of the town of Milton for the year 1907, which is as follows:

Number of cases investigated	19

72nd
ANNUAL TOWN REPORT
OF
MILTON
MASS.

FOR THE YEAR ENDING
DECEMBER 31, 1908

COMPILED BY
THE AUDITORS

POOLE PRINTING CO.
221 HIGH STREET
BOSTON

STATEMENT OF THE AUDITORS.

To the Citizens of Milton:

In accordance with the Revised Laws and the By-Laws of the town, we have examined the books and accounts of all officers and committees intrusted with the expenditure of money, and all original bills and vouchers on which moneys have been paid from the treasury for the year ending Dec. 31, 1908, and have found the same correct.

Respectfully submitted,

HENRY H. BARNES }
AUSTIN W. GREENE } *Auditors.*

MILTON, MASS., *Dec.* 31, 1908.

REVISED BY-LAWS.

TOWN OF MILTON, MARCH 2, 1902.

*Adopted by the Town and approved by the Superior Court
May 20, 1902.*

CHAPTER 1.

GENERAL PROVISIONS.

SECTION 1. These By-Laws, contained in this and the succeeding chapters, being ten chapters in all, may be designated as the Revised By-Laws, adding the number of the chapter and section when necessary.

SECT. 2. So far as the provisions of these By-Laws are the same in effect as those of previously existing By-Laws, they shall be construed as a continuation of such By-Laws, but, subject to said limitations and the provisions of the next section, all By-Laws of the town heretofore in force are hereby repealed; provided that this repeal shall not apply to or affect any By-Law, order, or article heretofore adopted, accepting or adopting the provisions of any statute of the Commonwealth.

SECT. 3. These By-Laws and the repeal of all By-Laws heretofore in force shall not affect any act done, any right accrued, any penalty or liability incurred, or any suit, prosecution, or proceeding, pending at the time when they take effect; nor shall the repeal of any By-Law thereby have the effect of reviving any By-Law theretofore repealed or suspended.

SECT. 4. When in a By-Law anything is prohibited from being done without the license or permission of a certain officer, officers, or board, such officer, officers, or board, shall have the power to license or permit such thing to be done.

SECT. 5. In all the By-Laws of the town the following words and expressions shall, unless inconsistent with the manifest intent, be severally construed as follows:—

The words *public way* shall include any highway, townway, road, bridge, street, avenue, boulevard, roadway, parkway, lane, sidewalk or square; *the owner or occupant* of a building or land shall include any sole owner or occupant, and any joint tenant and tenant in common of the whole or of any part of a building or lot of land; words purporting to give a joint authority to three or more officers or other persons shall give such authority to a majority of such officers or persons; the word *person* may include corporations; words importing the singular number may apply to the plural number, and words importing the masculine gender may apply to the feminine gender.

SECT. 6. All fines and penalties for the violation of any By-Law shall, when received, inure to the use of the town, and be paid into the town treasury, unless it be otherwise directed by the laws of the Commonwealth or the By-Laws of the town.

SECT. 7. Whoever violates any of the provisions of the By-Laws of the town, whether included in these By-Laws or any hereafter enacted, whereby any act or thing is enjoined or prohibited, shall, unless other provision is expressly made, forfeit and pay a fine not exceeding twenty dollars for each offence.

SECT. 8. Whoever shall refuse or neglect to obey any order of any town officer or board of town officers, issued under any of the By-Laws of the town, directed to him and properly served upon him, shall, in cases not otherwise provided for, forfeit and pay for such offence a fine not exceeding twenty dollars.

SECT. 9. Prosecutions for the breach of any of the provisions of the By-Laws of the town shall be commenced within six months from such breach.

SECT. 10. Any or all of the By-Laws of the town may be repealed or amended, or other By-Laws may be adopted, at any town meeting, annual or special, an article containing the subject-matter of the proposed change having been inserted in the warrant for such meeting.

CHAPTER 2.

TOWN MEETINGS.

SECTION 1. The warrants for all town meetings shall be directed to the constables of the town, and the meetings shall be notified by posting attested copies of the warrant in each of the post-offices of the town at least fourteen days, and by leaving printed copies thereof at the dwelling-houses in the town at least four days, before the day of such meeting.

SECT. 2. The annual meeting for the election of town officers shall be held upon the first Monday of March, the polls to be open at seven o'clock in the forenoon, and after the election of a Moderator, they shall remain open until two o'clock in the afternoon for the election of such other town officers as are required by law to be elected by ballot, all said officers to be voted for on one ballot. At any time after 2 P.M. a vote may be passed to close the polls in not less than ten minutes.

SECT. 3. After the closing of the polls and the election of other town officers, the remaining articles in the warrant shall be considered.

SECT. 4. All motions shall, if required by the Moderator, be reduced to writing before being submitted to the meeting.

SECT. 5. Upon taking the question, if the decision of the Moderator is doubted, or a division of the house called for, the Moderator shall request the voters to be seated, and shall appoint tellers; the question shall then be distinctly stated, and those in the affirmative and negative, respectively, shall

be requested to rise and stand in their places until they are counted by the tellers, who shall carefully count each side and make a report thereof to the Moderator.

SECT. 6. No vote shall be reconsidered at the same meeting, except upon a motion made within one hour of the adoption of such vote, unless ordered by two-thirds of the voters present and voting thereon.

SECT. 7. When a question is before the meeting, the following motions, viz.:—

- to adjourn,
- to lay on the table,
- for the previous question,
- to postpone to a time certain,
- to commit (or recommit) or refer,
- to amend or substitute,
- to indefinitely postpone,

shall have precedence in the order in which they are placed in this section.

In proposed amendments involving amounts or dates, the smallest amount and the shortest time shall be put first.

SECT. 8. After the declaration of the vote for town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said committee until the town meeting of the ensuing year.

CHAPTER 3.

THE WARRANT COMMITTEE.

SECTION 1. The Warrant Committee shall, within two weeks after their appointment, meet, at the call of the member thereof first named, for organization by the choice of a chairman and secretary. And they shall meet thereafter from time to time as they may deem advisable.

They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk.

SECT. 2. It shall be the duty of the Warrant Committee to inform themselves concerning those affairs and interests of the town, the subject-matter of which is generally included in the warrants for its town meetings; and the officers of the town shall, upon their request, furnish them with facts, figures, and any other information pertaining to their several departments; provided, however, that any such information may be withheld when, in the opinion of the officer or board of officers so requested, the communication thereof might injuriously affect the interests of the town or its citizens.

SECT. 3. The Warrant Committee shall consider the various articles in the warrants for all the town meetings held during the period for which they were appointed, including the various articles in the warrant for the annual town meeting next after their appointment; and they shall report in print before all such town meetings their estimates and recommendations for the action of the town.

CHAPTER 4.

THE TOWN'S FINANCES AND PROPERTY.

SECTION 1. The financial year shall begin with the first day of March.

SECT. 2. The Selectmen shall annually, not less than seven days before the annual meeting, cause to be printed and distributed among the tax-payers of the town, a detailed report of all moneys received into and paid out of the town treasury during the preceding calendar year, with such information and recommendations as they may deem proper, and with detailed estimates of the amounts of money that will be required for the ensuing financial year. With this report

shall be printed the records of all meetings of the town held since the last annual report was printed, the reports of the Auditors, of the Surveyors of Highways, and of the Engineers of the Fire Department, the Collector's account of receipts, payments, and abatements, a list of all taxes assessed, an abstract of the births, marriages, and deaths to be furnished by the Town Clerk, a statement concerning the condition and funds of the public library and the cemetery to be furnished by the trustees respectively, and a statement of all other funds belonging to the town or held for the benefit of its inhabitants; also statements of the liabilities of the town on bonds, notes, certificates of indebtedness, or otherwise, and of the total money paid the town, the income of which is to be applied to the care of lots in the cemetery. The annual report shall also contain such other matters as may be required by the By-Laws of the town.

SECT. 3. The assessment of taxes shall be completed and the tax list and warrant shall be delivered to the collector on or before the first day of August in each year.

SECT. 4. Poll taxes shall be payable on demand, and all other taxes assessed in each year shall be payable on or before the first day of December in the same year; and on all such taxes as are not paid on or before the said first day of December, interest shall be charged at a rate to be fixed annually by the Town, pursuant to Section 72 of Chapter 12 of the Revised Laws; and the Collector shall use all the means and processes provided by law for the collection of all taxes remaining unpaid after the first day of December in the same year.

SECT. 5. No person being an officer of the town shall in his official capacity make or pass upon, or participate in making or passing upon, any sale, contract or agreement, or the terms or amount of any payment, in which the Town is interested and in which such officer has any personal interest at variance with that of the town.

SECT. 6. The Selectmen, being duly authorized by vote of the town under the limitations imposed by statute, may authorize the Treasurer to borrow money temporarily in anticipation of the collection of taxes, or upon loans authorized by vote of the town, and to give promissory notes therefor in behalf of the town, the same to be signed by the Treasurer and countersigned by a majority of the Selectmen.

SECT. 7. No money granted for special purposes shall be applied to any other use unless by a vote of the town, and all unexpended balances of such grants shall be stated in the annual report.

SECT. 8. No order shall be drawn by any officer or committee on the Town Treasurer for any purpose not authorized by a vote of the Town, or by the laws of the Commonwealth, nor shall any such draft be made for any amount which overdraws the appropriation against which it is made, whether general or special; and the Town Treasurer shall keep full accounts in respect to the several separate appropriations and the drafts made against each, and shall not honor any draft which does not state specifically the appropriation against which it is drawn, or which overdraws such appropriation, whether general or special.

SECT. 9. To provide for extraordinary expenditures of departments, should any become necessary in excess of appropriations made, the town shall annually appropriate a certain sum of money to be known as the Contingent Fund. No direct drafts against this fund shall be made, but transfers from the fund may be made by vote of the Warrant Committee to the account of any other appropriation. A certified copy of such vote shall be sent to the Town Treasurer, and the Treasurer shall transfer accordingly, and honor drafts against the funds so transferred as if originally appropriated.

SECT. 10. No board, committee, or officer of the town shall commit the town to any expenditure or liability which

would, in the ordinary course of business, be chargeable to the appropriation of which such board, committee or officer is or has been in charge, after such appropriation has been exhausted, or after the satisfaction of all liabilities against it would exhaust it, until either the Warrant Committee shall have transferred additional sums to such appropriation, or until the town, at a meeting of the voters, shall have acted in the matter.

SECT. 11. No grant of a sum of money exceeding five hundred dollars shall be made until the subject-matter thereof has been considered and the estimates reported to the town, either by the Selectmen or other town officers, or by the Warrant Committee or some committee chosen for that purpose in pursuance of a vote of the town.

SECT. 12. The Selectmen shall have full authority as agents of the town to institute and prosecute suits in the name of the town, and to appear and defend suits brought against it, unless it is otherwise specially ordered by a vote of the town.

SECT. 13. Whenever it shall be necessary to execute any deed conveying land or other instrument required to carry into effect any vote of the town, the same shall be executed by the Selectmen, or a majority thereof, in behalf of the town, unless the town shall otherwise vote in any special case.

SECT. 14. Two Auditors shall be chosen by ballot at the annual meeting, who shall have the power and perform the duties prescribed by statute.

CHAPTER 5.

THE CEMETERY.

SECTION 1. The sole care, superintendence, management, and control of the Cemetery shall be intrusted to a Board of five Trustees to serve for the period of five years; one of said Board shall retire and a new member be elected at each annual meeting of the town.

In case of vacancies in the Board of Trustees the remaining members may fill the same, but any member so chosen shall hold office only until the next annual town meeting, when a Trustee shall be elected for the unexpired term.

SECT. 2. Citizens of Milton who are heads of families and have been residents of the town not less than five years shall be entitled to lots in the Cemetery, allowing one lot to a family, subject to the regulations adopted by the town, upon payment of the charges for putting the lot in order; but by unanimous consent of the Trustees the five years' residence requirement may be waived.

SECT. 3. The Trustees, when in their judgment it shall be deemed advisable, may sell lots at the rate of fifty cents a square foot, but only to those who are in some way connected with Milton people.

SECT. 4. The proprietor of each lot shall cause to be erected, at his own expense, corner-stones, and a step with his name and the number of the lot inscribed on the same, and shall cause his lot to be kept in proper order; and if the proprietor shall omit for thirty days after notice to erect such landmarks and to keep the lot in order, the Trustees shall have authority to have the same done at the expense of said proprietor.

SECT. 5. No lot shall be used for any other purpose than as a place of burial for the dead, and no proprietor shall suffer the remains of any person to be deposited within the bounds of his lot for hire; nor shall any proprietor sell or transfer the whole or any part of his lot without the consent of the Trustees.

SECT. 6. If in the judgment of the Trustees any trees or shrubs in any lot shall become detrimental to the adjacent lots or avenues, or dangerous or inconvenient, it shall be the duty of the Trustees to enter upon said lot and to remove said trees and shrubs, or such parts thereof as are thus detrimental, dangerous or inconvenient.

SECT. 7. There shall be no structure or inscription placed in, upon or around any lot which the Trustees shall deem offensive or improper; and it shall be the duty of the Trustees to remove all offensive or improper objects.

SECT. 8. The Trustees shall have authority to purchase any tomb in the Cemetery offered for sale, paying for the same such sums as, in their judgment, may be fair and reasonable. They shall also have authority to give for any tomb a lot to be constructed on the land occupied by the tomb, or to be selected at some other point in the Cemetery grounds, as they may agree with the proprietor of the tomb. Should there be no living proprietors, or legal representatives of deceased proprietors, the Trustees may take possession of such tomb, carefully remove its contents to a lot prepared for the purpose, and erect over the remains a suitable memorial stone.

SECT. 9. The following regulations shall be posted within the Cemetery:—

1. All persons are prohibited from driving on the borders.
2. No horse shall be left upon the grounds without a keeper, unless fastened to posts provided for the purpose.
3. All persons are prohibited from discharging firearms within the grounds of the Cemetery, except in connection with military memorial services.
4. All persons are prohibited from writing upon or otherwise defacing any sign, monument, fence, or other structure.
5. All persons are prohibited from gathering flowers, or breaking any tree, plant or shrub.
6. Dogs are not allowed within the Cemetery grounds.

CHAPTER 6.

POLICE REGULATIONS.

SECTION 1. No person shall move or assist in moving any building, over any way which the town is obliged to keep in repair, without the written permit of the Selectmen

being first obtained; nor, having obtained such permit, without complying with the restrictions and provisions thereof.

SECT. 2. Whoever, without a written license from the Selectmen, shall cause or suffer any cart or wagon to remain within the limits of any public way so as in any manner to obstruct travel thereon, or for more than twenty-four hours, shall forfeit and pay a sum not less than one dollar and not more than ten dollars for each offence; and he shall be subject to a like penalty if he neglects to remove the same within the time ordered by such officers, who may revoke such license at any time.

SECT. 3. No person shall place or cause to be placed, upon any public way or sidewalk, any lumber, iron, wood, coal, trunk, bale, box, crate, cask, barrel, package or other thing, and allow the same to remain for more than one hour, or more than ten minutes after being notified by a constable, police officer or the Selectmen.

SECT. 4. Any person who intends to erect, repair or take down any building on land abutting on any way which this town is obliged to keep in repair, and desires to make use of any portion of said way for the purpose of placing thereon building materials or rubbish, shall give notice thereof to the Selectmen. And thereupon the Selectmen may grant a permit in writing to occupy such a portion of said way to be used for such purpose as in their judgment the necessity of the case demands and the security of the public allows; such permit in no case to be in force longer than ninety days, and to be on such conditions as the Selectmen may require; and especially in every case, upon condition that during the whole of every night, from twilight in the evening until sunrise in the morning, lighted lanterns shall be so placed as effectually to secure all travellers from liability to come in contact with such building materials or rubbish.

SECT. 5. No person shall throw or place, or cause to be thrown or placed, any ice or snow into or upon any public

way unless the same be broken into small pieces and spread evenly.

SECT. 6. Whoever, without the written permission of the Selectmen, shall place or cause to be placed in or upon any public way, or sidewalk, any ashes, dirt, rubbish or filth of any kind, or any animal or vegetable substance, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 7. Whoever shall suffer any horse or grazing beast, or swine, to run at large in the town, or to feed in any public way either with or without a keeper, and whoever shall drive any such animal upon any sidewalk, or suffer any horse to remain hitched across any sidewalk, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 8. Three or more persons shall not continue to stand or remain in a group, or near to each other, on any sidewalk or in any public place in such a manner as to obstruct a free passage for foot passengers, after having been requested by a constable or police officer to move on. Any person who shall violate the provisions of this section shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 9. No person shall dig up or obstruct any portion of any way which the town is obliged to keep in repair without the permit, in writing, of the Selectmen, nor, having obtained such permit, shall fail to comply with the conditions thereof; and in addition to any penalty to which he may be subjected under these By-Laws for such failure, he shall reimburse the town for all expenses and damages which, or for which, the town may be compelled to pay by reason of such unauthorized use, or any failure to comply with said conditions.

SECT. 10. No person shall ride or drive any beast of burden, carriage or draught, or shall propel or cause to be

propelled any bicycle, tricycle, automobile or any vehicle whatsoever, at a rate of speed exceeding ten miles an hour, in or over any crossing in any public way.

SECT. 11. No person shall permit any team under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any team in any public way so near to another team as to obstruct public travel; and no person shall stop with any team or carriage upon or across any crossing in any public way.

SECT. 12. No person shall drive or take charge of at the same time in any public way two or more vehicles drawn by horses or other beasts; or shall allow any vehicle belonging to him to be driven in any public way without some competent person in charge thereof.

SECT. 13. Whoever shall coast upon ice or snow on Adams Street, between Churchill's Lane and the line of the City of Boston, or upon any public way on which the Selectmen or Superintendent of Police shall by public notice have forbidden such coasting, and whoever shall drive, wheel or draw any coach, cart, wheelbarrow, handcart, velocipede, bicycle or any carriage of burden or pleasure, except children's carriages, or coast upon any sidewalk in the town, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 14. Whoever shall behave in an indecent or disorderly manner, or use profane, indecent, or insulting language in or upon any sidewalk, public way, or other public place, to the annoyance or disturbance of any other person there being or passing in a peaceable manner, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 15. Any person or persons who shall play or perform on any musical instruments, or sing, parade, march, or congregate in any public way or public place, except in

connection with a funeral, without the written permit of the Selectmen, shall forfeit and pay a sum not less than one dollar nor more than twenty dollars for each offence.

SECT. 16. Whoever shall be or remain on any doorstep, portico, or other projection from any house or building, or upon any wall or fence on or near any public way or public place, after being requested by the occupant of the premises or by any constable or police officer to remove therefrom, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence.

SECT. 17. No person shall throw stones, snowballs, sticks, or other missiles, or kick a football or play at any game in which a ball is used, or fly any kites or balloons, in any public way.

SECT. 18. Whoever shall affix, by paste or otherwise, any handbill, placard, notice, or advertisement, or paint, draw or stamp the same, or any marks or figures, to or upon any signboard of the town, or to or upon any building, fence, wall, tree or structure, without the permission of the owner of such building, fence, wall, tree or structure, shall forfeit and pay a sum not less than one dollar nor more than ten dollars for each offence; and if such handbill, placard, notice, advertisement, mark, or figure be obscene or indecent, the penalty shall not be less than twenty dollars for each offence.

SECT. 19. Whoever shall undertake to enter a particular drain into a common sewer without a permit in writing from the Sewer Commissioners or without complying with the conditions and directions of such permit, shall forfeit and pay a sum not exceeding ten dollars.

SECT. 20. Whoever shall lead or cause to be led into any public way, or running stream, any drain or pipe from any house or other building whereby filthy water or other unclean matter may be emptied into or upon any such public way or running stream; and whoever shall throw, lead or discharge

or cause to be thrown, led or discharged, into any public way, or running stream, any noxious or poisonous matter or substance, or any matter or substance which shall cause an offensive smell or odor, or which shall be destructive of, or injurious to, animal life, shall forfeit and pay a sum not less than five dollars nor more than twenty dollars.

SECT. 21. The Selectmen may grant licenses to use a certain portion of any public way as a carriage-stand, under such terms and conditions as they may prescribe; and no person shall use any portion of any public way as a carriage-stand for the solicitation of passengers for hire without a license from the Selectmen. But licenses shall not be confined to one person to the exclusion of other applicants, and shall be granted so as to allow competition and promote public convenience.

SECT. 22. No person shall distribute papers, circulars, or advertisements through the town or any portion thereof in such a manner as to make a litter or otherwise cause public annoyance.

SECT. 23. No person shall fire, discharge, explode or set off any gun, fire-arm, torpedo, fire-cracker or fire-works in such manner as to frighten any horse, or to disturb the peace or quiet of any neighborhood.

SECT. 24. No person shall wilfully deface or injure any public playground, planting space, flower bed, tree, shrub or grass border.

SECT. 25. No person shall own or keep a dog which by barking, biting, howling or in any other manner is disturbing the peace or quiet of any neighborhood.

SECT. 26. No person shall hawk or peddle any of the articles enumerated in Section 15 of Chapter 65 of the Revised Laws, until he has recorded his name and residence with the Superintendent of Police, and been assigned a number by him, nor unless any vehicle or receptacle in which he shall carry or convey such articles shall have

painted on it in letters and figures at least two inches in height the name of the person selling, and the number given him by the Superintendent of Police, and be approved on the first Monday in every month by the Superintendent of Police; provided, however, that the foregoing provisions shall not apply to minors licensed by the Selectmen; and, further, provided that the Selectmen may restrain the sale by minors of any or all such articles.

No person hawking, peddling or selling, or exposing for sale, any articles enumerated in Section 15 of Chapter 65 of the Revised Laws, shall cry his wares to the disturbance of the peace and comfort of the inhabitants of the town.

No hawker or peddler shall carry or convey any articles enumerated in Section 15 of Chapter 65 of the Revised Laws in any manner that will tend to injure or disturb the public health or comfort, nor otherwise than in vehicles or receptacles which are neat and clean and do not leak.

SECT. 27. The Selectmen may license suitable persons to be dealers in and keepers of shops for the purchase, sale, or barter of junk, old metals, or second-hand articles, in the town. They may also license suitable persons as junk collectors, to collect, by purchase or otherwise, junk, old metals, and second-hand articles from place to place in the town; and they may provide that such collectors shall display badges upon their persons, or upon their vehicles, or upon both, when engaged in collecting, transporting, or dealing in junk, old metals, or second-hand articles; and may prescribe the design thereof. They may also provide that such shops and all articles of merchandise therein, and any place, vehicle or receptacle used for the collection or keeping of the articles aforesaid, may be examined at all times by the Selectmen or by any person by them authorized thereto. The aforesaid licenses may be revoked at pleasure, and shall be subjected to the provisions of Sections 186 to 189 inclusive of Chapter 102 of the Revised Laws.

Whoever violates any provisions of Sections 26 and 27 shall in cases not otherwise provided for, forfeit and pay for each offence a fine not exceeding twenty dollars.

SECT. 28. The Selectmen may order numbers to be affixed to or painted on the buildings on any street in their discretion. The owner of every house shall comply with such order within thirty days thereafter.

PROSECUTIONS AND PENALTIES.

Except when otherwise provided by law, prosecutions for offences under the By-Laws of the town may be made by any constable or police officer of the town.

CHAPTER 7.

THE CONSTRUCTION AND INSPECTION OF BUILDINGS.

SECTION 1. There shall be in the town a department for the Inspection of Buildings, which shall be furnished with office room and such supplies for the transaction of business as the Selectmen may provide.

SECT. 2. The officer of said department shall be called the Inspector of Buildings. He shall be appointed by the Selectmen, and shall hold office until his successor is appointed. His compensation shall be regulated by the Selectmen.

SECT. 3. Wherever the word Inspector without further addition occurs in this chapter, it means the Inspector of Buildings.

SECT. 4. The Inspector shall keep a record of all business of the department, and shall submit to the Selectmen such reports of the same as they may require.

SECT. 5. The Inspector may, so far as is necessary for the performance of his duties, enter any building or premises within said town at any reasonable hour.

SECT. 6. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or, if there be no such newspaper, in one published in the city of Boston, pass a vote designating building limits within the town; and upon the acceptance of said vote by the town at a meeting called as provided by law, said building limits shall be established. Said building limits may comprise the whole or any specified part or parts of the territory of the town.

SECT. 7. Until building limits are established as provided in Section 6, the provisions of this chapter shall apply to the erection, alteration and removal of buildings and other structures throughout the town. After the establishment of such building limits said provisions, save as otherwise specified therein, shall apply to the erection, alteration and removal of buildings and other structures within such building limits only.

SECT. 8. No work shall be done upon any wall, building or other structure except such repairs as may be necessary for the preservation of the same, nor shall any wall, building, or other structure be erected, raised, moved, enlarged, altered, or torn down, without a permit from the Inspector.

SECT. 9. Applications for such permits shall be in writing upon blanks furnished by the town, and shall be directed to the Inspector, who shall keep a record of the same.

SECT. 10. In the case of an application for a permit to erect, raise, move or alter a building or other structure where the Inspector is of opinion, because of all the circumstances, that the reasons for the provisions of this chapter do not apply, the Inspector may, with the consent in writing of the Selectmen, issue a special permit waiving all or any of said

provisions. But before such permit is granted, three days' notice in writing from the Inspector shall be served upon all persons owning land within two hundred feet of the proposed building or structure, in order that such owners may be heard in opposition to the granting of such permit. The Selectmen shall keep a record of all such permits to which they consent.

SECT. 11. The framing plans and specifications of every building or other structure, and of every alteration in a building or other structure, for which a permit is required, shall be deposited temporarily with the Inspector. A copy of the plans and specifications of public buildings and of every alteration in a public building shall be deposited permanently with him. All plans and specifications deposited under this section shall be dated and signed by the Inspector immediately upon being received by him.

SECT. 12. Every permit issued by the Inspector shall state the purpose for which the building is to be used, and the conditions, if any, under which it is granted. All permits issued shall be recorded in detail, and said records shall be preserved.

SECT. 13. The Inspector shall not give a permit for the erection of any building or other structure until he has inspected the plans and specifications thereof, and ascertained that the building as planned has sufficient strength, proper means of ingress and egress, and that it conforms to the law and the By-Laws of the town, or for the alteration of any building or other structure already erected, until he has examined said building or other structure and the plans and specification of said alteration, and has satisfied himself that said building as altered will have sufficient strength, proper means of ingress and egress, and will conform to the law and the By-Laws of the town.

SECT. 14. The Inspector shall inspect all work for which a permit has been issued, and shall see that it is being carried on according to law and the By-Laws of the town.

SECT. 15. No permit for the erection of any building to be used as a factory, or in which steam or other motive power is to be used, or which is to be used for the manufacturing of chemicals, or for the alteration or the moving of any building for any of such uses, shall be granted until after public hearing before the Selectmen; and no building for any of such purposes shall be erected, altered or moved without such permit. Notice of such hearing shall be given at least seven days prior thereto, by posting a written notice thereof in each post-office in the town, and on the public bulletin boards in the town, and by mailing a copy of the same to the owners of premises within five hundred feet of the proposed location of the building, addressed to their last known residence or place of business, and by publishing the same in a newspaper published in the town, or, if there be no such paper, in one published in the city of Boston.

SECT. 16. No boiler to furnish steam for power shall be set or erected, except on a permit from the Inspector, issued after a hearing as prescribed in the preceding section.

SECT. 17. Permits for the erection, alteration, or moving of any building to be used as a stable in which more than four horses are to be kept shall only be granted after hearing as provided in Section 15. Notice of such hearing shall be sent to the Board of Health of the town, in addition to the notices prescribed in said Section 15.

SECT. 18. The provisions of Sections 15, 16 and 17, shall apply to the whole town irrespective of building limits.

SECT. 19. The Selectmen may, in their discretion, after a hearing as provided in Sections 15, 16 and 17, instruct the Inspector not to issue the permit asked for, and in such case no such permit shall issue.

SECT. 20. In case the owner of any building or other structure, or an applicant for a permit to erect, move or alter a building or other structure, is dissatisfied with any order or decision of the Inspector made in any of the proceedings

prescribed in this chapter, the matter shall be referred to the Selectmen, who, within one week from said reference, shall hear the parties, and after taking such expert opinion as may seem to them to be necessary, give their decision. In case the decision of the Inspector is affirmed, the expense of any expert opinion taken by the Selectmen shall be paid to the town by the owner or applicant on demand; otherwise such expense shall be borne by the town.

SECT. 21. Every portion of every building or other structure in process of construction, alteration, repair or removal, and every neighboring building or other structure or portion thereof affected by such process, or by any excavation, shall be properly supported during such process or excavation.

SECT. 22. All chimneys shall be built of brick or stone, and shall be lined with flue lining starting two feet below all thimble holes and at least two feet below the under side of first-floor timbers, and extending above the roof boarding; or shall have an eight-inch brick or stone wall from the foundation to the roof boarding, and shall be topped at least three feet above the highest point of contact with roof.

SECT. 23. No nails shall be driven into any chimney at any point; and no woodwork shall be within one inch of any chimney.

SECT. 24. Sills and girders shall be of sufficient size to safely support the superstructure.

SECT. 25. All woodwork, including lath and plaster, within two feet of any heating apparatus or smoke pipe, and all woodwork, including lath and plaster, coming in contact with any pipes from said apparatus, shall be properly protected by a metal or stone shield.

SECT. 26. All partitions in which hot air pipes run shall be lined with sheet metal, or the pipes shall be wound with asbestos covering.

SECT. 27. Where dwellings of more than two stories are to be occupied by more than two families, there shall be at least two flights of stairs from the ground floor to the top floor, or one flight from the ground floor to the top floor inside, together with an approved fire escape outside.

SECT. 28. The studding of main or carrying partitions shall be not less than four inches in thickness, and shall have a proper support at bottom with a header not less than three inches in depth unless hard pine is used, then it may be two inches. All openings in main partitions of more than thirty inches shall be trussed over and have double studding at sides. Every partition shall have a header extending the length of the partition, and carrying partitions shall be bridged with stock the full width of studding, and two inches thick at least once in height.

SECT. 29. The studding in outside walls and in partitions shall be not more than sixteen inches on centres unless permission is otherwise granted.

SECT. 30. For buildings other than wooden dwelling-houses the size of floor timbers shall be of sufficient size in the opinion of the Inspector to safely carry the weight intended. In wooden dwelling houses the floor timbers for a 12 to 14 foot span shall be not less than 2 x 8; for a 14 to 16 foot span, not less than 2 x 9; for a 16 to 18 foot span, not less than 2 x 10; for an 18 to 20 foot span, not less than 2 x 12; in every case the timbers shall be not more than 16 inches apart on centres.

SECT. 31. All headers and trimmers shall be double the thickness, framed together and pinned or hung in stirrup iron and joint bolted.

SECT. 32. All floor joists on the first floor shall be framed in even with the bottom of the sill and stopped off between where they come above the sills, either with joists or brick. Fire stops, the full width of the studding, and not less than

three inches thick, shall be cut in on top of the floor joists on each floor above the first floor.

SECT. 33. All floor timbers shall be bridged, in a space of more than eight feet, with 1 x 3 inches, or 2 x 3 inches, stock, properly nailed at each end.

SECT. 34. The rafters of all buildings shall be of sufficient size, in the opinion of the Inspector, to safely carry the weight that must necessarily be put upon them, and be placed not over twenty inches apart on centres.

SECT. 35. In dwellings arranged for two or more families, side by side, the vertical division walls between the families shall be either of brick not less than eight inches thick and continued without break or interruption from cellar bottom to roof boarding, or of studding not less than four inches in thickness; and the spaces between the studding shall be filled solid, either with brick and mortar, mineral wool, or other incombustible material, approved by the Inspector, and this fire-proof filling shall continue up to the roof boarding.

SECT. 36. All hearths shall be supported by trimmer arches of brick or stone.

SECT. 37. All piers shall be built of brick or iron columns on proper stone or brick footing, and be of such size as to safely carry the weight they are intended to sustain. Brick piers shall be built of hard-burned brick laid in cement mortar.

SECT. 38. All wooden buildings hereafter erected shall have the sills, posts and girts mortised, tenoned and pinned together and supported by suitable studding, and shall be properly braced. End girts shall be placed in all wooden buildings. Sills shall not be less than 6 x 6 inches and shall be properly tied to all girders, and a sufficient number of floor timbers shall be tenoned and pinned to same to keep the building from spreading.

SECT. 39. Posts and girts shall be not less than 4 x 6 inches, other posts not less than 4 x 8 inches, and plates not less than 4 x 4 inches.

SECT. 40. No wooden building shall be built within two feet of the line of an adjoining lot, unless a brick wall at least eight inches in thickness shall be substituted for the wooden wall next said line.

SECT. 41. Every wooden building or structure hereafter erected shall have a stone or brick foundation resting upon the solid ground or upon concrete, piles, or other durable substructure; said foundation shall be securely and properly built, shall have a sufficient amount of large stone extending through the wall to properly bond and tie it together, and shall be of such thickness as to properly sustain the weight it is intended to support.

SECT. 42. The underpinning above grade, if of brick, shall be not less than ten inches in thickness; if of stone, not less than fourteen inches in thickness, and shall be laid in mortar.

SECT. 43. All foundation walls shall be laid at least three inches below cellar bottom, and not less than three feet six inches below any adjoining surface exposed to frost.

SECT. 44. Every building or structure hereafter built of brick, stone, iron or other hard and incombustible materials shall have foundations resting upon the solid ground, or upon concrete, piles or other durable substructure, and not less than four feet below any adjoining surface exposed to frost.

SECT. 45. Foundation walls for such buildings as are designated in Section 44 shall be built of brick, stone or other suitable substance, properly bonded and solidly built with one-half cement mortar.

SECT. 46. For brick buildings with walls not exceeding thirty-five feet in height, the foundation walls, if built of common stone, shall not be less than thirty inches thick at bottom and twenty inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than

sixteen inches the entire height, and shall rest on a footing course twelve inches high and twenty-four inches wide.

SECT. 47. For brick buildings exceeding thirty-five feet in height the foundation walls, if built of common stone, shall be not less than thirty-six inches thick at bottom and twenty-four inches thick at top, and be built of stone large enough to extend through the wall; if built of block stone in horizontal courses, the walls shall be not less than eighteen inches thick the entire height, and rest on a footing course twelve inches high and thirty inches wide.

SECT. 48. Party or partition walls shall be built upon a footing course of stone or brick not less than four inches each way larger than thickness of the wall it is to sustain, and twelve inches high.

SECT. 49. External walls of brick buildings less than fifteen feet in height shall be not less than eight inches thick; over fifteen and less than thirty-five feet in height they shall be not less than twelve inches thick, except when the building is used as a dwelling-house, then the walls of the upper story may be not less than eight inches thick; over thirty-five feet in height the walls shall be not less than sixteen inches thick to the top of second floor, and twelve inches thick the remaining height.

SECT. 50. In every brick wall at least every ninth course shall be a heading or bonding course, except where walls are faced with face brick, in which at least every ninth course shall be bonded with Flemish headers, or by cutting the courses of face brick and putting in diagonal headers behind the same, or by splitting face brick and backing them with a continuous row of headers.

SECT. 51. Vaulted walls shall contain, exclusive of ties, the same amount of material as required for solid walls, and shall be securely tied together with headers in every sixth course at least.

SECT. 52. In reckoning the thickness of walls, no allow-

ance for ashlar shall be made unless it is at least eight inches thick, in which case the excess over four inches shall be reckoned as part of the thickness of the wall. Ashlar shall be at least four inches thick and properly held by metal clamps to the backing, or properly bonded to the same.

BUILDING GRADES.

SECT. 63. The Selectmen may, after a hearing, of which public notice shall be given at least seven days prior thereto, by posting written notice thereof in each post-office in the town and on the public bulletin boards in the town, and by publishing the same in a newspaper published in the town, or if there be no such newspaper, in one published in the city of Boston, and by giving personal notice to the owners of and to be effected by delivering to such owners a copy of said notice or by depositing the same in the post-office, post-paid and addressed to them at their last known residence or place of business, pass a vote designating a building grade or building grades for any part or parts of the town; and on the acceptance of such vote by the town at a meeting called as provided by law, said building grade or building grades shall be established.

SECT. 54. Said building grade or building grades may be at different heights above the level of the sea in different parts of the town, as the nature of the ground may require.

SECT. 55. No cellar floor of any building erected on land for which a building grade has been established, nor any part, except the foundation, of a building on such land which has no cellar, shall be below said grade.

OTHER PROVISIONS.

SECT. 56. The Inspector in the name of the town may take such measures as the public safety requires, to carry

the provisions of this chapter into effect; and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 57. Any person violating any of the provisions of this chapter shall be liable to a fine of not less than \$20, nor more than \$100, for each offence.

CHAPTER 8.

THE REGULATION AND INSPECTION OF PLUMBING.

SECTION 1. The word Inspector, without further addition, wherever used in this chapter, means the Inspector of Plumbing.

SECT. 2. No person shall carry on the business of plumbing unless he is a plumber and shall have first registered his name and place of business in the office of the Inspector of Buildings; and notice of any change in the place of business of a registered plumber shall be immediately given to said Inspector of Buildings.

SECT. 3. Every plumber before doing any work in a building shall, except in the repair of leaks, file at the office of the Inspector upon blanks furnished for that purpose a notice of the work to be performed; and no such work shall be done in any building without the approval of the Inspector.

SECT. 4. No pipes or other fixtures shall be covered or concealed in any way until the same have been examined and approved by the Inspector. Notice shall be sent to the Inspector when the work is sufficiently advanced for such inspection, and it shall be the duty of such Inspector, within two working days after receiving such notice, to inspect the same; and in case any change therein shall be found necessary, he shall direct in writing the change to be made.

SECT. 5. All plumbing work shall be subjected to the water test before the fixtures are set. After all the fixtures

are set the work shall be subjected to the smoke, peppermint or other reliable test under pressure. All such tests shall be made in the presence of the Inspector.

SECT. 6. The sewage and waste piping of every house or building shall each be separately and independently connected with the street sewer, where one is provided, or with a proper cesspool; and where there is no sewer in the street, and it is necessary to construct a private sewer to connect with one on an adjacent street, such system shall be used as may be approved by the Inspector.

SECT. 7. The soil-pipe of every building shall be of sufficient size to receive, and allow freely to pass, all that enters or should enter the same. All soil-pipes shall be of extra heavy cast-iron pipe; all drain and connecting ventilating pipes within the building shall be of sufficient size, and made of cast-iron with leaded and calked joints, but wrought-iron pipe may be used for vent purposes; said pipes shall be properly secured to walls and ceiling with wrought-iron hangers. The soil-pipe of every building shall be not less than 4 inches, vent pipes not less than $1\frac{1}{2}$ inches, and waste pipes not less than 2 inches, in diameter.

SECT. 8. Every drain-pipe shall be supplied with a suitable trap placed with an accessible clean-out at the point where it leaves the building, and shall have a proper pitch and extend 5 feet outside of the cellar wall; said clean-out may be placed outside of the cellar wall if made accessible. The pipe from this point to the sewer or cesspool shall have tight joints. All drain or ventilation pipes shall extend undiminished in size at least 2 feet above the highest window on roof, and all changes in direction of soil-pipes shall be made by Y branches or bends as the Inspector shall direct.

SECT. 9. All joints in iron drain-pipes, soil or vent pipes shall be made by thoroughly calking the same with molten lead. Joints of lead pipes with iron pipes shall be made by soldering the same into brass ferrules by means of a full-sized

wiped joint and calking the ferrules to pipes which are of cast-iron, or screwing them to pipes which are of wrought-iron.

SECT. 10. Every water-closet, urinal, sink, basin, bath-tub, slop-hopper, and every tray or set of trays shall be furnished with a separate trap, placed as near the fixture as possible, and in no case shall the waste from the bath-tub or other fixture be connected with a water-closet trap. Traps shall be protected from siphonage or air pressure by special pipes of a size not less than the waste-pipe, placed outside or below the trap; lead pipes shall be used only where they are exposed to the view. Air-pipes for the water-closets shall be not less than two-inch bore. Two or more air-pipes may be connected together or with a soil-pipe, but such connection with a soil-pipe shall be above the upper fixture of the building.

SECT. 11. No drip or overflow pipes from safes under water-closets, urinals or other fixtures, no overflow pipes from tanks or cisterns, no waste-pipes from refrigerators or other receptacles in which food is stored, no rain-water conductors, and no steam exhaust pipes or steam waste-pipes, shall be connected with any soil-pipe. No openings shall be allowed in the soil- or waste-pipe of any building for the purpose of receiving the surface drainage of the cellar. No brick, sheet metal, earthenware or chimney flue shall be used as a sewer ventilator, or to ventilate any trap, drain, soil- or waste-pipe.

SECT. 12. Every water-closet or line of water-closets on the same floor inside of the building proper shall be supplied with water from a tank, and shall have a flushing pipe of not less than $1\frac{1}{4}$ inches diameter inside.

SECT. 13. Cesspools shall have a top of stone, or arched brick, with iron rim and cover, and may be laid up dry, unless otherwise ordered by the Board of Health.

SECT. 14. Every privy vault shall be at least four feet distant from the line of an adjoining lot, unless by the con-

sent of the owner of such lot; and every vault shall be so constructed as to be conveniently approached, opened and cleaned, and shall be made tight, so that the contents thereof cannot escape therefrom, if, in the opinion of the Inspector, the surroundings require it.

SECT. 15. No water-closet shall be inclosed with any upright woodwork.

SECT. 16. In the case of any dispute or difference in opinion between the Inspector and any person, the same shall be submitted by either party to the Local Board of Health, who shall pass upon the same, and whose finding therein, after hearing, shall be final and conclusive upon all parties. No member of said board shall sit in a case in which he is interested, and in case of such disqualification, or of the necessary absence of any member, the two other members shall appoint a substitute. If two or more members are so disqualified or absent, the Inspector shall appoint one substitute, the appellant another, and the two so appointed shall, if necessary, appoint a third.

SECT. 17. The Inspector of Buildings, in the name of the town, may take such measures as the public safety requires, to carry the provisions of this chapter into effect, and any expense incurred in so doing may be recovered by the town from the owner of the defective property.

SECT. 18. A person violating any of the provisions of this chapter shall be liable to a fine not exceeding \$50.

CHAPTER 9.

STREET RAILWAYS.

SECTION 1. The annual report shall contain the following concerning the street railways in the town and the street railway companies owning or operating the same, viz:—

Copies or full statements of all locations granted to street railways during the preceding calendar year, with all the

terms, conditions and modifications thereof, and the terms of any modifications granted during the year of locations previously granted.

A copy of all regulations in force as to the rate of speed, the mode, manner and extent of use of tracks, and the number and routes of cars of any and all such companies made by the Selectmen under the provisions of Sections 40 and 42 of Chapter 112 of the Revised Laws.

A statement of all taxes paid the town by street railway companies during the preceding calendar year, which by the terms of Section 47 of Chapter 14 of the Revised Laws are to be applied toward the construction, repair and maintenance of the public ways and removal of snow therefrom within the town.

SECT. 2. Whenever the Selectmen are of the opinion that additional accommodations for the travelling public are required upon any street railway in the town, and the company neglects or refuses to furnish the same at their request, it shall be their duty to petition the Board of Railroad Commissioners to order such additional accommodations to be provided under the terms of Section 70 of Chapter 112 of the Revised Laws.

CHAPTER 10.

TOWN WAYS.

SECTION 1. Every way that shall be laid out for the acceptance of the town as a town way shall be not less than thirty feet in width.

SECT. 2. Whenever an existing private way, the fee of which is in the abutters, shall be laid out for the acceptance of the town as a town way, the document relating to such laying out shall be accompanied by a certificate of a competent civil engineer, which shall be filed in the office of the Town Clerk, together with said document, before such way

shall be accepted. The said certificate shall state that such private way is well built; and that as constructed it is equal to the average construction of the existing highways of the town.

SECT. 3. Whenever any way shall have been laid out or altered by the Selectmen, and accepted and allowed by the town, no entry for the purpose of constructing any part of such laying out or alteration shall be made until all claims for damages by reason thereof shall have been finally adjusted or determined, unless such entry shall be authorized by special vote of the town.

MILTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1908-1909.

MARCH MEETING.

WARRANT

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the Town of Milton, qualified to vote in Town affairs, to meet at the Town Hall in said Milton, the second day of March next, at 7 o'clock A.M., then and there to act upon the following articles, to wit:

ARTICLE 1. To choose a Moderator to preside at said meeting.

ARTICLE 2. To choose all such Town officers as are required by law to be chosen by ballot, also on the same ballot to vote "Yes" or "No" in answer to the question, "Shall licenses be granted for the sale of intoxicating liquors in this Town?" The polls to be opened at 7 o'clock in the forenoon and may be closed as early as 2 o'clock in the afternoon.

ARTICLE 3. To choose all such Town officers as are not required by law to be chosen by ballot.

ARTICLE 4. To hear and act upon the Auditors' report, and reports of other Town officers or Committees.

ARTICLE 5. To see what sum of money the Town will appropriate for the support of the Schools the ensuing year.

ARTICLE 6. To see what sum of money the Town will appropriate for the Transportation of Pupils the ensuing year.

ARTICLE 7. To see what sum of money the Town will appropriate for the medical inspection of the pupils of the public schools, the same to be expended under the direction and at the discretion of the School Committee.

ARTICLE 8. To see whether the Town will vote to transfer the lot of land situated on Adams Street, East Milton, now under the control of the School Committee, to the control of the Park Commissioners.

ARTICLE 9. To see what sum of money the Town will appropriate for the general uses of the Board of Park Commissioners the ensuing year.

ARTICLE 10. To see what sum of money the Town will appropriate to be expended by the Park Commissioners in conjunction with the School Committee in the improvement of School Lots.

ARTICLE 11. To see what sum of money the Town will appropriate for the Street Department the ensuing year.

General Expenses.

Street Watering.

Construction of Sidewalks.

Removal of Ice and Snow.

ARTICLE 12. To see what sum of money the Town will appropriate to construct that portion of Brook Road already laid out over the Metropolitan High Level Gravity Sewer.

ARTICLE 13. To see if the Town will vote to abandon such portion of Forest Street as lies within the boundary of the Blue Hill Reservation.

ARTICLE 14. To see what action the Town will take relative to the lease of the Town Gravel Pit in East Milton.

ARTICLE 15. To see what action the Town will take to procure stone for road making purposes.

ARTICLE 16. To see what sum of money the Town will appropriate for Street Lighting the ensuing year.

ARTICLE 17. To see if the Town will vote to erect three electric lights on Morton Road, and appropriate money for the same.

ARTICLE 18. To see if the Town will vote to erect three electric lights on Huntington Road, and appropriate money for the same.

ARTICLE 19. To see if the Town will vote to erect one electric light on Oak Street between Blue Hill Avenue and Brush Hill Road, and appropriate money for the same.

ARTICLE 20. To see if the Town will vote to erect fifteen electric lights on Brush Hill Road, between Blue Hill Avenue and Paul's Bridge, and appropriate money for the same.

ARTICLE 21. To see if the Town will vote to erect three electric lights on Brush Hill Road, between Blue Hill Avenue in the western section of the Town and the crest of Hayward's Hill, and appropriate money for the same.

ARTICLE 22. To see if the Town will vote to erect three electric lights on Artwill Street, and appropriate money for the same.

ARTICLE 23. To see if the Town will vote to erect five electric lights on Warren Avenue between Blue Hills Parkway and Thacher Street, and appropriate money for the same.

ARTICLE 24. To see if the Town will vote to erect one electric light at the junction of Smith Road with Beacon Street, and appropriate money for the same.

ARTICLE 25. To see if the Town will vote to erect one electric light on Adams Street, between Eliot Street and the bridge at the Boston Line, and appropriate money for the same.

ARTICLE 26. To see what sum of money the Town will appropriate for the Health Department the ensuing year.

ARTICLE 27. To see if the Town will request the Selectmen to appoint an Inspector of Milk, and appropriate money for the services of the same.

ARTICLE 28. To see what sum of money the Town will appropriate for the Fire Department the ensuing year.

ARTICLE 29. To see what sum of money the Town will appropriate to replace the old-style fire-alarm boxes with modern boxes.

ARTICLE 30. To see what sum of money the Town will appropriate to purchase new hose for the Fire Department.

ARTICLE 31. To see what sum of money the Town will appropriate to purchase a piece of fire apparatus to replace the present chemical engine located at the center of the Town.

ARTICLE 32. To see what sum of money the Town will appropriate for the use of the Department of Wires the ensuing year.

ARTICLE 33. To see what sum of money the Town will appropriate for Salaries the ensuing year.

ARTICLE 34. To see what sum of money the Town will appropriate for the Public Library the ensuing year.

ARTICLE 35. To see what sum of money the Town will appropriate for the Police Department the ensuing year.

ARTICLE 36. To see what sum of money the Town will appropriate for miscellaneous expenses the ensuing year.

General Expenses.

Town Hall and Lot.

Interest.

Printing.

Abatements.

Insurance.

Contingent Fund.

ARTICLE 37. To see what sum of money the Town will appropriate for the support of the Poor the ensuing year.

ARTICLE 38. To see what sum of money the Town will appropriate for Soldiers' Relief the ensuing year.

ARTICLE 39. To see what sum of money the Town will appropriate for State Aid the ensuing year.

ARTICLE 40. To see if the Town will appropriate the sum

of \$250 to be expended by the Huntington Frothingham Wolcott Post 102, G. A. R., on Memorial Day.

ARTICLE 41. To see what sum of money the Town will appropriate for Hydrant Service the ensuing year.

ARTICLE 42. To see what sum of money the Town will appropriate for the extension of water mains.

ARTICLE 43. To see what sum of money the Town will appropriate for the Collection of Ashes and Garbage the ensuing year.

ARTICLE 44. To see what sum of money the Town will appropriate for the maintenance of the Sewer Department the ensuing year.

ARTICLE 45. To see what sum of money the Town will appropriate for the use of the Tree Warden, to be expended in the care and planting of shade trees and the destruction of insect-pests injurious to trees, the ensuing year.

ARTICLE 46. To see what sum of money the Town will appropriate to be expended by the Tree Warden in the extermination of the gypsy and brown-tail moths.

ARTICLE 47. To see what salary (if any) the Town will vote to pay the Tree Warden.

ARTICLE 48. To see what sum of money the Town will appropriate for the improvement of the Cemetery the ensuing year.

ARTICLE 49. To see what sum of money the Town will appropriate for the general uses of the Board of Assessors the ensuing year.

ARTICLE 50. To see if the Town will authorize the Collector of Taxes to use all means of collecting taxes which a Town Treasurer, when appointed Collector, may use.

ARTICLE 51. To fix the rate of interest on taxes unpaid after a time fixed by the Town.

ARTICLE 52. To see what action the Town will take in regard to borrowing money.

ARTICLE 53. To see if the Town will vote to authorize the Selectmen to employ council to represent the Town at hearings before Committees of the General Court.

ARTICLE 54. To see what action the Town will take looking to the duplication of the records of its Town Meetings, and to appropriate money for the same.

ARTICLE 55. To see if the Town will vote to amend the Revised By-Laws, Chapter 3, Section 1, so that the same shall read as follows:

"Section 1. The Warrant Committee shall, within two weeks after their appointment, meet at the call of the member thereof first named, for organization by choice of a chairman and secretary, and they shall meet thereafter from time to time as they may deem advisable. They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the secretary to the Town Clerk."

ARTICLE 56. To see if the Town will vote to amend the Revised By-Laws by striking out Section 8 of Chapter 2, and inserting in place thereof a section substantially as follows:

"Section 8. After the declaration of the vote for Town officers, fifteen legal voters shall be appointed by the Moderator, who shall constitute a Committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said Committee until the Town Meeting of the ensuing year."

ARTICLE 57. To see if the Town will vote to amend the Revised By-Laws by striking out Section 17 of Chapter 7, and inserting in place thereof a section substantially as follows:

"Section 17. Permits for the erection, alteration, or moving of any building to be used as a stable, or barn, in which a total of more than four horses, or neat cattle, is to be kept,

shall only be granted after hearing as provided in Section 15; except that the notice therein directed need not be posted on the public bulletin boards. Notice of such hearing shall, however, be also sent to the Board of Health of the Town. Permits for the erection, alteration, or moving of any building to be used as a stable, or barn, in which a total of not more than four horses, or neat cattle, is to be kept, and which is to be built, or placed, nearer than 100 feet to the property of any adjoining owner, or to the wall of any dwelling house, or to any public or private way, shall only be granted after hearing and notice as above provided in this section."

ARTICLE 58. To see if the Town will vote to have a committee of five (5) appointed by the Moderator, said committee to consider the question whether or not the Town should install water pipes, sewers, street lights, or any of them, in unaccepted streets, and if so upon what terms and conditions; said committee to report in print at the next annual Town Meeting.

ARTICLE 59. To see if the Town will vote to have a committee of three (3) appointed by the Moderator, who shall consider the present and future government of the Fire Department; and whether it would be advisable to have a Fire Department managed by a single commissioner appointed by the Selectmen.

ARTICLE 60. To see if the Town will vote to appropriate a sum of money sufficient to procure land, erect and properly care for a shelter for the school children and the general public at or near the junction of Canton Avenue, White and Centre Streets.

And you are directed to warn said inhabitants, qualified as aforesaid, to meet at the time and place and for the purpose herein mentioned, by posting attested copies of this Warrant in each of the post-offices of said Town, fourteen days at

least before said meeting, and leaving printed copies hereof at the dwelling houses in said Town, at least four days before said meeting.

Hereof fail not, and make due return of this Warrant with your doings thereon, to the Town Clerk, at the time and place of said meeting.

Given under our hands at Milton this fourteenth day of February, nineteen hundred and eight.

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS. NORFOLK, SS.
MILTON, March 2, 1908.

Pursuant to the within warrant I have notified the inhabitants of the Town of Milton, as within directed, to meet at the time and place, and for the purposes therein mentioned, by posting attested copies of the same in the post-offices of said Town, and by leaving copies at the dwellings of the inhabitants.

PETER MCINTYRE,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to the foregoing warrant upon March 2, 1908, the following proceedings were had upon the several articles in said warrant, namely:

ARTICLE 1. Robert F. Herrick, Esq., was chosen Moderator, and sworn by the Town Clerk.

The following appointments of Ballot Clerks and Tellers were made by the Selectmen, to serve at said meeting, viz:

W. Newton Harlow, G. Frank Kemp, Patrick F. Mahoney, Robert J. Clark, Frank L. Richards, William J. Curran,

Prescott Skinner, Lewis B. Currier, Edward A. Robson, Charles S. Gage, William D. Parsons, Everett E. Wetherbee, Thomas M. Lennon, Edward A. Haley, James A. Roberts, Reginald M. Johnson, George A. Arnold, J. Albert Simpson, J. Lewis Esau, Peter J. Barry, Herbert E. Clark, Charles Mitchell, Jr., Edward Gallagher, William A. Will; all of the above being sworn by the Town Clerk.

At 2 o'clock and 10 minutes, *Voted*, To close the polls for Town officers in ten minutes.

All the ballots for the various town officers having been sorted, counted, declared and recorded, resulted in the election of the following officers, namely:

ART. 2. Henry B. Martin was chosen Town Clerk.

Jesse B. Baxter, Maurice A. Duffy, James H. Perkins were chosen Selectmen and Surveyors of Highways.

George W. Nickerson was chosen Assessor.

J. Porter Holmes was chosen Town Treasurer.

George Y. Badger, Anne R. Cunningham were chosen School Committee.

Josiah Babcock was chosen Collector of Taxes.

Henry H. Barnes, Austin W. Greene were chosen Auditors

Horatio A. Lamb was chosen Park Commissioner.

Philip M. Reynolds (for three years), Philip S. Dalton (for two years) were chosen Sewer Commissioners.

Thomas B. Gordon was chosen Water Commissioner.

Edward F. W. Bartol was chosen member of Board of Health.

The following Constables were chosen: Peleg Bronsdon, Edwin L. Crossman, Fred M. Farrington, Edwin A. Houghton, Herbert R. Lawrence, Jacob S. Lincoln, Timothy McDermott, Peter McIntyre, Maurice Pierce, Henry C. Shields, Duncan B. Walker, James Wigley.

Nathaniel T. Kidder was chosen Tree Warden.

Roderick Stebbins, Arthur H. Tucker, Harry K. White were chosen Trustees of Public Library.

Thomas K. Cummins (for five years), Henry E. Sheldon (for four years) were chosen Trustees of Cemetery.

Malbon G. Richardson was chosen Overseer of Poor.

Voted, That no license be granted for the sale of intoxicating liquor in this Town, the ballot being as follows: Yes, 169; No, 595.

ART. 3. The following officers were elected *viva voce*: George Y. Badger and T. M. LeFevre, Fence Viewers. George E. Burt and Arthur H. Tucker, Surveyors of Lumber. Calvin H. Sanford, Pound Keeper.

ART. 4. *Voted*, That the Auditors' report be accepted and placed on file.

REPORT OF COMMITTEE.

31 STATE ST., BOSTON, May 8, 1908.

H. B. MARTIN, ESQ., *Town Clerk*, Milton.

MY DEAR SIR:—I enclose the Report of the Committee on Stable By-Laws, and shall be obliged if you will see that it is embodied in the next annual Town Report in the proper place under Article 4 of the warrant.

Absence from Town made me miss the annual meeting.

Very truly,

J. S. RUSSELL.

STABLE BY-LAWS.

MILTON, MASS., Feb. 11, 1908.

To the Citizens of Milton:

The undersigned having been made the Committee provided for by Article 57 in the warrant for the annual Town Meeting of March, 1907, report as follows:

The article referred to reads: "To see if the Town will authorize the Moderator to appoint a committee of three to consider the necessity of revising the By-Laws pertaining

to the building of stables, and report at the next annual meeting."

Your Committee held an advertised public hearing at the Town Hall, March 27, to which about ten people came, several speaking in favor of some change in the Stable By-Laws.

Your Committee has had meetings since this public hearing, and has also taken counsel with a number of our citizens interested in the subject.

Your Committee is unanimous in suggesting some changes in the Town By-Laws relating to stables. These suggested changes appear as a later article of this warrant.

Respectfully submitted,

(Signed) JAMES S. RUSSELL,

HORACE E. WARE,

ARTHUR H. TUCKER,

Committee.

ART. 5. *Voted*, To appropriate the sum of \$75,600 for the support of schools, the ensuing year.

ART. 6. *Voted*, To appropriate the sum of \$2,000 for transportation of pupils, the ensuing year.

ART. 7. *Voted*, To appropriate the sum of \$300 for medical inspection of pupils of the public schools, to be expended under the direction and at the discretion of the School Committee.

ART. 8. *Voted*, To transfer to the Park Commission control of the school lot situated on Adams Street, East Milton.

ART. 9. *Voted*, To appropriate the sum of \$100 for general use of the Board of Park Commissioners, the ensuing year.

ART. 10. *Voted*, To appropriate the sum of \$100, to be

expended by the Park Commissioners in conjunction with the School Committee, in improvement of school lots.

ART. 11. *Voted*, That the following appropriations be made for the use of the Street Department, the ensuing year:

For general expenses (plus the excise tax received from street railways), \$35,000.

For construction of permanent sidewalks (plus sidewalk betterment taxes received during the ensuing year) \$1,000 this appropriation to be used solely for the construction of new permanent sidewalks, for which the customary sidewalk betterment taxes may be levied.

For street watering, including necessary oiling of streets, \$9,500.

For removal of ice and snow, \$2,500.

ART. 12. *Voted*, That the sum of \$2,000 be appropriated for the construction of a gravel road over the Metropolitan Sewer (similar in construction to the road already built), from the westerly line of land of Ernest W. Bowditch, to Pleasant Street; about 20 feet in width, and in accordance with the established grade.

ART. 13. *Voted*, To abandon such portion of Forrest Street as lies within the boundary of the Blue Hill Reservation.

ART. 14. *Voted*, To appropriate the sum of \$2,500 for renewal of lease of Gravel Pit on Squantum Street, owned by H. W. Hunt, for a term of ten years, said renewal to be on terms satisfactory to the Board of Selectmen.

ART. 15. *Voted*, To indefinitely postpone.

ART. 16. *Voted*, To appropriate the sum of \$15,400 for street lighting the ensuing year.

ART. 17. *Voted*, To erect three electric lights on Morton Road, and appropriate \$62.43 therefor.

ART. 18. *Voted*, To erect three electric lights on Huntington Road, and appropriate \$62.43 therefor.

ART. 19. *Voted*, To erect one electric light on Oak Street, and appropriate \$20.81 therefor.

ART. 20. *Voted*, To erect fifteen electric lights on Brush Hill Road, between Blue Hill Avenue and Paul's Bridge, and appropriate \$312.15 therefor.

ART. 21. *Voted*, To indefinitely postpone.

ART. 22. *Voted*, To erect three electric lights on Artwill Street, and appropriate \$62.43 therefor.

ART. 23. *Voted*, To erect five electric lights on Warren Avenue, and appropriate \$104.05 therefor.

ART. 24. *Voted*, To erect one electric light at junction of Smith Road with Beacon Street, and appropriate \$20.81 therefor.

ART. 25. *Voted*, To erect one electric light on Adams Street, between Eliot Street and the Bridge, at the Boston line, and appropriate \$20.81 therefor.

ART. 26. *Voted*, To appropriate the sum of \$2,500 for the Health Department, the ensuing year, said appropriation to include the expense attendant on inspection of sewer connections.

ART. 27. *Voted*, To request the Selectmen to appoint an Inspector of Milk, and for his services the sum of \$300 is hereby appropriated.

ART. 28. *Voted*, That the sum of \$22,920 be appropriated for the Fire Department the ensuing year.

ART. 29. *Voted*, To appropriate the sum of \$300 to replace the old-style fire-alarm boxes by modern boxes.

ART. 30. *Voted*, To appropriate the sum of \$500 for the purchase of new hose for the Fire Department.

ART. 31. *Voted*, That the sum of \$2,500 be appropriated to purchase a piece of fire apparatus to replace the present chemical engine, located at the center of the Town; said sum to be expended by the Board of Selectmen and the Board of Fire Engineers, acting jointly; with the proviso, that if the said joint Board shall deem it best to purchase an automobile combination chemical engine and hose wagon, instead of a simple chemical engine, or combination chemical engine and hose wagon, and shall obtain from the contingent fund established for the year 1908 an additional sum which with said \$2,500 shall be sufficient therefor, then the first named sum of \$2,500 may be used and expended for that purpose.

ART. 32. *Voted*, To appropriate the sum of \$1,000 for use of Department of Wires the ensuing year.

ART. 33. *Voted*, To appropriate the sum of \$8,400 for salaries of Town officers, the ensuing year, said officers to receive the same salary as in 1906. The Clerk of the Selectmen to also act in that capacity for the Overseers of Poor; and that the Inspector or Deputy Inspector of Plumbing receive for each permit issued the sum of \$3.00, said amount to be taken from the miscellaneous account.

ART. 34. *Voted*, To appropriate the sum of \$8,700, all fines received in 1908, and the dog tax for 1907, for Public Library use the ensuing year.

ART. 35. *Voted*, To appropriate the sum of \$26,000 for the Police Department the ensuing year.

ART. 36. *Voted*, That the following amounts be appropriated for miscellaneous expenses the ensuing year, namely:

For general expenses, \$3,500.

For interest charges, \$7,200.

For abatement of taxes, \$3,000.

For contingent fund, \$3,500.

For Town Hall and lot, \$2,025.

For liability and fire insurance, \$3,400.

For printing, \$1,650.

ART. 37. *Voted*, To appropriate the sum of \$6,500, plus the proceeds from the Town Farm and reimbursements from other cities and towns for the support of poor the ensuing year.

ART. 38. *Voted*, To appropriate the sum of \$1,500 for Soldiers' Relief the ensuing year.

ART. 39. *Voted*, To appropriate the sum of \$1,400 for State Aid the ensuing year.

ART. 40. *Voted*, To appropriate the sum of \$250 to be expended by H. F. Walcott Post G. A. R., No. 102, on Memorial Day.

ART. 41. *Voted*, To appropriate the sum of \$9,000 for hydrant service the ensuing year.

ART. 42. *Voted*, To appropriate the sum of \$4,000 for the extension of water mains the ensuing year.

ART. 43. *Voted*, That the sum of \$2,200 be appropriated for the collection of ashes and garbage, the ensuing year; the district covered to be the same as last year, and the land where refuse is dumped to be kept in a condition satisfactory to the Board of Selectmen.

ART. 44. *Voted*, To appropriate the sum of \$750 for maintenance of the Sewer Department the ensuing year.

ART. 45. *Voted*, To appropriate the sum of \$2,000, together with the receipts of the department, for use of the Tree Warden in the care and planting of shade trees and destruction of insect pests injurious to trees.

ART. 46. *Voted*, To appropriate the sum of \$5,000 to be expended by the Tree Warden in the extermination of gypsy and brown-tail moths.

ART. 47. *Voted*, To pay no salary to the Tree Warden; but that the Town again place on record its hearty appreciation of the generous and faithful service given without recompense to the Town by Nathaniel T. Kidder, Esq., not only as Tree Warden, but also in many other ways; and that he has the gratitude and thanks of the Town for the same.

ART. 48. *Voted*, To appropriate the sum of \$2,000 for the improvement of the Cemetery the ensuing year.

ART. 49. *Voted*, To appropriate the sum of \$900 for the general use of the Board of Assessors the ensuing year.

ART. 50. *Voted*, That the Collector of Taxes be authorized to use all means of collecting the taxes which a Town Treasurer, when appointed Collector, may use.

ART. 51. *Voted*, That the rate of interest on all taxes unpaid December 1, be six per cent per annum.

ART. 52. *Voted*, That the Town Treasurer be authorized, with the sanction and approval of the Selectmen, or a majority thereof, to borrow such sums of money as may be necessary for the Town's use, in anticipation of the taxes for the year 1908, the total amount not to exceed \$200,000, and that all

sums so borrowed be made specifically payable from the taxes of the year 1908.

ART. 53. *Voted*, That the Selectmen have authority to employ counsel to represent the Town at hearings before committees of the General Court.

ART. 54. *Voted*, That the sum of \$500 be appropriated to be expended under the direction of the Directors of the Milton Historical Society, in making a long-hand copy of the records of the Milton Town Meetings, so far as this appropriation will permit.

ART. 55. *Voted*, To amend the Revised By-Laws, Chapter 3, Section 1, so that the same shall read as follows:

“SECTION 1. The Warrant Committee shall within two weeks after their appointment, meet at the call of the member thereof first named, for organization, by choice of a Chairman and Secretary, and they shall meet thereafter from time to time as they may deem advisable. *They shall have power to fill vacancies in their number by vote, attested copy of which shall be sent by the Secretary to the Town Clerk.*”

NOTE. This By-Law was adopted by the Town at a meeting held March 4, 1907, and approved by the Attorney-General April 4, 1907.

ART. 56. *Voted*, To amend the Revised By-Laws by striking out Section 8 of Chapter 2, and inserting thereof a section substantially as follows:

“SECTION 8. After the declaration of the vote for Town officers fifteen legal voters shall be appointed by the Moderator, who shall constitute a committee to be known as the Warrant Committee. The persons so appointed shall continue as members of said Committee until the Town Meeting of the ensuing year.” (*Approved*. Hon. Dana Malone, Attorney General.)

ART. 57. *Voted*, To amend the Revised By-Laws by striking out Section 17 of Chapter 7 and inserting in place thereof a section substantially as follows:

"SECTION 17. Permits for the erection, alteration, or moving of any building to be used as a stable or barn, in which a total of more than four horses or neat cattle is to be kept, shall only be granted after hearing, as provided in Section 15, except that the notice therein directed need not be posted on the public bulletin boards. Notice of such hearing shall, however, be also sent to the Board of Health of the Town. Permits for the erection, alteration or moving of any building to be used as a stable or barn in which a total of not more than four horses or neat cattle is to be kept, and which is to be built or placed nearer than 100 feet to the property of any adjoining owner, or to the wall of any dwelling house, or to any public or private way, shall only be granted after hearing and notice, as above provided in this section." (*Non-approved*. Hon. Dana Malone, Attorney-General.)

THE COMMONWEALTH OF MASSACHUSETTS,

DEPARTMENT OF THE ATTORNEY-GENERAL,

BOSTON, June 16, 1908.

HENRY B. MARTIN, ESQ., *Town Clerk*, Milton, Mass.

DEAR SIR:—At the request of Horace E. Ware, Esquire, I am writing you more fully in regard to the action taken by me upon the amendment to Section 17 of Chapter 7, of the By-Laws of your Town, adopted on March 2, 1908.

This amendment must be sustained, if at all, either as a By-Law for the protection of the public health, under the general authority of the Town to make By-Laws, or as a regulation "for the prevention of fire and the preservation of life," under Revised Laws, Chapter 104, Section 1.

As you are aware, the Legislature has provided for the licensing of the use of buildings or places for stables for more than four horses. Revised Laws, Chapter 102, Section 72.

The implication from this statutory provision is strongly that no further requirement of licenses for the use of buildings or places as stables should be required on the ground of the protection of public health.

On the other hand, I do not think that the By-Law should be approved as a building regulation. It purports to give to the Selectmen absolute authority in their discretion to prohibit the erection of stables.

It seems to me that a By-Law giving such power to the Selectmen cannot be said to be a reasonable regulation "for the prevention of fire and the preservation of life," within the meaning of the section cited.

In my opinion it is subject to the objections which were raised to the By-Laws held invalid in *Newton v. Belger*, 143 Mass. 598, and *Winthrop v. New England Chocolate Co.*, 180 Mass. 464.

If I were dealing with the By-Laws of a single town only, I might perhaps have given you the benefit of any doubt which may exist as to the legality of the By-Law disapproved by me. As, however, I am dealing with By-Laws from towns throughout the Commonwealth, I feel that the purpose of the statute making them effective only after approval by me would be lost if I should, in cases where, as here, I have a definite opinion as to the illegality of a By-Law, leave the question to be tested by the court.

Very truly yours,

DANA MALONE,
Attorney-General.

ART. 58. *Voted*, That a committee of five be appointed by the Moderator, said Committee to consider the question whether or not the Town should install water pipes, sewers, street lights, or any of them, in unaccepted streets, and if so upon what terms and conditions; said Committee to report in print at the next annual Town Meeting. Committee

appointed: James S. Russell, Charles S. Rackemann, John Shields, Thomas B. Gordon, Murray Ruggles.

ART. 59. *Voted*, That a committee of three be appointed by the Moderator, who shall consider the present and future government of the Fire Department; and whether it would be advisable to have a Fire Department managed by a single Commissioner appointed by the Selectmen. Committee appointed: Ellerton P. Whitney, Horace N. Plummer, Francis R. Hart.

ART. 60. *Voted*, That a committee of three be appointed by the Moderator, to investigate as to the feasibility and need of the erection of a shelter for the school children and the general public at or near the junction of Canton Avenue, White and Centre Streets; said Committee to report at the next Town Meeting. Committee appointed: Nathaniel T. Kidder, Walter A. Lane, Clarence Boylston.

On leave the following resolution was presented by Charles S. Rackemann, Esq:

Resolved: We desire to record our high estimate of the great importance of the services rendered to this Town by our deceased fellow-citizen and friend, Amor L. Hollingsworth, whose long life in this community was distinguished by his application to both public and private affairs of a high degree of probity and public spirit, and wise expenditure of time and money.

Said resolution being presented for consideration was unanimously accepted and adopted by a rising vote.

Voted, That the thanks of the meeting be tendered Robert F. Herrick, Esq., for the able and impartial manner in which he had conducted the business of the meeting as Moderator.

At 5 o'clock P.M., *Voted*, To take a recess, to allow the

Tellers time to finish the counting of ballots for Town officers.

At 7 o'clock P.M., *Voted*, To dissolve the meeting.

The foregoing meeting was opened at 7 o'clock A.M. by the Town Clerk, who proceeded to read the warrant; upon the conclusion of the reading of the third article it was moved that the further reading of the warrant be dispensed with; said motion being put was unanimously carried, and the further reading of the warrant (except the concluding paragraphs) was dispensed with.

At the meeting aforesaid, the total number of ballots cast was 1,094, seven of which were cast by women voters for School Committee.

A true record.

Attest:

HENRY B. MARTIN,
Town Clerk.

Warrant Committee.

The following voters were appointed by the Moderator of the foregoing meeting as a Warrant Committee for the ensuing year, in accordance with Chapter 2 of the Revised By-Laws, viz:

Charles W. Whittier, Percy E. Bates, Winthrop L. Carpenter, N. P. Hallowell, W. Newton Harlow, Edwin W. Hunt, Reginald M. Johnson, G. Frank Kemp, Walter C. Kite, Timothy W. Melley, John F. Perkins, John Pierce, Frank L. Richards, George Simpson, John Swift.

Notification of Town Officers.

As per statute law of this Commonwealth, the Town Clerk this day made out his warrant and delivered it to Constable Timothy McDermott, requiring him within three days of the date hereof to summon all officers chosen and not having qualified, to appear before the Town Clerk within seven days from the date of such notice, to qualify for their several

offices: to be sworn where an oath is required, or to signify their refusal of said office. Also to signify their acceptance or refusal of said office to which they had been chosen, where no oath is required.

Attest:

HENRY B. MARTIN,

Town Clerk

MILTON, March 9, 1908.

NOVEMBER MEETING.

WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

To either of the Constables of the Town of Milton, greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Milton, qualified to vote at elections, to meet at the Town Hall in said Milton, on Tuesday, the third day of November next, it being the Tuesday after the first Monday in said November, at seven o'clock in the forenoon, then and there to bring in their ballots for sixteen electors of President and Vice-President; Member of Congress from the Tenth Congressional District; Governor, Lieutenant-Governor, Secretary of State, Treasurer and Receiver-General, Auditor, Attorney-General, all of this Commonwealth; Councilor for the Second District; County Commissioner, Register of Probate and Insolvency, for the County of Norfolk; Senator for the First Norfolk District, and Representative in the General Court for the Fourth Norfolk Representative District. All to be voted for on one ballot.

The polls may be closed at four o'clock P.M.

And you are directed to warn said inhabitants qualified, as aforesaid, to meet at the time and place and for the purposes herein mentioned, by posting attested copies of this warrant in each of the post-offices of said Milton at least fourteen days before the date of said meeting, and leaving printed copies hereof at the dwelling houses in said Town at least four days before said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk, at or before the time of said meeting.

Given under our hands at Milton this sixteenth day of October, nineteen hundred and eight.

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,
Selectmen of Milton.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, Nov. 2, 1908.

Pursuant to the within warrant, I have notified the inhabitants of the Town of Milton, as therein directed, to meet at the Town Hall in said Milton upon the date above mentioned, for the purposes therein set forth.

PELEG BRONSDON,
Constable of Milton.

At a meeting of the inhabitants of the Town of Milton, held according to a warrant of which the foregoing is a copy, on November 3, 1908, the following number of votes were given in for the several persons hereinafter named for the respective offices specified below, viz.:

For Presidential Electors at Large.

RICHARD OLNEY, of Boston, two hundred eighty-four votes.

At 4 o'clock and 15 minutes, the polls were closed.

All of the above votes were duly sorted, counted, declared and recorded, sealed up in open Town Meeting, and delivered to the Town Clerk.

At the meeting aforesaid the following appointments were made by the Selectmen, of Ballot Clerks and Tellers, to serve at said meeting, viz.:

Ballot Clerks: J. Lewis Esau, Charles H. Bearse, Republicans; Thomas M. Lennon, Daniel F. Coakley, Democrats. Tellers: W. Newton Harlow, J. Albert Simpson, Russell Swift, G. Frank Kemp, Harold Pierce, Walter B. Murray, William A. Will, Robert J. Clark, Winthrop L. Carpenter, Republicans; Timothy M. Lennon, John Shea, Lewis W. Gage, John J. Colgan, William A. Murray, Joseph J. Mullen, Charles Mitchell, Jr., Edward Gallagher, William A. Haley, Martin L. Bannin, Joseph H. Duffy, Democrats; all of the above named Ballot Clerks and Tellers being sworn by the Town Clerk before entering upon their duties.

At 7 o'clock and 40 minutes P.M., *Voted*, To dissolve the meeting.

A true record.

Attest:

HENRY B. MARTIN,
Town Clerk.

Whole number of ballots cast, one thousand two hundred nineteen (1,219).

Recount of Votes.

COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS.

MILTON, Nov. 10, 1908.

At a meeting called and held at the Town Hall in Milton, on the above date as per order of the Chairman of the Board of Registrars (a recount of votes cast at the election held upon November 3, 1908, for a Representative in Congress for the Tenth Congressional District having been petitioned for by more than ten citizens) said recount was held upon the date aforesaid, with result as follows:

J. MITCHELL GALVIN, of Boston, seven hundred forty-five votes.

CHARLES J. KIDNEY, of Boston, twenty-five votes.

JOSEPH F. O'CONNELL, of Boston, two hundred fifty-six votes.

HAZARD STEVENS, of Boston, eighty-four votes.

BLANKS, one hundred nine.

All of the above votes after being counted were again sealed up and delivered to the Town Clerk.

(Signed) JOHN SWIFT,
PATRICK E. MAHONEY,
ERNEST P. LIBBY,
HENRY B. MARTIN,
Registrars of Voters.

Fourth Norfolk Representative District.

We the undersigned, Town Clerks of the Towns of Canton and Milton, comprising Representative District Number Four, in the County of Norfolk, hereby certify:

That at an election duly held in said towns upon the third day of November, A.D. 1908, for a candidate to represent said district at the next General Court, the following number of votes were given in for the several persons hereinafter named, to wit:

For FRANCIS E. CABOT, of Milton, five hundred ninety votes.

For ROGER WOLCOTT, of Milton, eleven hundred eighty-four votes.

BLANKS, two hundred twenty-four.

Given under our hands at Canton this thirteenth day of November, A.D. 1908.

WALTER AMES,
HENRY B. MARTIN,
Town Clerks of Canton and Milton.

LEGISLATIVE ACTS ACCEPTED BY THE TOWN OF MILTON.

Per order of the Chairman of the Board of Selectmen, the Town Clerk has had a search made of the records for all votes passed by the Town, accepting "Acts of the Legislature," from the year 1860 to the year 1906, which are herewith printed as follows:

MARCH 19, 1866. *Voted*, To establish a High School, according to the provisions of Section 2 of Chapter 38 of the General Statutes.

MARCH 2, 1874. *Voted*, To accept the provisions of Chapter 265 of the Acts of 1873, relative to public landing places in the Town of Milton.

MARCH 4, 1878. *Voted*, To accept the provisions of Sections 23 to 32 of Chapter 24 of the General Statutes, relative to the establishment of a board of fire engineers.

MARCH 3, 1879. *Voted*, To accept the provisions of Section 21 of Chapter 38 of the General Statutes, relative to the election of School Committee.

DECEMBER 8, 1879. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 1, 1880. *Voted*, To accept the provisions of Section 1 of Chapter 234 of the Acts of 1878, relative to truants and neglected children.

MARCH 5, 1883. *Voted*, To accept the provisions of Section 10 of Chapter 48 of the General Statutes, relative to truants and neglected children.

MARCH 7, 1881. *Voted*, To accept the Act of the Legislature, Chapter 158 of the Laws of 1871, entitled, "An Act to Provide for the Election of Road Commissioners."

MARCH 3, 1890. *Voted*, To accept the first nine sections of Chapter 51 of the Public Statutes, said chapter being entitled, "Of Betterments, and Other Assessments on Account of the Cost of Public Improvements."

FEBRUARY 12, 1891. *Voted*, To accept the Act authorizing towns and cities to lay out public parks within their limits; being Chapter 154 of the Acts of 1882.

MARCH 2, 1891. *Voted*, To accept the provisions of Chapter 386 of the Acts of 1890, relative to the election of Town Officers.

FEBRUARY 3, 1894. *Voted*, That the Town does hereby accept the provisions of Section 268 of Chapter 417 of the Acts of the Legislature of Massachusetts passed in the year 1893, relative to the election of a separate Board of Assessors.

NOVEMBER 28, 1894. *Voted*, That the Town hereby accepts the provisions of Chapter 324 of the Acts of the Legislature of 1894, entitled, "An Act Relative to the Reservation of Spaces in Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 309 of the Acts of 1885, entitled, "An Act Authorizing Cities and Towns to License Groves, to be Used for Picnics and Other Lawful Amusements."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Section 272 of Chapter 417, Acts of the Legislature of 1893, relating to the election of Sewer Commissioners in towns.

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 462 of the Acts of the Legislature of 1893, entitled "An Act to Authorize the Establishment of a Building Line on Public Ways."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Chapter 218 of the Acts of the Legislature of 1894, as amended by Chapter 473 of the Act of the

same year, being "An Act Relative to the Election of Boards of Health in Towns."

MARCH 4, 1895. *Voted*, That the Town hereby accepts the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, relating to the establishment and grading of sidewalks, by the Selectmen.

JUNE 29, 1895. *Voted*, That the Town accept the provisions of Chapter 304 of the Acts of 1895, entitled, "An Act to Authorize the Town of Milton to Construct One or More Systems of Sewerage."

MARCH 1, 1897. *Voted*, That the Town accept Chapter 101 of the Public Statutes, entitled, "Of the Suppression of Common Nuisances."

MARCH 1, 1897. *Voted*, That the provisions of Chapter 481 of the Acts of the year 1894, be accepted, entitled, "Regulation and Inspection of Buildings."

MARCH 3, 1902. *Voted*, That the Town accept Section 18 of Chapter 122 of the Revised Laws, relative to the appointment of an Inspector of Wires.

MARCH 3, 1902. *Voted*, That the Town accept Chapter 38 of the Revised Laws of Massachusetts, relative to the election of a treasurer of Public Library Trustees.

JULY 14, 1902. *Voted*, To accept Chapter 307 of the Acts of 1902, entitled, "An Act to Supply the Town of Milton with Water."

AUGUST 16, 1902. *Voted*, To accept Sections 58 to 64, inclusive, of Chapter 48 of the Revised Laws, relative to jurisdiction of towns over highways and county bridges.

MARCH 2, 1903. *Voted*, To accept Sections 20 and 21, of Chapter 25 of the Revised Laws of Massachusetts, relating to public baths, etc.

MARCH 2, 1903. *Voted*, To accept Section 339 of Chapter 11 of the Revised Laws, and Acts in amendment thereof

and in addition thereto, relative to the election of Overseers of the Poor.

MARCH 7, 1904. *Voted*, To accept Section 70 of Chapter 75 of the Revised Laws, relating to privy vaults.

MARCH 6, 1905. *Voted*, To accept Chapter 103 of the Revised Laws, relative to supervision of plumbing.

JULY 21, 1905. *Voted*, To accept Chapter 381 of the Acts of 1905, relative to the suppression of gypsy and brown-tail moths.

DEPARTMENTAL REPORTS.

REPORT OF THE ASSESSORS, 1908.

The Assessors of the Town of Milton for the year 1908 beg leave to submit the following report:

The board organized with Geo. W. Nickerson Chairman, and William W. Churchill Secretary.

The Assessors recommend an appropriation of \$950 for the following purposes, viz.:

For renewing land plans	\$175 00
For clerk hire	350 00
Lists of copper stocks	75 00
Telephones for Assessors	100 00
Printing poll tax list	100 00
Registry of deeds, returning transfers . .	45 00
Advertising and printing posters for returns	30 00
Printing tax bills	25 00
Miscellaneous	50 00

Total	\$950 00
-----------------	----------

The Assessors gave the notice required by statutes requesting tax payers to bring in true lists of their polls, real and personal property.

Number of polls assessed, 1,967; gain of 76.

There was a gain of personal estate of \$762,770.

There was a gain of \$333,100 on real estate, of which \$171,150 was on buildings, and \$161,950 on land, making a total gain in valuation for the year, \$1,095,870.

Total number of horses, 841.

Total number of cows, 656.

Neat cattle other than cows, 15.

Number of swine assessed, 81.

Number of fowls assessed, 3,130.

Number of dogs, 458 males, 88 females; total 546.

Number of dwelling houses, 1,415; gain of 20.

Number of acres land assessed, 6,223.90 acres.

Assessors' census, May 1, 1908:

East district, 2,479.

West district, 2,686.

Central district, 2,475.

Total census, 7,640.

Gain for the year, 252.

Number of male voters, 1,469—gain for the year 61.

Number of female voters, 215.

Number of residents assessed on property, individuals, 1,124.

Number of non-residents assessed on property, individuals, 586.

All other resident firms, corporations, associations, institutions, trustees, estates, 258.

Non-resident firms, corporations, trustees, 67. Total, 2,035.

Residents on property, 1,382; non-residents, 683.

Poll tax only, 1,298.

Total number assessed, 3,363.

Value of buildings excluding land, \$5,918,950.00.

Value of land excluding buildings, \$5,722,575.00.

Total value real estate, \$11,641,525.00.

Gain for the year on buildings, \$171,150.00.

Gain for the year on land, \$161,950.00.

Total gain on real estate, \$333,100.00.

Gain on personal estate, \$762,770.00.

Total gain in valuation, \$1,095,870.00.

The town received in corporation and bank taxes for 1907, \$83,762.73; \$3,658.16 less than in 1906.

We would again renew our request to the residents of the town owning or purchasing stocks in Massachusetts banks or corporations to have their residence given as Milton, whatever their post-office address, so that the corporation and bank taxes may be credited to Milton, as every dollar gained in that way saves a dollar in direct taxes.

TAXES ASSESSED IN THE TOWN OF MILTON FOR THE YEAR 1908.

Valuation of personal estate.....	\$12,223,445	
Valuation of real estate.....	11,641,525	
Total valuation.....		\$23,864,970
Number of polls, 1,967—gain of 76.		
Rate of taxation, \$13.20 on \$1,000.		
Town tax.....	\$216,470	72
State tax.....	38,995	00
County tax.....	17,532	63
Metropolitan Park and maintenance of State highways.....	18,935	52
Metropolitan sewerage tax, south system.....	21,451	65
Overlay.....	1,632	08
Total.....		\$315,017 60
Tax on \$12,223,445 personal estate....	\$161,349	47
Tax on \$11,641,525 real estate.....	153,668	13
Total.....		\$315,017 60
1,967 polls at \$2.00	\$3,934	00
Old Colony St. Ry. Co., excise tax....	1,472	65
Blue Hill St. Ry. Co., excise tax.....	624	75
Additional tax.....	600	86
Additional polls, 22.....	44	00
Total.....		\$6,676 26
Total tax levied for the year.....		\$321,695 86
Resident bank tax included in per- sonal estate.....	\$1,426	00
Non-resident bank tax	2,006	00
Total.....		\$3,432 00
Town sewer tax assessed May 1, 1908..	\$110	78
Gypsy moth assessment, Jan. 1, 1907, to Jan. 1, 1908, assessed May 1, 1908..	898	88
Total.....		\$1,009 66

Respectfully submitted,

GEORGE W. NICKERSON,

WM. W. CHURCHILL,

HERBERT B. TUCKER,

Assessors of Milton.

REPORT OF TRUSTEES OF CEMETERY.

To the Citizens of Milton:

The Trustees of the Cemetery submit their report for the year 1908 as follows:

At the last Town Meeting, Mr. Thomas K. Cummins was elected a Trustee to fill the vacancy caused by the death of Mr. Amor L. Hollingsworth.

Your board organized for the year with Samuel Gannett as Chairman and J. Frank Pope as Secretary and Treasurer. Thomas W. Pond was appointed Superintendent.

Besides the usual care of avenues and lots, the following work has been done: 36 foundations for monuments, headstones and markers have been built; 24 graves and borders myrtled; 1 brick vault built; 11 old gravestones reset on foundations from which they had fallen; 1 old tomb taken down and the tombsite graded, thus making a lot in place of the tomb. The new avenue running from Pansy to Pine Avenue which was largely built in 1907 has been finished, making available for use some 20 lots which had been previously laid out and which were all taken before the avenue was finished.

We have laid out this year 37 lots in other parts of the Cemetery. When these lots are graded and posts and steps set, which will require quite an amount of labor, your Trustees think they will be all that are needed for the coming year. During the past year, 32 lots have been taken by citizens, 94 interments made, 6 lots taken under perpetual care.

As shown in the Trustees' report for 1907, we paid out for spraying the trees and scouting for the extermination of the gypsy moths two hundred fifty-five dollars and twenty-eight cents (\$255.28). The past year your Trustees thought they might make a saving by doing this work with their men under the supervision of Superintendent Pond. After con-

sulting with Mr. Kidder, the Tree Warden, we decided to try it for at least one year. We have expended thus far, including time of men, cost of pump and material, two hundred twenty-three dollars (\$223). Forty-six dollars (\$46) of this sum was paid for the pump, which will last several years. Deducting this cost, we have expended one hundred seventy-seven dollars (\$177) in labor and material as against two hundred fifty-five dollars (\$255) paid for work the previous year. We certainly feel that our Superintendent has done good work in this matter and under Mr. Kidder's inspection, we hope to continue the work with our own men for the present. Notwithstanding all that has been done in the three past years, the gypsy moths are still on the ground, as we have found by examination during the last few weeks. All we can do is to continue the fight, hoping in time that the pests may be entirely destroyed.

We respectfully ask for an appropriation of two thousand dollars (\$2,000) for the ensuing year.

SAMUEL GANNETT,
C. MINOT WELD,
THOMAS K. CUMMINS,
J. FRANK POPE,
HENRY E. SHELDON,

Trustees of the Milton Cemetery.

ENGINEERS' REPORT.

To the Honorable Board of Selectmen:

GENTLEMEN:—The Board of Engineers herewith presents its annual report.

The year 1908 has been a busy one for this Department. There have been more alarms of fire, more working fires, and heavier losses than for many previous years. There is little to report, however, beyond the routine business of the Department.

Five hundred feet of new hose was purchased with money especially appropriated for that purpose. Five hundred feet of new hose should be purchased every other year. Three old-style fire-alarm boxes have been replaced with modern boxes. This completes the changing of the fire-alarm boxes so far as is at present contemplated. There are a few of the old-style boxes still in the fire-alarm system, but they are so located that there is little danger of their causing a mixed-up alarm.

A new pair of horses has been purchased to take the place of two old horses. Hose 2 house has had new stall floors put in and has been connected with the sewer. The trimmings of Hose 4 house have been repainted. Small necessary running repairs have been made and, as a whole, the buildings, apparatus and equipment of the Department are in excellent condition.

One horse died during the year—the first horse the Department has ever lost from death.

We have investigated the question of an automobile combination wagon during the year, and during the autumn months have been shown a piece of apparatus made by the Knox Company, of Springfield, Mass., which seems very satisfactory. It has power, sufficient speed, and a hill-climbing capacity which should make it very valuable to Milton.

We recommend that \$2500 be appropriated in addition to the \$2500 appropriated at the last town meeting, to be used by the Selectmen and Board of Engineers, acting as a joint board, to purchase some piece of apparatus to take the place of the old chemical engine which will not, in our opinion, be safe to use another year. It is most difficult to tell when the tanks of a chemical engine have become unsafe, and we do not care to continue the use of the old chemical engine until a tank bursts and some one is injured. But one tank has been in service during the past year, the forward tank being deemed unsafe for use. Should an automobile combination wagon be purchased, we are satisfied that it will fill all the demands for better fire protection that certain sections of the town are making.

On April 12, at 5.20 P. M., our Department was asked to aid Chelsea. Engine and Hose 1 Co., in charge of the Chief, responded. Leaving Milton about 5.30 P. M., they arrived in Chelsea about 6.30 P. M., took up a position on Marginal Street, and worked through two lines of hose until 2.30 A. M., staying the conflagration at an important point. While Engine and Hose 1 were out of town the call members of all other companies assembled at their respective stations and remained on duty until the apparatus that had left town had returned.

There have been no changes in the permanent force and but slight changes in the call force during the past year. The discipline has been good and the response of the apparatus to alarms has been remarkably prompt. The response of call members of the Department to alarms is not all that could be desired. There are so many small fires and the "All out" signal comes in so frequently within a very few minutes after the alarm, that call members are inclined to delay starting for a fire hoping to hear the "All out" signal, and thus save themselves loss of time from their usual vocations. This is necessarily one of the very weak points of a call

department, and especially so in a town where the distances are as great as they are in Milton.

The permanent men have petitioned the Board of Engineers for an increase of pay of \$95 a year, so that their pay would be \$3 a day. We have placed the petition before the Warrant Committee, recommending the request be granted.

Milton has responded to thirty-eight alarms from Boston and Boston has responded to eighteen alarms from Milton. Hyde Park responded to one alarm from Milton.

For the care and maintenance of the Department during the coming year we recommend an appropriation of \$24,500.

Respectfully submitted,

GEORGE F. CHOATE,

ELLERTON P. WHITNEY,

Board of Engineers.

Jan. 1, 1909.

REPORT OF THE BOARD OF HEALTH.

The Board of Health of the Town of Milton has the honor to present to the town its report for the year ending December 31, 1908.

The following appointments were made: Henry B. Martin, agent for signing burial permits; L. E. Young, inspector of plumbing and examiner of applicants for plumbers' licenses; B. F. Murray, deputy inspector of plumbing; Dr. A. W. Draper, agent for the Board of Health; C. H. Sanford, caretaker of hospital.

S. A. Meagher was given a permit to carry on the business of rendering oil, tallow, etc.; Peter McIntyre to slaughter cattle and swine for food; John R. Lawrence to empty vaults and cesspools; Quincy Tallow Co. to collect grease; E. C. Litchfield to collect grease; James F. Morse Co. to collect grease; Poch Brothers to collect grease.

The number of contagious diseases reported to the Board of Health for the past three years is as follows:

	1906.	1907.	1908.
Diphtheria	17	41	11
Measles	60	5	66
Scarlet Fever	15	15	21
Smallpox	0	0	0
Typhoid Fever	10	5	7
Tuberculosis	7	9	11
Cerebro Spinal Meningitis	0	1	1
Whooping Cough	0	0	25
Chicken-pox	0	0	3
Speticemia	0	0	1
Cancer	0	0	1
Dog-bite (Rabid)	0	0	3
Tetanus	0	0	1

There have been 92 deaths in the Town during the year, giving a death rate of 12.04 per thousand inhabitants.

	1906.	1907.	1908.
Number of deaths in Milton	94	97	92
Rate per thousand	13.05	13.13	12.04

John R. Lawrence has cleaned out 195 cesspools and 67 vaults; 442 loads in all. Ninety-eight permits have been issued for sewer connections, and in each case the Inspector of Plumbing has made the necessary examination.

It is a difficult and expensive matter to dispose of the contents of vaults and cesspools; the sewers are not available for this purpose, and a suitable dumping ground must be provided. Such a place must of necessity be far removed from thickly settled districts, and, as a result, the transportation of even a small amount of material becomes tedious and costly; furthermore, the size of the town and its continued growth makes this method of removal undesirable. Acting under the law, this board has undertaken the work of seeing that property owners connect with the sewer whenever possible. So far the results have been gratifying and we hope for still better the coming year. We recommend the construction of sewers as rapidly as possible particularly in the thickly settled parts of the town. Those who cannot make use of the sewer, should see to it that their vaults and cesspools are constructed strictly in accordance with the regulations of the board and kept in proper condition.

The collection of ashes and garbage is still a perplexing problem and the situation remains unchanged from last year.

At present the Selectmen appoint the Inspector of Milk. It is probable that a law will soon be passed giving the Board of Health that power and having his department under their supervision. This would seem an eminently desirable change.

The board would again call attention to its rule requiring all communications to be signed. A number of anonymous complaints have been received during the past year, which upon investigation proved without foundation. We have adopted this rule in order that we may be assured of the good

faith of the writer, and to enable us to carry on the work of the department without unnecessary waste of time.

There has been an increase in the number of cases of rabies through the State during the past year. This board has felt it its duty to afford every one bitten by a rabid dog an opportunity to take the Pasteur treatment if they wished and to defray the expense if the person so bitten was unable to afford it. We feel that the town will approve this action on our part. This board has favored the muzzling law, and we feel that a proper enforcement of this regulation through the State would result in the complete eradication of this dangerous disease. For the consideration of those interested we wish to submit the statistics of the English Government.

1887.	No muzzling law	287 cases.
1888.	" " "	160 "
1889.	" " "	312 "
1890.	Dogs muzzled	129 "
1891.	" "	79 "
1892.	" "	38 "
1893.	Muzzling law rescinded	93 "
1894.	" " "	248 "
1895.	Dogs muzzled again this year	672 "
1896.	" " " " "	438 "
1897.	" " " " "	251 "
1898.	" " " " "	17 "
1899.	" " " " "	9 "
1900.	" . " " " "	0 "

From 1900 to 1908 there have been no cases of rabies in England. In addition to the muzzling, a quarantine law of six months has been enforced on all dogs imported. The dogs have gone for some time now without muzzles, but sentiment is such that on the appearance of a single case, this law would go into effect again at once.

TUBERCULOSIS.

There is no very significant increase in the number of cases in this town. Realizing the great importance in the proper education of the public concerning this disease, we

print for the use of all, the following extract from the Bulletin of the State Board of Health, and we urge every citizen of the town to read it and preserve it.

ON THE PREVENTION OF THE SPREAD OF
TUBERCULOSIS.

The prevalence of tuberculosis can be diminished by knowledge on the part of the people of the nature of the disease, and a general application of the principles underlying its prevention and cure.

Tuberculosis is a disease which spreads from one person to another by germs which gain an entrance to the body generally through the nose or mouth into the lungs, sometimes through the mouth into the stomach or intestines and rarely through the skin. The germs get into the air mainly from the spit of persons who are suffering from tuberculosis of the lungs. If one member of a family who has tuberculosis does not use care to burn or destroy all spit this spit dries and becomes a part of the small bits of dust in the air which the other members of the family breathe. In this way brothers and sisters and others in the household may take the disease. In the same way the lives of many other people are in constant danger in the hotel, the workshop, the library, or the railroad car.

Another way in which germs get into the air, is with the particles that fly out from the mouth or nose when persons who have tuberculosis of the lungs neglect to hold a piece of cloth in front of the mouth or nose every time they cough or sneeze.

Because of these ways in which germs get into the air, it has been found necessary to teach persons who are suffering from tuberculosis, how to prevent giving the disease to others, and to teach well persons how to protect themselves and children from the careless or ignorant patients.

Still another, though very rare way in which germs may

enter the body, is with milk from tuberculous women. Likewise germs may enter the body with milk from tuberculous cows, and with meat from tuberculous animals.

PUBLIC HEALTH.

HOW THE STATE PROTECTS THE INDIVIDUAL AND WHAT INDIVIDUALS SHOULD DO TO PROTECT EACH OTHER.

(a. *The Power and Duties of the State Board of Health, and the State Inspectors of Health.*)

1. The State Board of Health has for some time been making a careful inspection of dairies and slaughterhouses in the interests of public health. Milk from unknown sources, or from herds not regularly inspected, should not be given raw to infants or children. Cooking meat and heating milk in a closed vessel for twenty minutes or longer, at or above 140 degrees F. destroys any germs present. One especial object of the dairy inspection is to exclude milk from public sale which comes from tuberculous cows, because tuberculosis is occasionally transmitted by cow's milk to human beings. The occasional infection coming from milk leads to swelling of the glands of the neck and to abdominal tuberculosis, but not to tuberculosis of the lungs.

2. The State Inspectors of Health are required to gather all information possible concerning the prevalence of tuberculosis, and to take such steps, as, after consultation with the State Board of Health and the local authorities shall be deemed necessary for the protection of the public. If any citizen, therefore, knows of a person suffering with tuberculosis who is not receiving proper care, or who through carelessness or neglect is endangering others, it is clearly his duty to notify the State Inspector of Health within his district. By so doing the patient himself will receive the best of care and the health of others will be properly guarded.

3. The State Inspectors of Health are further required to inform themselves concerning the sanitation and ventilation

of factories and workshops in their respective districts to enforce certain laws in relation to the same and to inform themselves concerning the health of all minors in such establishments. Whenever the family history discloses illness or death of any member due to tuberculosis, the State Inspector of Health makes a physical examination of that minor and, in every instance, whether or not a physical examination is made, a concise report is submitted to the State Board of Health on the immediate sanitary conditions under which the minor works, apart from the general report which covers details relative to the lighting, ventilation and cleanliness of the entire factory.

Private individuals, physicians, social service workers and organizations of various kinds, may be of great assistance to the State Inspectors of Health by calling to their attention any known unsanitary conditions, diseases, or influences dangerous to the public health or threatening to affect the same. Instances like the following should be reported immediately to the State Inspectors of Health. A young woman who was working in a candy establishment came to a dispensary of an anti-tuberculosis society for examination. She was coughing and spitting. An arrangement was made for her to enter a sanatorium where she could receive the best of care and be taught how to help herself and to protect the health of others.

4. The law requiring that every public building and every schoolhouse shall be adequately ventilated is to be enforced by the State Inspectors of Health, so that medical inspectors of schools, and teachers, should notify them of any violation of this law. Notice of any ill-ventilated or overcrowded schoolhouse should be brought to the attention of the State Inspector of Health in whose district the schoolhouse is located.

5. It is particularly desirable that the tenement and dwelling-houses and shops where persons work on clothing

shall be kept clean, and that the State Inspectors of Health be notified of any infectious or contagious disease present, so that if an unhealthy condition is found, such orders may be issued as the public safety requires.

6. Suitable receptacles for spitting must be provided in all factories and workshops, and one of the duties of the State Inspectors of Health is to notify the local boards of health and the State Board of Health of any failure to comply with this requirement.

7. Spitting is prohibited under a penalty of not more than \$20.00, in or upon any part of any mill or factory, and in certain public places and conveyances, as follows: Upon any public sidewalk or upon any place used exclusively or principally by pedestrians, or, except in receptacles provided for the purpose, in or upon any part of any city or town hall, any court house or court room, any public library or museum, any church or any theater, any lecture or music hall, any mill or factory, any hall of any tenement building occupied by five or more families, any school building, any steamboat or ferry boat, any railroad car, except a smoking car, any street railway car, any railroad or railway station or waiting room, or on any track, platform or sidewalk connected therewith, and included within the limits thereof.

The statute provisions permit arrest without a warrant.

(b. *The Duties of Householders, Physicians, and Local Health Authorities.*)

1. If a householder knows that a person in his family is sick with tuberculosis he is expected to notify at once the Board of Health of the city or town in which he lives.

2. If a physician knows that a person whom he is called to visit has tuberculosis, he must give immediate notice to the Board of Health.

3. If the Board of Health has had notice of a case of tuber-

culosis, it is required to notify the State Board of Health without delay, giving the name and the location of the patient.

(c. *Instruction in the Public Schools and Medical Inspection of School Children.*)

1. In accordance with a law passed in March, 1908, special instruction as to tuberculosis and its prevention must be given, as a regular branch of study in connection with the subject of physiology and hygiene, to all pupils in all schools which are supported wholly or partly by public money, except schools which are maintained solely for instruction in particular branches.

2. State laws provide for the examination and diagnosis by school physicians of children attending the public schools. Whenever a child shows symptoms of tuberculosis, he shall be sent home and the Board of Health shall at once be notified. Notice of any child known to be attending school, who shows signs of being in ill health or of suffering from infectious or contagious disease, may be brought to the attention of the State Inspector of Health in whose district the schoolhouse is located.

(d. *State Sanatoria for Persons Ill with Tuberculosis.*)

1. The Massachusetts State Sanatorium at Rutland, the first State institution of its kind in this country, provides for the treatment of persons ill with tuberculosis within the Commonwealth. The Trustees and overseers of the Sanatorium are warranted in giving preference to incipient cases. The Sanatorium has no proper accommodations for children, so that persons under fourteen years of age are not admitted.

2. The Legislature of 1907 provided for the construction of three new sanatoria for the treatment of persons ill with tuberculosis. Following are the sites for the buildings: (1) at North Reading, in northeastern Massachusetts; (2) at Lakeville, in southeastern Massachusetts; and (3) at Westfield, near the West Springfield line, in the Connecticut

Valley. Notice of any person needed to be cared for in such hospitals may be brought to the attention of the State Inspector of Health in whose district the person lives.

(e. How Heads of Families and Householders May Prevent Members of the Household from Taking the Disease.)

1. Whenever a member of a household is sick with tuberculosis have the other members, especially the children, examined. Meanwhile keep young children away from the patient and from the room or rooms in which the patient stays. Allow no nurse or caretaker who has tuberculosis of the lungs to be employed about the children.

2. The bedrooms are, so far as health is concerned, the most important rooms in the house. Here children spend about half of their lives. These rooms should be kept clean and well aired. The windows should be opened wide several times a day. If possible, sunny rooms should be used for bedrooms, and the windows kept partly open at night to ensure a plentiful supply of fresh air.

3. The patient's bed linen and underclothing should be boiled, and the blankets hung out of doors on every sunny day.

4. Because of danger from drinking cups and other dishes, you should either provide a separate set of dishes for the patient, or require the greatest care to be taken to boil all those which he has used.

5. Carefully clean and disinfect all rooms which you are to occupy where persons with tuberculosis have been housed. Rooms should be made as bare as possible of furnishings which cannot be easily cleaned. Handling dirty and soiled carpets imparts danger to others. Carpets should be dampened before removing them and all dust should be kept moist. Walls and all woodwork, including floors, should be scrubbed with a hot solution of washing soda. Ceilings should be re-whitened and walls re-papered and painted

6. Do not occupy immediately a house in which tuberculous persons have been living, without first cleaning and properly disinfecting the house or such parts thereof as have been frequented by the sick. The germs probably do not live after six months, and some of them will be destroyed before that time.

(f. *How the Individual Patient May Prevent Members of His Family and other Persons from Taking Tuberculosis.*)

1. When indoors or in closed vehicles hold a piece of cloth in front of your mouth or nose every time you cough or sneeze. What you cough up may contain germs which will endanger others if inhaled or swallowed.

2. Use a spit cup which can be properly cleaned, or paper spit cups, paper napkins or some other receptacle which can be destroyed with its contents by burning.

3. When you have used a paper napkin either to spit in or to wipe your mouth with, fold it carefully and put it into a paper bag which you are to carry with you. Destroy the bag with its contents at your earliest opportunity.

4. Do not let any spit get on your clothing or upon anything about you wherever you may be.

5. Always clean your hands after handling food substances of any kind. The following case illustrates a very common danger.

A woman of forty-five years had been ill with tuberculosis for eighteen months. Recently one of her three daughters, aged fifteen years, was seized with the same disease. During one of her violent coughing spells the mother shielded her mouth with her right hand. Immediately upon stopping she went to the pantry, put her right arm into a bag of apples, polished each of them with her right hand, then passed one to each of her three children who eagerly ate of the fruit. Not long afterwards the oldest daughter was found to have the disease and later died at the hospital to which she and her mother were sent.

6. Never kiss an infant or a young child.

7. Use great care not to come in contact with young children. This is especially necessary when an infant is brought up in a family where the disease prevails.

8. Sleep alone and if possible in a room by yourself.

9. If a mother, you must not nurse your child.

(*g. How Employers May Guard the Health of Their Employees.*)

1. Factories and workshops should be well ventilated and not overcrowded. Persons who work day after day in rooms which are impossible of ventilation may after a time lose weight and strength and become ill with tuberculosis. This is especially true of a workshop where many people work side by side, some of whom may at the time be suffering with tuberculosis of the lungs. One of the most important duties of an employer is to provide fresh air for his employees.

2. Suitable receptacles for spitting should be provided in all factories and workshops, the number and kind depending on various factors, *e.g.*, the nature of the industry, the cleanliness of the establishment, the employees, etc.—conditions to be determined by the local Board of Health.

PERSONAL HEALTH AND HABITS.

(*a. Suggestions to Patients.*)

1. All nose and throat troubles, a cough which has lasted for some time, a continued flushed face or fever, or the first indication of mouth breathing, should lead you to seek medical aid.

2. Insist upon plenty of fresh air in the sleeping room. Have your bed in that part of the room which is exposed to an abundance of air.

3. Open the windows in all the living rooms often. Let in the sunlight.

4. Stay out of doors whenever you can. A balcony may be fitted up both for sitting and sleeping purposes. Children

should live as much as possible in the open air, and every form of sport encouraged which tends to keep them there. A person who is ill with tuberculosis must be where he can be kept in the open air for at least several hours each day, in spite of fever or cough, although it is important that he shall be kept warm while in the open air. Sudden, unnecessary exposure to extreme changes in the weather should be avoided. When a patient is confined to bed, the largest, best-ventilated and sunniest room should be used, and a window should be open most of the time.

5. Wear light underwear of moderate weight, and put on outside wraps according to changes in the weather. Light underwear is cheaper and better.

6. Bathe your neck and chest, front and back, with cold water each morning. Rub the skin well with a coarse towel. The skin should be red after the bath.

7. Spend your money for good food, rather than for medicines. Patent medicines, or proprietary preparations, or drugs of any kind, should not be taken internally without the advice or consent of a physician in good standing.

8. Avoid fatigue. If you are working lie down when you have a few moments to spare.

9. Remember that many persons who have suffered with tuberculosis are now well, and that the disease is no longer regarded as incurable.

10. If you are so ill that you cannot recover, you can gain much comfort by protecting the health of those who are near and dear to you.

(b. *Suggestions to the Public.*)

1. Well persons who persist in spitting in places prohibited by law should not forget that some of the persons who are sick with tuberculosis will see them spit, and pattern after them, and in this way endanger the lives of others. It is important to acquire clean personal habits, both for the purpose of protecting one's self and others.

2. Every one who has a cough should make an effort to cough as little as possible. By so doing he helps himself and greatly lessens the risk of making others ill.

3. It is not at all uncommon to-day to hear of instances where the very means of obtaining one's livelihood has been taken away because the person was unfortunate enough to have tuberculosis. To take away from such a person the means of obtaining his livelihood is to take it away from the person who needs it most.

It should be remembered that a person ill with tuberculosis, whose personal habits are clean and who takes care of the material which he coughs up, is a safe person to live with, and that he may attend to his work without endangering his fellow workmen. Failure to appreciate this fact is already causing many hardships, which are both unnecessary and unjust.

A. W. DRAPER, *Secretary,*

J. S. LINCOLN.

REPORT OF THE INSPECTOR OF PLUMBING.

To the Honorable Board of Health:

GENTLEMEN:—I beg leave to submit the following report for the Department of Inspection of Plumbing for the year ending December 31, 1908.

Two hundred and two (202) permits to perform plumbing have been issued on application, the valuation of this work being, approximately, twenty-one thousand, five hundred fifteen dollars (\$21,515.00).

Six plumbers renewed their licenses in Milton.

Ten plumbers having licenses issued in other towns and cities in Massachusetts registered at this office.

Two applicants for journeyman plumbers' licenses were examined as to their theoretical and practical knowledge of the trade by the Board of Examiners, and, after having successfully passed, received licenses.

One hundred and three (103) buildings were examined, one or more times each, by order of the Board of Health regarding the sanitary condition of the drainage and ventilation systems before being connected with the town sewers and necessary improvements made by the owners where defects existed.

Respectfully submitted,

LORENZO E. YOUNG,

Inspector of Plumbing.

REPORT OF THE INSPECTOR OF CATTLE.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor of submitting to you my report for the year ending December 31, 1908.

During the year I have inspected one hundred and ten (110) stables where cattle are kept, and found them with but few exceptions in good sanitary condition. They were clean, well lighted and well ventilated.

I have given a physical examination to seven hundred fifty (750) cows, sixteen (16) bulls, ninety-two (92) sheep and one hundred twenty-seven (127) swine, all of which I found free from tuberculosis or any other contagious disease. Besides these I found four (4) cows affected with tuberculosis which were destroyed per order of Cattle Bureau of the State Board of Cattle Commission.

There has been considerable work done this past year in connection with dogs affected with rabies. Dogs with this disease have run through the town, been with, and bitten other dogs. This necessitated the finding of all dogs seen with them, and all other dogs seen with dogs bitten by these same diseased dogs and quarantining same. I found over thirty (30) cases which either showed symptoms of rabies or had been exposed. Some of these were killed as soon as found, while others were quarantined for a while and then destroyed. Others were quarantined for the full required period and then released.

Among the horses in town there appeared three (3) cases of glanders. These were immediately destroyed and the premises well disinfected.

I have inspected and stamped the carcasses of the swine slaughtered in town.

Respectfully submitted,

JAMES SPENCER,

Cattle Inspector.

REPORT OF INSPECTOR OF MILK

To the Honorable Board of Selectmen:—

I herewith submit my report as Inspector of Milk for the year ending Dec. 31, 1908.

There have been 51 licenses issued, divided as follows: 39 to wagons, and 12 to stores. Of this number, 37 licenses were to residents of the town and 14 to out of town parties.

I have made inspection of the barns where milk is produced within the town limits. The barns of those producers whose milk is sold by the large dealers, that come in here from Boston, have not been inspected.

From the time of my appointment, April 17, there were 135 samples of milk taken from stores and wagons and tested at the Harvard Dental School, "Department of Chemistry," and, with a few exceptions, were up to the standard.

There has been a decided improvement in the quality of milk since the office was established.

The milk producers are gradually learning that co-operation with the State and local sanitary authorities is conducive not only to public health, but also to their own permanent pecuniary advantage.

Respectfully submitted,

J. ALBERT SIMPSON,

Inspector of Milk.

REPORT OF THE INSPECTOR OF BUILDINGS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit my annual report for the year ending Dec. 31, 1908.

Seventy-eight (78) applications have been made for alterations, additions and repairs, and new buildings, and seventy-eight permits have been issued.

WORK OF THE BUILDING DEPARTMENT BY MONTHLY REPORT.

Months.	Permits issued for Wooden Buildings.	Permits issued for Stone and Brick Buildings.	Valuation by application.
January . . .	1	1	\$2,400 00
February . . .	3	0	3,750 00
March	4	0	6,200 00
April	12	1	20,500 00
May	5	0	37,700 00
June	6	0	11,575 00
July	5	2	22,375 00
August	7	1	21,310 00
September . .	9	0	13,175 00
October	8	0	14,000 00
November . . .	5	0	10,750 00
December . . .	8	0	28,600 00
Totals	73	5	\$192,335 00

Making the valuation of the work complete and to be completed one hundred ninety-two thousand, three hundred thirty-five dollars (\$192,335).

Office hours of this department, 7.30 to 9 P.M., Tuesdays and Thursdays.

Respectfully submitted,
G. E. BURT,
Inspector.

REPORT OF THE INSPECTOR OF WIRES.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith present the report of the Department of Wires for the year ending December 31, 1908.

INTERIOR WIRING.

The wiring for light and power is generally in good condition and conforms to the standard rules and requirements. Inspections continue to show good results. No accidents or fires have been caused by defective wiring. The wiring of seventy-five buildings for the installation of light and power has been inspected, requiring one hundred and sixty-eight visits. Sixty-eight permits were granted the Edison Illuminating Company to supply service.

OVERHEAD CONSTRUCTION.

The overhead wires and pole lines are in as safe a condition as overhead construction will permit. The only safe place for electric wires of all kinds is underground. The New England Telephone Company have set a large number of new poles on several of the streets to replace defective ones, thereby greatly improving their lines.

The service of the fire and police signal system has been very satisfactory, being in a great measure due to the watchful care and attention given by this Department. The appropriation made at the last town meeting has enabled this Department to make many necessary repairs and improvements. Several miles of old iron wire have been taken down and replaced with circular loom cable. There still remains a large amount of this old wire to be replaced with insulated wire. I recommend that a portion of this work should be done each year.

I have been informed by the New England Telephone

Company that they are to place their wires underground on Adams Street over Milton Hill, from the junction of Canton Avenue and Adams Street to the Quincy Line in East Milton.

I recommend that an appropriation of \$1200 be made to be used exclusively for placing the fire and police wires underground on this street. This money will place the wires underground from Canton Avenue to Center Street; the balance can be done a year later.

For the purchase of material for repair work and for the renewal of fire and police wires, I recommend an appropriation of \$1,000.

Respectfully submitted,

GEO. F. CHOATE,

Inspector of Wires.

Jan. 1, 1909.

REPORT OF THE PARK COMMISSIONERS.

To the Citizens of Milton:

East Milton Playground was little used this year. A permit was issued for its use on certain Sundays by certain parties who wished to drill there in preparation for the "Catholic Parade" held in Boston. This permit was subject to the approval of the police, as your commissioners did not care to pass on its bearing on the Sunday laws. This was the only permit issued, but the grounds were used informally at other times.

The March meeting having placed the care of the old school lot lying next the playground in the hands of the commissioners, we have filled in the cellar, graded such parts of the lot as needed it, and carried the roadway which led to the school through at the back. This leads through rows of elms and makes a dignified approach to the graded field in the rear, or at least will do so when the gravel bank in which it now terminates is all removed. The said gravel bank has paid for this work and we rely on it for future work on the grounds. The old roadway across from the southeast corner on Adams Street to the pit has been closed, and we have covered it over most of its length with loam dug out in preparing for the granolithic sidewalk.

A few trees were planted on the Squantum Street side where the grade is fixed by the ball field.

Brook Road Playground has been much used, permits having been issued for half at least of the Saturdays throughout the summer as well as all holidays. The ball field was patched with loam. A smaller diamond was laid out to the west of the main diamond and a smaller back-stop built for the same, the old back-stop being repaired.

Waterside Common needed little attention beyond some thinning out in the swampy part which was unusually dry

of course this summer. All the use of this plot is entirely informal, no permits being issued.

Nothing of importance has been done at Dollar Lane Playground since our last report. As gypsy moths have appeared here, we shall, before this is in the hands of the citizens, clean out all the superfluous trees and bushes.

The appropriation for improvement of school lots was devoted partly to planting the beds which were last fall prepared at Belcher School where some of the shrubs which were growing too thickly at the library were used. Certain areas which we wished to prepare and treat in the same way at Tucker School are frozen up, but we hope may thaw enough to make the work possible before the first of March.

We ask again for \$100 for general expenses, and \$100 to be expended in conjunction with the School Committee on school lots.

Respectfully submitted,

NATHANIEL T. KIDDER,

HORATIO A. LAMB,

CHARLES E. ROGERSON,

Park Commissioners of the Town of Milton.

Milton, Jan. 1, 1909.

POLICE DEPARTMENT.

To the Honorable Board of Selectmen:

GENTLEMEN:—I have the honor to submit for your consideration the annual report of the Police Department for the year ending December 31, 1908.

Stray teams put up	6
Street obstructions removed	7
Water running to waste	5
Wires burning trees	10

STOLEN PROPERTY.

Amount reported stolen	\$312 00
Amount recovered	210 00

CRIME.

During the year the town has maintained its usual good standing. This has been an unusual year for felonies in New England. I would urge upon citizens the necessity of being particularly vigilant during the early part of the night, a time when most of the house-breaking is done nowadays.

THE FORCE.

I take pleasure in reporting my confidence in the force, and extend to the members my kindest thanks. The conduct and discipline have been good, and the work performed has been creditable to the department.

AUTOMOBILES.

With the permission of the Board of Selectmen, I bought a Stanley Steam Car to stop automobiles from going through the town at an excessive rate of speed, on condition that I should not overrun my appropriation. The car was delivered at Police Station, April 7, 1908. Detailed Officer Fallon to operate the car and he has arrested ninety-three operators of automobiles for violating the law, and, in every case, opera-

tors were convicted. The car has paid for itself since it has been in use and does not owe the town one cent. Also have been using it as a police patrol, covering all parts of the town and it has done good work. The car has run ten thousand, three hundred (10,300) miles without an accident or mishap and is in use, and good condition at the present time, and always ready to go, night or day; it is the only up-to-date method to do police work.

In conclusion, allow me to extend to your Honorable Board and to the Citizens of Milton my sincere thanks for the many courtesies rendered and advice given during the year.

Respectfully,

MAURICE PIERCE,
Superintendent of Police.

REPORT OF OVERSEERS OF THE POOR.

The Board of Overseers of the Poor has the honor to submit its report for the year 1908.

ORGANIZATION.

The term of office of Malbon G. Richardson having expired, he was re-elected at the March meeting. The personnel of the Board and its officers has remained unchanged.

The year 1908 closes a period of five years under the administration of an independent and unpaid board, during which time advances have been made in this as in other departments.

AGENT.

The most decided step forward has probably been the employment of an expert in poor relief as Agent of the Board. This has insured the poor much more intelligent care than can be possible under the administration of non-experts, already heavily burdened with other town matters, and it has proved a great economy.

EXPENSE.

In spite of an increase in population the gross expenditure by the department has been reduced from an annual average of \$10,649 during the five preceding years to \$7,093, during the last five years.

This expert service has fixed responsibility for support of several of our poor upon other cities or towns or upon well-to-do relatives and has increased the income of the department, largely through reimbursements for aid rendered, from an annual average of \$481 during the five years preceding the present administration, to \$856 per year in the past five years. Thus it has been possible to relinquish to the town treasury each year a small amount of the appropriation asked and granted, which has now become uniform at \$6500.

In connection with these figures it should be stated that five years ago the Commonwealth assumed the expense of support of the insane and that it having been decided last year that tuberculosis is a contagious disease, special help to consumptives now comes from the Board of Health. There have been so few persons in either category requiring public care that the expenses of this department are not materially lessened.

ATTITUDE OF THE AGENT.

The agent, Mr. Albert Rounseville, possesses the advantage of residence away from Milton and so comes to his work without bias. His attitude toward the poor is that of consideration and sympathy and his aim is always to help them as far as possible upward to self-support and independence. The mere determination of settlement and distribution of town bounty should be but one phase of the work of the Overseers of the Poor; the higher aim should be the upbuilding of personal character and self-respect.

LIMITATIONS.

In order that this self-respect may be preserved and that public relief need not be suggested to those who might too readily accept it, the Overseers do not search out cases of distress but they are ready to promptly respond in any case of real want which may be brought to their official attention. Relief is limited to bare necessities of life and no luxuries can be furnished, yet the Board endeavors to assume a humane attitude toward all and a somewhat liberal policy toward the aged and infirm.

WOMAN ON THE BOARD.

It has been a great advantage to the board that one of its members is a woman who, in many delicate situations, can render aid that could be given by no man.

SOCIAL SERVICE LEAGUE.

In the report of the board for 1904, and repeatedly since, the hope has been expressed that volunteer visitors might supplement the Overseers in their work. This hope is now realized in the organization of the Social Service League, which has grown out of the Milton Woman's Club. The women of the League have closely co-operated with the Overseers, representatives occasionally attending the meetings of the board, and not only has their advice proved of value but they have assumed the entire burden of certain families. One family of a mother and several children taken by them is now practically self-supporting.

CENTRAL REGISTRATION.

The League has adopted a plan, suggested in an earlier report of the Overseers, of confidential registration by them of relief given through private and public sources. If our citizens would use the Social Service League more freely, both for consultation and for private registration of their own beneficence, much duplication of effort and resultant pauperization could be checked.

TRAMPS AND BEGGING.

The tramp problem does not trouble Milton. So thoroughly are our citizens imbued with the knowledge that giving at the door is but an encouragement to mendicancy, that the sturdy vagrant does not linger within our town. The honest wayfarer knows that just beyond us, in Boston, lies the opportunity for food and shelter in return for work, so he passes on his way. Citizens are urged to inform the Overseers of all cases of begging. There should be no necessity for it.

TOWN FARM.

At the Town Farm the kindly attitude of the Superintendent and Matron has brought to this home for the infirm the atmosphere of family life and much has been done to raise the standard of comfort to a higher level. The happiness of

those in residence is always considered and occasional entertainments have been provided. At Christmas this year, as in the past, the five men and five women who composed the family, passed a merry day with a feast and entertainment.

IMPROVEMENTS.

During the past five years the buildings at the Town Farm have been much improved, until now, neatly painted, they present an excellent appearance. Town water has been introduced and with it has come far better sanitary arrangements and adequate protection from fire. A new room for the sick has been arranged, with nurse's room adjoining.

NEEDED IMPROVEMENTS.

Though the buildings present a good appearance, many improvements are still needed. Attention was in the last report called to the needs of the men's building and provision for the sick has now been made. It is still hoped that finances may allow the construction of a cellar and the installation of a better heating plant. The women's quarters would be much improved by the addition of a sitting-room and the enlargement of the dining-room.

GROUNDS AND BOUNDARIES.

The grounds of the Town Farm are in excellent condition. During the past year the lot has been carefully surveyed by Frederick P. Hall and stone bounds have been set. This survey revealed the fact that the lot contains 39.41 acres instead of 36 acres, as has been heretofore supposed. Accurate plans and specifications have now been made and registered at Dedham. A set of plans of the buildings have also been executed. Steps have been taken preserving the right of way over the Metropolitan park lands to Harland Street.

A new policy is now adopted in relation to the wood lot and, instead of stripping one area after another, the whole lot is to be drawn from at once, cutting only selected trees in accordance with rules of scientific forestry.

Expenditures at Town Farm, 1908.

THIRTY-EIGHTH ANNUAL REPORT OF THE BOARD OF TRUSTEES OF THE MILTON PUBLIC LIBRARY

The Trustees of the Public Library take the liberty of making their report to the town mainly through the reports of the Librarian and the Treasurer. If these reports are read carefully, the citizens will have an accurate idea of the work of the Library and of the use which is made of the money appropriated.

The Trustees would, however, like to call attention to the continued growth of the Library in service to the Town. The gain in attendance during 1908 has been 3,422, and the gain in circulation has been 2,303. The circulation of fiction has been growing steadily less since 1905, indicating that the Library is being used less and less for mere amusement and more and more for serious reading.

The Library building continues to be increasingly useful in many appropriate ways. Fifty-two meetings of various committees and societies have been held during the past year, with an aggregate attendance of over one thousand.

This increased use of the Library, books and building, entails a proportionate increase of work on the part of the Librarian and her assistants. This work has been willingly and efficiently given and deserves the cordial recognition it receives from the Trustees and of those citizens who avail themselves of the opportunities offered by the Library.

Respectfully submitted,

NATHANIEL T. KIDDER, *Chairman*,
CHARLES E. ROGERSON, *Treasurer*,
RODERICK STEBBINS, *Secretary*,

JOSEPH C. WHITNEY,
Trustees of the Milton Public Library.

REPORT OF THE LIBRARIAN

MILTON, MASS., January 1, 1909.

To the Trustees of the Milton Public Library:

I have the honor to submit my report for the year ending December 31, 1908.

The progress of the Library for the year just ended is difficult to report, since it is not easily definable nor can it be given by statistics.

Special attention has been given to reference work—to looking up material for clubs and classes and to individual needs.

Books, pamphlets and periodicals have been selected for the use of a class in American history; for a class in household economics, and for a class of men, known as the Thacher Brotherhood. This class, under the leadership of the Rev. Albert D. Smith, was formed for the study and discussion of such subjects as child labor, women in industry, civic corruption, public utilities, labor conditions, etc.; it meets at the Library on Sundays from twelve to one. Similar help has been given to a class of men at East Milton, who are studying practically the same subjects.

Material has also been selected for the use of those High School pupils who wish to compete for the Margaret May Ward prize, offered by Mr. Andrew H. Ward for the best essay on some topic of American history. The topic for this year is King Philip's war.

Some of the subjects looked up for individuals have been: Illustrations of Japanese gardens; Coffee houses during the reign of Queen Anne; Detailed description of St. Paul's without the walls, Rome; Story of the painting of the Sistine Madonna; Argument for the preservation of the forests; Argument against woman suffrage; Was the investigation

of the Chicago packing-houses a result of Sinclair's "Jungle"? Some criticisms of the book; Criticisms of the work of Barnard, the sculptor, and something of his life.

For this reference work, which is just beginning to be developed, the Library is fortunate in having Miss Lucy D. Luard, whose training in the reference department of the Carnegie Library of Pittsburgh has been invaluable.

A short list of books on the philosophy of life, including such subjects as psychology, mental healing and hygiene, and general hygiene, was printed in the summer and is still proving popular. In preparing this list the librarian consulted Dr. Worcester of Emmanuel Church.

The exhibits for the year, which have been visited by over 900 persons, have been photographs by Miss Mary E. Robinson of Lowell, Mass.; industrial charts lent by the State Commission on Industrial Education; a collection of photographs, prints and drawings of locomotives lent by the Science Club of Milton Academy; paintings by Mr. Charles W. Hudson of Hyde Park; portraits and landscape studies by Miss Alice F. Tilden of Milton; handiwork by the Massachusetts Society of Arts and Crafts, and landscapes and portrait and landscape sketches by Miss Emma G. Moore of Boston.

Two notable exhibits of Oriental paintings of the fifteenth to the seventeenth centuries, and of Japanese prints, were arranged by the art committee of the Education Society. Some of the prints were lent by the Museum of Fine Arts.

The exhibit of Oriental paintings was opened March 9, with a talk on Oriental art by Mr. Okakura-Kakuzo of the Japanese Imperial Archæological Commission and adviser in the Japanese and Chinese department of the Boston Museum of Fine Arts. Mr. Okakura wore his native costume. He explained the difference between eastern and western art, and described the schools of Oriental art as shown by the pictures on exhibition.

During the locomotive exhibit, Mr. William T. Palmer told

very informally some of his experiences as a railroad engineer. Although but a few people were present, those few considered themselves fortunate as Mr. Palmer's narrative was vivid in the extreme.

The natural history committee of the Education Society, in co-operation with the scientific club of the schools, met at the Library on November 12, in honor of the birthday of Dr. Thaddeus William Harris. Mr. Otto Zerrahn exhibited specimens of New England birds. It was planned to hold succeeding meetings for original study in different branches of natural history.

As a part of the civic and social work of the Library, there have been held during the year fifty-two meetings of various committees and societies: namely, the executive, art, home gardens, natural history, and publication committees of the Education Society; the regular meetings of the Historical Society, meetings of its directors and its committee on the collection of articles of historical interest; monthly meetings of the board of government of the Milton Woman's Club and of its current events class; bimonthly meetings of the household economics class and of the history class; meetings of the forestry and hospitality committees, also of the shelter committee appointed by the Town to consider the feasibility of erecting near the corner of Canton avenue and Reedsdale road, a suitable shelter for the use of persons waiting for cars. The aggregate attendance at these meetings has been over 1,000.

The total attendance for the year was 54,172 against 50,750 for 1907, an increase of 3,422 for 1908. This count does not include persons who came to see the various exhibits but did not make use of the Library in any other way. Of the 3,422 increase, 1,482 was at the Central Library, 1,013 at East Milton, and 988 at Mattapan. There was a decrease of 61 at Russell Reading Room.

The total circulation for 1908 was 66,258; for 1907, 63,955,

an increase of 2,303. More than half of this increase, or 1,841, was from the East Milton Reading Room, which emphasizes the need at that branch of more room and of more books, as stated in Miss Babcock's annual report to the librarian.

The increase in circulation at Mattapan has been over 1,000, but there has been a decrease of 57 in the circulation from Russell Reading Room. Miss Kennedy accounts for this by the fact that several of the former users of her reading room have left town to work or to attend advanced schools.

The report of the children's room shows an attendance of 10,906, a gain of 733 over last year, and a circulation of 9,032, a gain of 347. The circulation from the schools has been 3,904 against 4,283 for 1907, a loss of 379. This loss is due to the fact that one school took no books after September 1, but preferred to send the children directly to the Library; another school decided to change its books once in two months instead of every month, to insure more careful reading.

The experiment of sending books to the barber shop of Mr. Timothy Melley is reported as successful. Mr. Melley writes, "I feel sure that some of our patrons become interested in certain books and afterward take them from the Library to finish." It is encouraging to hear from Mr. Sanford, superintendent of the Town Farm, that the books sent there are used and enjoyed.

The growth of the Library has made it necessary to discard all books which are no longer of value, nor useful as tools. Accordingly a careful evaluation of the classes of architecture and general technology has been made, with the result that 96 volumes have been withdrawn. In making such withdrawals and in adding other books to take their places, the librarian consulted Professor Charles H. Moore and Professor Wallace C. Sabine of Harvard University, Professors Dana P. Bartlett, Cecil H. Peabody, Henry P. Talbot, S. Homer Woodbridge of the Massachusetts Institute of Technology,

Mr. Charles H. Morse, secretary of the State Commission on Industrial Education, Mr. F. A. Waugh of the Massachusetts Agricultural College, Mr. Harrison W. Craver of the Carnegie Library of Pittsburgh, and Mr. William L. W. Field, Miss Frances Lee, Mr. William T. Palmer, Mr. Laurence Y. Spear, Miss Margaret Sutermeister, Mr. George Tilden, and Mr. William A. Will of Milton, to all of whom the Library is greatly indebted for advice.

Unusual attention has been given to the methods of the Library for the purpose of eliminating unnecessary routine. Since June 1, no regular notices of books over detained have been sent to borrowers. The only exception made is in the case of books over detained for more than four weeks, which according to our by-laws are considered lost. This exception is made because it is less expense to the Library to recover a book than to purchase a new copy. Although this experiment was made with some misgivings it has proved entirely satisfactory to borrowers, and a considerable saving to the Library in time and postage.

The Library receives as gifts a good many new novels of ephemeral interest. These are marked temporary fiction; they are put into circulation and simply allowed to wear out. Temporary cards are filed in the catalogue, but the books are not counted in the accessions, nor are they rebound or replaced. By this method borrowers have the use of added titles of new fiction, but the records of the Library are in no way changed.

There have been two changes in the staff. Miss Lucy D. Luard, whose name has already been mentioned in connection with reference work, became a member of the staff November 1. Miss Ellen F. Vose, who has been in charge of the Mattapan Reading Room since April 1904, resigned her position November 18 on account of ill health. The position has been temporarily filled by Miss Carrie S. Allen, the assistant in charge of the children's room.

If this report records progress in increasingly widening directions, such results have been accomplished only by the co-operation of a staff of assistants who are unswerving in their ideals of service, and of a Board of Trustees who have never failed to respond to all needs of the Library.

Respectfully submitted,

GERTRUDE E. FORREST,

Librarian.

REPORT OF THE SELECTMEN.

The Board of Selectmen submits its seventy-second Annual Report.

At the close of business, December 31, the unexpended balances of appropriations were found to be in a satisfactory condition, and it is not expected that it will be necessary to draw upon the Contingent Fund, unless the legal expense authorized by vote of the town in representing the town before the Legislative Committee on Taxation requires an addition to the Miscellaneous Fund.

The condition of the highways is, in the main, satisfactory, but it should be borne in mind that the continually increasing automobile traffic tends to lower the high standard which the town has striven to maintain in the past, and such agencies as are employed to combat these conditions are more or less experimental. The use of oil on macadam surfaces has been continued, with fairly good success, and chloride of calcium has been found effective on gravel surfaces, where traffic is not so great. A section of Edge Hill Road has been treated with "tarvia," with good success. We would recommend that these various processes be continued until superseded by some more improved methods.

The regrettable increase of \$2.00 in the tax rate is accounted for by the increase in the State Tax, over which the town has no control, amounting to \$1.00 per thousand, and also by the increased appropriations at the last Annual Meeting, which added another dollar to the rate. The fact that the taxation legislation of the past year was adverse to the interests of the town should not be forgotten. Instead of the Corporation Tax being divided, as last year, one half is to be apportioned to the city or town where the corporation actually exists, which means a loss of about \$17,000 to Milton, the other half being divided, as at present.

During the year the Police Department has successfully operated an automobile, in an endeavor to regulate the speed of automobiles. The fines which have accrued from this work have more than offset the initial expense, and we recommend that the work be continued during the next year.

The efficiency of the street lights has been greatly improved during the year by changing the lighting schedule to an "all night" basis, and also by changing the carbon filament lamps of 32 candle power to Tungsten lamps of 60 candle power. The result seems to warrant the added expense, but the continual demand for new lights will constantly add to the necessary appropriation. During the year the candle power of the lamps was tested by Prof. Ralph R. Lawrence of M. I. T., in order to prove that the conditions of the contract with the Lighting Company were being fulfilled.

The office of Inspector of Milk, authorized at the last Annual Meeting, has been satisfactorily filled, and the milk sold in the town fulfills the legal requirements. When the Inspector was first appointed, several samples which were below the standard were taken, but it was decided to delay prosecution until the department was fairly launched, and there has not been a sample taken since early in the summer which has not complied with the law.

An epidemic of rabies in nearby towns has spread into Milton, several cases of the disease appearing among the cattle, swine, and dogs of the community, so that it was deemed advisable to pass an order restraining dogs for a period of sixty days. It is hoped that it will not be necessary to renew this order.

The bonded indebtedness of the town was reduced \$32,500—leaving the balance to date \$317,000.

The committee authorized to look into the matter of purchasing an automobile fire truck, deemed it advisable to delay action at present, and the appropriation of \$2,500 remains unexpended.

During the year the town boundaries were perambulated, as required by law, and several bound stones were replaced or reset.

Several petitions for the acceptance of private ways have been received, but the Selectmen, acting under the Town By-Law, have not laid them out. The decision of the Supreme Court, regarding Lincoln Street, makes it necessary to lay this street out again for acceptance at the next Annual Meeting, and we recommend its acceptance, provided proper releases from the abutters are obtained.

About the first of October Mr. Perkins removed from Milton much to our regret, and since that time the Board has not had the benefit of his advice and counsel.

No changes were made in the heads of departments during the year, and the same standard of efficiency has continued as in the past few years.

JESSE B. BAXTER,
MAURICE A. DUFFY,
JAMES H. PERKINS,

Selectmen of Milton.

REPORT OF THE SUPERINTENDENT OF STREETS.

To the Honorable Board of Selectmen:

GENTLEMEN:—I herewith submit the Annual Report of the Street Department for the year 1908.

The general work of this department changes very little from year to year; the main change being in the location of the work rather than the class of construction.

The winter of 1907-08 was very hard on light macadam and gravel roads and showed many weak places in some of our roads. These places were rebuilt and repaired in the early summer while the general road cleaning and repairing were being carried on.

Blue Hill Avenue was rebuilt and repaired in many places, requiring quite a large expenditure.

Brush Hill Road, from Smith Road to Metropolitan Avenue, was macadamized and partly under-drained.

Canton Avenue was repaired and resurfaced with crushed stone in many places.

Granite Avenue was resurfaced with crushed stone from Squantum Street towards Adams Street.

Hillside Street was widened and resurfaced with gravel.

Randolph Avenue was resurfaced with gravel at Pleasant Street and repaired with crushed stone near Highland Street and also at the Quincy line.

Highland Street was repaired with gravel in many places.

Wharf Street was resurfaced with crushed stone.

All the streets in general had more or less repairs during the year.

The roadways of the Central Avenue and Granite Avenue bridges were replanked.

New street signs were put up and many old ones were repaired and painted. Automobile warning signs were placed at dangerous crossings and grades throughout the town.

SIDEWALKS.

The sidewalks on many streets were rebuilt and repaired.

This kind of work is very necessary as ordinary dirt sidewalks become very muddy and disagreeable to travel.

A granolithic sidewalk was built on Adams Street, from Squantum Street nearly to the East Milton Station, a distance of about 1, 430 feet.

DRAINS.

Surface drains and under-drains were laid in many streets during the year. This work is important as it prevents surface water from collecting and flowing onto private lands.

Catch basins were built and connected with the old and new drains.

All the existing catch basins were cleaned and cared for.

STREET WATERING.

The general work of this department was changed considerably from that of the previous season.

The use of four watering carts was discontinued.

Treating the road surfaces with oil emulsion was carried on very extensively all over the town. This treatment is very satisfactory, eliminating the dust nuisance almost entirely.

Part of Edge Hill Road was treated with a tar preparation ("Tarvia B"). This treatment seems to be very satisfactory.

Calcium chloride was also used on some of the side streets where the travel is light. This treatment also is satisfactory under ordinary weather conditions where the travel is not very heavy. The best results are obtained from any of the above-mentioned treatments when the roads are in good condition before the treatments are applied.

Considering the long, dry season, I think the results from this department were very satisfactory.

ICE AND SNOW.

The work of this department depends largely on the number of the snow storms and the accumulation of ice on the sidewalks and streets.

BROOK ROAD EXTENSION.

This roadway from Centre Street to Pleasant Street was not entirely finished. A small balance of the appropriation remains, which I think will complete the work.

REMARKS.

The financial statement of this department is entirely changed from the preceding years. This may be of some interest to the citizens in general.

The cost of maintaining and repairing our streets will increase from year to year. This is due to the wear caused by the automobile travel and the cost of material needed for repair work.

The supply of stone and gravel is very limited in most parts of the town. This is a matter which should be considered very carefully, as a large amount of material is used each year for construction and repairs.

In conclusion, I tender your honorable board my sincere thanks for your assistance and suggestions, to the citizens for their interest and appreciation, and to the employees of the department for their co-operation and work in general.

**INVENTORY OF STOCK AND TOOLS IN THE HIGHWAY
DEPARTMENT, DECEMBER 31, 1908.**

Stable and sheds	\$4,000 00
Stone crusher plant	1,800 00
Steam roller	3,000 00
Hay scales and fixtures	1,000 00
8 horses	1,400 00
Harnesses, stable supplies, etc.	500 00
Miscellaneous tools for street work	400 00
Wagons, carts, etc.	1,200 00
Crushed stone, drain-pipe, etc.	425 00

<i>Amount carried forward.</i>	\$13,725 00
--------------------------------	--------------------

Inventory — *Continued.**Amount brought forward.* \$13,725 00

Street Watering Department.

11 watering carts	2,400 00
20 barrels road oil	90 00
29 drums calcium chloride	70 85
Tanks, pump, etc.	100 00

Ice and Snow Department.

16 snow plows	800 00
4 pungs	300 00
Gutter plows, etc.	125 00

\$17,610 85

Respectfully submitted,

EDWARD A. McCUE,

Superintendent of Streets.

REPORT OF THE SEWER COMMISSIONERS.

The Board of Sewer Commissioners begs to report as follows, touching the work of the Sewer Department during the year 1908:

During the year nine hundred (900) feet of sewer was laid at Brush Hill Road and connected with the Metropolitan Sewer System.

The cost of this work was \$730.83.

The amount of betterments due the town on account of work during the year is approximately \$620.

There have been about one hundred (100) buildings connected with the town sewers in 1908.

Respectfully submitted,

PHILIP M. REYNOLDS,

PHILIP S. DALTON,

Sewer Commissioners.

REPORT OF THE TREE WARDEN.

To the Citizens of Milton:

As my recent reports have stated, the gypsy moth work has crowded the original duties of this department into the background. Therefore this year I asked and was granted a larger appropriation than usual, and have been able to do some of the work which had fallen in arrears, as well as to do a little planting, namely, on Cheever Street, where the trees are in carefully prepared holes. On Pleasant Street by Pleasant Terrace a few trees were planted on the abutters' lawns to ultimately take the place of the trees now under the wires. The old trees are to be cut out as soon as the new ones take hold properly. This was the understanding with the company owning the telegraph poles at this point, and in consideration of this the company paid for the trees and setting them out. There is at the time I write this still a good deal of roadside trimming and cleaning which I hope to do before March. I have often mentioned certain features of roadside planting which may have escaped the notice of the citizens. Many of our trees are dying of old age, no care bestowed upon them will keep them alive long. Such being the case, new trees should be planted where there is a chance. The modern street does not encourage this much within the town's lines. The so-called "tree lawn" is a meager strip at best between two hard dry strips, the road and the sidewalk, and shared by telegraph poles, with the trees which are here temptingly near to serve as hitching posts and fodder combined. The roots are cut off wherever a trench is dug, as a matter of course. The wires overhead interfere with the tops of the trees if they have the good luck to survive disaster long enough to reach them. This is a condition which can often be overcome by planting on private property, and should be considered by public-spirited citizens. Better effects can be secured by all

the abutters on a street agreeing on one kind of tree and planting at as nearly equal distances as circumstances permit. There is legal provision for the town paying for such work in certain conditions, under direction of the Tree Warden.

It is time the town had its own spraying outfit, and I am asking an appropriation which contemplates this. The total sum asked for the department is \$7,500, divided into \$1,000 for the general work of trimming, and \$6,500 for the gypsy moth work including a spraying machine and appurtenances. For this first year of the town's ownership of the machine I can promise no work beyond the town work; in the future I hope to be able to spray private places as well. I take this occasion to urge all to have their trees sprayed, it being the best single safeguard against leaf-eating insects of all kinds. Orders should be placed at once, it is none too early, and I take pleasure in recommending Mr. Cortez H. Wood, who has done the work for the town for two years to my satisfaction.

We have again had a good many canker-worms. They hang on from year to year in the center of the town, it would seem because there are a good many elms in that vicinity which have not been sprayed regularly. Elm-leaf beetles were very numerous; they are very hard to kill off because they eat and breed for a longer season than most insects. Milton has not suffered from them to the extent that some towns near by have, and I attribute this entirely to the amount of spraying which has been done here.

A natural question often asked is "Which is getting ahead, the Gypsy Moth or the Tree Warden?" I have to answer that surely in a sense the gypsy moth is. This because he is in possession of the woodlands from which it will be hard to dislodge him until we get efficient parasites in numbers sufficient. As far as open land is concerned, free of underbrush or comparatively so, we could hold the pest at bay, but not without work. I have spent much time this year covering with tin the holes in old apple trees which all engaged in this work find

most important. I shall continue this another year. I sent my force through all the apple orchards just before picking time to destroy the eggs before they were knocked off in gathering the crop.

Tending burlaps, crushing the caterpillars under them, is an important work, and it is this part of the war which the land-owner should especially wage with his own force, as the middle of the day is the best, and my men cannot begin to attend to all the burlaps necessary unless the town cares to greatly increase my appropriation. I am glad to say that I think the interest in doing this work is becoming more widespread.

The work of the department is tedious to relate, being a perpetual hunt for the gypsy moths in their different stages varied slightly by cutting out the brush in some new place where they have become established. Brown-tail moths are still rather scarce but must not be neglected or they will surely increase.

The entomologists say that we will always have the gypsy moth to contend with, but that with parasites and predaceous insects it can be held in check as in its native country. Until such help comes we must continue the war. I ask for co-operation from all, as without it the work is very hard and the object unattainable.

I wish to call the attention of all who are desirous of taking proper care of their trees to Bulletin No. 125, dated October 1, 1908, of the Massachusetts Agricultural Experiment Station, "Shade Trees" by E. A. Start, G. E. Stone and H. T. Fernald. This tells in small space a great deal which we want to know.

As already stated, I think I can continue the work on as good a basis for another year if you will appropriate \$6,500 for gypsy moth work, and \$1,000 for the general work, though I could spend a good deal more to advantage.

Respectfully submitted,

NATHANIEL T. KIDDER,

Tree Warden.

MILTON, Jan. 1, 1909.

REPORT OF THE WATER COMMISSIONERS.

To the Citizens of the Town of Milton:

The Water Commissioners respectfully submit the following report of their operations for the year 1908:

At the annual meeting in March, Thomas B. Gordon was elected for the term of three years, to succeed himself as Commissioner.

At the same meeting an appropriation of \$4,000 was made for the extension of mains, and the usual appropriation of \$9,000 for hydrant service was made.

The total amount expended for new construction in public streets was \$10,501.04, extensions being made as follows:

Centre Street near Dudley Road, 168 feet of 8-inch pipe, costing	\$271 08
Brush Hill Road from Milton Street to end of pipe on Hayward's Hill, 3,460 feet of 8-inch pipe, 46½ feet of 6-inch pipe, costing	5,283 45
Canton Avenue from Robbins Street to end of pipe at Babcock's Hill, 1,226 feet of 8-inch pipe, 22 feet of 6-inch pipe, costing	2,600 21
Reedsdale Road from Canton Avenue to end of pipe, 907 feet of 10-inch pipe, costing	1,761 79
Grafton Avenue from Edge Hill Road to State Street, 505 feet of 6-inch pipe, costing	588 36
Fairmount Avenue extension to Hyde Park line, 163 feet of 2-inch pipe, costing	124 15
Total	\$10,629 04
Less 4 hydrants used for services	128 00
	<hr/> \$10,501 04

The extensions in Brush Hill Road and Canton Avenue have connected up dead ends, so called, in the western part of the town, so as to make a complete circuit of the high pressure service, securing fire protection and water service in the western part of the town, even though there should be a break at some one point in the mains.

The extension on Reedsdale Road closed up a serious gap in the service leading to Scott's Woods, and the extension in Grafton Avenue completed a circuit through State Street.

During the year a considerable amount of construction work was done in private property, at the expense of the owners, mains being laid as follows:

One thousand one hundred forty feet of 6-inch pipe with two hydrants in property of Mrs. Charles Van Brunt; 345 feet of 6-inch pipe with one hydrant in property of Mr. W. E. C. Eustis; 406 feet of 4-inch pipe, 392 feet of 2-inch pipe and one hydrant in property of Mr. Ralph E. Forbes.

Nine new hydrants were added in public streets, which, with the 4 hydrants above named in private property, make a total of 310 hydrants in public and 20 hydrants in private property. Thirty-six new services were put in during the year, and 18 inactive services became active, making an increase of 54 takers, and a total of 1,397 services.

The receipts from the department from December 31, 1908, excluding service work, for which the department was reimbursed by the applicants, were:

From water takers	\$32,374 38
(An average of \$24.53 per service)	
*From street watering	3,924 55
Interest on deposits	143 52
Profit on repairs and service work	247 65
Total	<hr/> \$36,690 10

*From this sum there should be a deduction, as the street watering bill of the town for 1907, as explained in our last report, was not paid until 1908, the bill amounting to	1,734 36
	<hr/>

A total revenue of	\$34,955 74
To this must be added hydrant service appropriation	9,000 00
Appropriation for extension of mains	4,000 00
	<hr/>

Making available for the work of the department	\$47,955 74
The expenses of the department during the past year, excluding service work, which was paid for by the property owners, and excluding new construction, were	\$12,310 93
Interest on 255 bonds	8,995 00
Metropolitan water	14,713 89
	<hr/>

A total of	\$36,019 82
Construction	10,501 04
	<hr/>

The department therefore expended \$46,520 86

Note.—A detailed report of expenditures will be printed separately.

The balance on hand at the date of the annual town meeting, \$1,520.80, reverted to the general treasury of the town.

We estimate the cost of running the department, paying interest on bonds, and the purchasing of Metropolitan water during the coming year will amount to about \$37,000, and we estimate that our receipts, if the hydrant appropriation remains at \$9,000, will be about \$44,000. We also ask for an appropriation of \$3,000 for the extension of mains, in order that we may continue the work of closing up the gaps in the existing mains. If this sum of \$3,000 is appropriated, and the sum of \$9,000 is appropriated for hydrant service, we expect to have approximately \$10,000 available for such extensions as seem necessary and for doing away with the so-called dead ends.

On April 1, 1908, we reduced to \$14 the minimum charge for buildings having more than one fixture, and to \$7 the minimum charge for buildings with one fixture.

We wish to call to your attention, for possible action in the future, the necessity of a permanent office building, stock room and stable. We have not been able to effect satisfactory leases either for the present office building and store-room on Adams Street or for the stable on Morton Road, and are likely at any time to be compelled to withdraw from one or both of these buildings. We are not prepared at present to make any definite recommendation with reference to future quarters, but feel that this is a problem which we must face shortly.

The following figures show sums expended from town funds on the water plant:

Amount paid for Milton Water Co.	\$199,608 35
Bonds of Milton Water Co. paid off	120,546 67
Appropriation for extension in 1903	4,000 00
Appropriation for extension in 1904	5,000 00
Appropriation for extension in 1905	4,000 00
Appropriation for extension in 1906	7,000 00
Appropriation for extension in 1907	4,000 00
Appropriation for extension in 1908	4,000 00
Total	<hr/> \$348,155 02

<i>Amount brought forward</i>	\$348,155 02
Less balance reverting in 1904	\$8,908 09
Less balance reverting in 1906	220 59
Less balance reverting in 1907	2,042 52
Less balance reverting in 1908	1,520 80
	<hr/>
	12,692 00
	<hr/>
	\$335,463 02

11 bonds have been paid at maturity in each of the years
1903 to 1908 inclusive, amounting to \$66,000 00

Respectfully submitted,

CHARLES S. PIERCE,
ROBERT F. HERRICK,
THOMAS B. GORDON.

Interest 1908.....	154 04
	<hr/>
	\$4,005 07
Less expenses for year 1908.....	93 79
	<hr/>
	\$3,911 28

EXTRACT FROM THE WILL OF ELIZABETH T. L. REED.

"All the rest, residue and remainder of all the moneys remaining in the hands of said Executor or Administrator, I direct shall be divided into three equal parts.

"The second of said parts shall be paid to and deposited with the Treasurer for the time being of said Town of Milton, the same to be received, held and invested by said town as a fund to be known as the 'Jason Reed Fund,' and the income thereof shall be applied to the preservation, care, improvement or embellishment of the said Milton Cemetery.

"And the third of said parts shall be paid to said Town of Milton, and the same shall be applied by the proper legal authorities to or towards laying out, improvement or ornamentation of a Public Park or Parks in said town, in such manner as said authorities may deem advisable.

"I make the foregoing bequests in favor of First Parish, the Cemetery and the Parks in said Milton, both on account of the deep interest taken by my father, the late Jason Reed, deceased, in the affairs of said town, and of my own profound desire for the welfare of said town and of the citizens thereof."

REPORT OF SCHOOL COMMITTEE.

To the Citizens of Milton:

The School Committee herewith submits its Annual Report, for the year ending December 31, 1908.

Accompanying our report is the report of the Superintendent of Schools, which we recommend to you for careful study. As the superintendent's report deals in detail with the more purely educational side of the school work, your Committee's report is along other lines of the school problem.

STATISTICS, 1908.

Assessed valuation of the town	\$23,864,970 00
Total amount raised by taxation	324,554 74
Amount expended for general school purposes	76,658 88
Amount expended for conveyance of pupils	1,800 00
Amount expended for medical inspection	152 25
Total school expense	78,611 13
Percentage of school expense to total tax levy	24.3%
Percentage of school expense to valuation	3-10%
Cost per pupil based on average membership	\$56 26
Cost per pupil based on total enrollment	49 75

The school expense, compared with the town's valuation, places Milton well down in the list among the cities and towns of the State—our rank being 324 in a total of 354 cities and towns. The expense per pupil, on the other hand, places Milton seventh in the list of cities and towns thus classified. Our rank on this basis is substantially as it has been for the past eight years. Comparative figures may, or may not, have value,—a great deal depends upon the local conditions, which must vary in every town. We submit these figures merely to indicate that Milton is not, on the one hand, appropriating money extravagantly for the schools, compared

with its valuation, and, on the other hand, it is shown that the town is still among the leaders in the amount expended per pupil. The increased cost per pupil, compared with 1907, is almost entirely due to the unusual expenditure for repairs during 1908.

EXPENDITURES DURING THE YEAR.

The heaviest item of expense for maintaining the school system is, of course, the amount paid for salaries for teachers and supervision. This item in 1908 amounted to 68 per cent of the total school expense. The tendency in so many towns and cities to increase teachers' salaries has made it correspondingly difficult to fill vacancies in our schools at any less than the maximum salary which we are able to offer. Your Committee, however, does not ask for any increase in their annual appropriation, on this account, believing that we can obtain efficient teachers at the salaries now paid. We hold this view while fully realizing that no more foolish economy is possible than the restricting of salaries to a point where there is an impairment of the teaching efficiency.

During the year \$7,000.62 has been spent in the up-keep of the school buildings,—a larger amount than has ever been expended in any previous year for a similar purpose.

The larger items included are briefly: re-shingling the Belcher School roof, partly re-shingling the Tucker School roof, and painting the exterior, new floors in the Sumner School, and in portions of the Wadsworth School, re-painting and re-varnishing the halls and corridors of the Glover School, and the installation of town water in the Houghton School.

Also, and perhaps the most important of all the work on the buildings, we spent a little over \$1,000 to further safeguard the pupils in case of fire. Exit doors were changed to swing outward, additional exit doors were provided, additional hand-rails were placed on stairways, a large number of hand fire extinguishers were installed, a fire-escape was

placed on the rear of the High School building, and exits signs were placed in every school building in the town. While the buildings have thus received special attention during the past year, there is yet much to be done to bring them up to a really satisfactory condition. To keep the school rooms clean and attractive, the ceilings, walls, and floors must be in good repair, otherwise dirt will inevitably accumulate, and disease and dirt are closely related.

Progress has been made toward the complete replacement of the old style of school furniture by the substitution of adjustable seats and chairs. On account of the unusual amount spent upon the buildings themselves, the amount of adjustable furniture installed was less than the Committee planned at the beginning of the year. It will require about \$1,000 to complete the installation of this adjustable furniture, and the work should be carried forward as rapidly as the appropriation will permit.

The balance of the past year's expenses, including janitors' supplies and janitors' wages, text-books and school supplies, fuel and incidentals, do not call for any special comment or explanation, as they are all routine expenses which do not vary greatly from year to year.

TRANSPORTATION OF SCHOLARS.

The transportation of scholars has been carried out substantially along the same lines, and within the same boundaries, as in the past, and the expense has been kept within the appropriation.

MEDICAL INSPECTION OF PUPILS.

The school physician made 23 visits during the year at such times as his services were needed. No serious outbreak of disease occurred among the pupils, and the appropriation made by the town for this work was ample. We refer you to the Superintendent's report for further details.

GIFTS.

The School Committee takes this opportunity to gratefully acknowledge the following gifts to the schools:

HIGH SCHOOL.

Pianola with eighteen records, from the Music Committee of the Milton Education Society.

CONSOLIDATED SCHOOL.

Plaster bracket from graduating class of 1908.

Two lantern slides of North America from graduating class of 1908.

TUCKER SCHOOL.

Statue of Minerva from graduating class of 1908.

BELCHER SCHOOL.

Picture—"Sir Galahad," from graduating class of 1908.

Two books—"American Statesmen, Madison and Calhoun," from Mrs. Edward B. Wheeler.

The schools, as a whole, a printing outfit from the Milton Woman's Club.

Such gifts show an interest in our schools which is very gratifying to the Committee, believing, as we do absolutely, that the successful solving of the larger school problems requires the co-operation of the citizens. The interest which prompts these gifts carries with it, we are sure, a keen interest in the work of the schools, as a whole.

REQUIREMENTS FOR 1909.

Your Committee believes it unnecessary to ask for any increase in the regular school appropriations for 1909. Our estimates are:

For general school expenses	\$75,600 00
For transportation of pupils	2,000 00
For medical inspection of pupils	300 00

These figures are the same as the March, 1908, appropriations. The increasing number of pupils will, undoubtedly, call for additional teachers, but the Committee believes that the increased teaching expense can be met by a corresponding economy along other lines, so that the total expense need not be increased. The citizens will notice, however, in the Warrant for 1909 March Meeting, three Articles for special appropriations, which need explanation.

(1) STRENGTHENING THE UPPER FLOOR OF THE HIGH SCHOOL BUILDING.

For many years, possibly since the completion of the building, there has been very marked vibration through the High School building, when the gymnasium classes were at work. This year, the vibration has seemed to us so serious a matter that the attention of the Selectmen was called to the condition,—they, in turn, brought it to the attention of the State Inspectors of Public Buildings, who examined the building in November, and notified the Selectmen that further use of the gymnasium was forbidden, “until the roof, walls, and floor are placed in a safe condition.” To comply with this order in accordance with plans which have been submitted to and approved by the State authorities, will cost \$2,000. We ask for the appropriation of this amount, the work to be done during the summer. Three sets of columns will be carried up from the basement to the gymnasium floor and iron girders placed under the floor, thus shortening the span of the floor timbers.

(2) ADDITIONAL ACCOMMODATIONS AT THE TUCKER SCHOOL.

While the figures of the school attendance at the Tucker School have not shown any special increase during the past three years, yet the classes in the upper grades have grown in size, until some of the rooms are badly crowded. This condition will be still worse next year. For six years the

manual training work has been carried on in one of the regular recitation rooms. During the past two years we have been obliged to make use of this room for both manual training and recitations, which has been a most unsatisfactory arrangement. It is our wish to add a room on the northerly side of the main building, and remove the manual training from the present recitation room to this proposed addition. While this does not provide room for any large increase in the school, as a whole, it will enable us to relieve the congestion in the upper grades. We ask under this Article for an appropriation of \$2,300.

In connection with the question of increased accommodation at the Tucker School, we wish to bring to the attention of the citizens of the town the fact that 60 children from the Leopold Morse Home are pupils in this school. When the town, in 1899, voted to allow the children of the Leopold Morse Home to attend our schools, without expense to the Trustees of the Home, there were 36 children at the Home. Considering the large number of pupils at the Home, we bring this matter to your attention, believing that you may wish to reconsider your vote of 1899, and make some charge for the education of these children. The School Committee can take no action in this matter without definite instruction from the town.

(3) ADDITIONAL SCHOOL ACCOMMODATIONS IN THE CENTER OF THE TOWN.

In reading the reports of the School Committees from 1902 up to the present time, it will be noticed that reference is made in nearly every report to the crowded condition in the High School building, and while heretofore the Committee has not definitely recommended the erection of a new building, or extensive additions to the present building, we have sought to keep the matter clearly before you, knowing that in the very near future the increase of pupils in the High School

building would call for additional accommodations. Further consideration of the matter during 1908—studying the figures of the growth in the High and Consolidated schools, and looking also at the probable growth, so far as it is possible to estimate such growth in the near future, we have unanimously decided that it is not right to postpone longer the start toward increasing the school accommodations. Having no fund which could be applied to the special work of obtaining plans, detailed specifications, and bids, and further realizing that it has been the practice of the town to appoint a building committee for such work, the School Committee has not prepared detailed figures of the expense of such work. We feel clearly that it would be unwise to add to the present High School building. Our opinion is that it would be better to construct a new brick building located in front of, and attached to, the present Thacher School building, and remove to this new building the Consolidated School, which now occupies five rooms in the High School building. Any building should, of course, be so constructed that further additions could be made satisfactorily and economically.

An increase of 22 pupils in the High School building in 1907 compared with 1906, and an increase of 24 pupils in 1908 compared with 1907, together with the fact that five of the rooms have been badly overcrowded the past two years, seems to us sufficient argument for immediate action. We, therefore, recommend that under this Article a special committee be appointed by the town, this committee to be authorized to procure suitable plans and accurate estimates, and upon submitting their report to the citizens that the money be appropriated and the work begun without any further delay. The citizens of Milton are contributing liberally and ungrudgingly to the education of the younger generation; to make the best use of the money it is absolutely necessary to have proper accommodations for effective teaching. These conditions cannot be obtained in overcrowded

schoolrooms. It is with the conviction that the present accommodations are outgrown, that the School Committee now makes its request for an additional school building.

School Committee.

REPORT OF SUPERINTENDENT.

To the School Committee:

I have the honor to submit herewith the twenty-ninth annual report of the superintendent of schools upon certain phases of the work, condition, and needs of the schools. It is the eighth report of the present superintendent.

The year's work was progressive, steady. This was due to the united and harmonious efforts of school officials and teachers to make the work as valuable as possible, and to the helpful and sympathetic co-operation of school and home. To be sure, some ideals have not been attained, and the work is not in all respects what it should be. There are problems yet unsolved, and others only partially solved. This, however, will always be the case, the unattained varying only in kind and degree.

The principal change made was the reduction in the number of grades in the elementary schools from nine to eight and the introduction of a sub-primary grade. This was effected so quietly that the work of the schools went on with little interruption.

The following statistics covering population and attendance follow the order given in the annual reports since 1904. The statistics on the cost of schools, which were previously included in the superintendent's report, have been transferred to the School Committee's report.

ABSTRACT OF STATISTICS.

POPULATION.

Population of the town, 1900 (United States census)	6,578
Population of the town, 1905 (State census)	7,051

SCHOOL CENSUS.

The number of children living in the town, September 1, 1908, between the ages of 5 and 15, and 7 and 14, as determined by the census taken between September 1 and November 15, is as follows:

September 1, 1908.

Number of boys between 5 and 15	657
Number of girls between 5 and 15	670
<hr/>	
Total	1,327
Decrease	3
Number of boys between 7 and 14	531
Number of girls between 7 and 14	543
<hr/>	
Total	1,074
Increase over the preceding year	97

Number of male illiterate minors over 14 years of age, one.

Number of female illiterate minors over 14 years of age, none.

The following table gives the number of children between the ages of 5 and 15, for each of the years since 1879:

May 1, 1880	551	May 1, 1895	1,010
May 1, 1881	519	May 1, 1896	1,030
May 1, 1882	533	May 1, 1897	1,099
May 1, 1883	563	May 1, 1898	1,098
May 1, 1884	612	Sept. 1, 1899	1,110
May 1, 1885	627	Sept. 1, 1900	1,198
May 1, 1886	621	Sept. 1, 1901	1,218
May 1, 1887	595	Sept. 1, 1902	1,255
May 1, 1888	630	Sept. 1, 1903	1,247
May 1, 1889	626	Sept. 1, 1904	1,237
May 1, 1890	680	Sept. 1, 1905	1,313
May 1, 1891	710	Sept. 1, 1906	1,291
May 1, 1892	749	Sept. 1, 1907	1,330
May 1, 1893	802	Sept. 1, 1908	1,327
May 1, 1894	956		

SCHOOL ENROLLMENT AND ATTENDANCE.

The enrollment and attendance between September 9, 1907, and June 25, 1908, were as follows:

Number of different pupils enrolled	1,580
Average membership	1,397
Average attendance	1,290
Percentage of attendance	92.3

The number of different pupils enrolled in each of the years since 1879, was as follows:

1880	588	1890	794
1881	563	1891	811
1882	607	1892	862
1883	599	1893	931
1884	635	1894	1,075
1885	679	1895	1,174
1886	701	1896	1,267
1887	673	1897	1,302
1888	696	1898	1,341
1889	752	1899	1,440
From September, 1899, to July, 1900	1,288		
From September, 1900, to July, 1901	1,384		
From September, 1901, to July, 1902	1,507		
From September, 1902, to July, 1903	1,528		
From September, 1903, to July, 1904	1,552		
From September, 1904, to July, 1905	1,559		
From September, 1905, to July, 1906	1,516		
From September, 1906, to July, 1907	1,508		
From September, 1907, to July, 1908	1,580		

In 1902, November was taken as the most typical month of the school year to show the enrollment of pupils by schools

in any one month. Every year since the enrollment for November has been published in the report. In 1902 the total enrollment was 1,382, and in 1903 it was 1,406. The enrollment by schools for the years 1904–1908 is shown in the following table:

SUPERINTENDENT'S REPORT.

	Nov., 1904.	Nov., 1905.	Nov., 1906.	Nov., 1907.	Nov., 1908.
High	179	170	158	178	192
Consolidated . . .	143	144	151	153	163
Thacher	82	84	80	74	80
Glover	176	185	166	159	152
Tucker	351	375	387	388	388
Sumner	53	61	52	50	49
Houghton	31	28	34	28	31
Wadsworth	98	83	91	84	86
Belcher	312	316	317	332	319
Total	1,425	1,446	1,436	1,446	1,460

The following table gives the percentage of attendance since 1900:

1901	91.2
1902	92.9
1903	90.1
1904	90.2
1905	90.7
1906	93.3
1907	92.4
1908	92.3

The percentage of attendance in the years 1906–1908 has varied little, although in 1908 it was slightly lower than in the two years preceding.

I wish to repeat here in substance what I said in last year's report. To compare this attendance with the attendance in cities and towns not having kindergartens, without taking into account that the kindergarten attendance is included in the foregoing percentages, is manifestly unfair and misleading. The kindergarten children are between four and five years of age, and their attendance is affected much more by inclement weather and other causes than that of children in the elementary schools and in the High School.

TEACHERS.

The number of teachers in the employ of the town in December, 1908, was 65, an increase of 1. Of this number 57 were class teachers and 8, directors and special teachers.

Six teachers resigned during the year, of whom 5 were regular teachers and 1 special. The number of pupils in the Glover School did not warrant the continuance of all the teachers for another year. One of the teachers was accordingly transferred to the Sumner School to fill a vacancy. Six new class teachers, 1 special assistant in the High School, and 1 assistant in the manual training department were elected.

The changes in the teaching corps were as follows:

RESIGNATIONS.

High School—Miss Mary Cliff.

Glover School—Miss Edna B. Milkins, grade 1.

Sumner School—Mrs. Ellen F. Cross, grades 1, 2, 3.

Belcher School—Miss Blanche G. Fuller, principal's assistant; Miss Marian Stephens, kindergarten assistant.

Special Teacher—Miss Beatrice L. Allen, assistant in manual training.

TRANSFERRALS.

Miss Grace E. Packard, from grade 4, Glover School, to sub-primary and grades 1, 2, Sumner School.

NEW TEACHERS.

High School—Mr. Philip W. L. Cox in place of Mr. J. A. Sinclair, who served as substitute teacher for one year; Miss Louise S. Bartlett in place of Miss Henrietta T. Hallowell, deceased; Miss Edith M. Furbush in place of Miss Mary Cliff, resigned; Miss Mildred Thomas, special assistant.

Glover School—Miss Charlotte M. Skinner, sub-primary and grade 1.

Belcher School—Miss Anna H. Fisher, principal's assistant; Miss Adola F. Fitzgerald, kindergarten assistant.

Special Teacher—Miss Ethel I. Gray, assistant in manual training.

As in former years all the new teachers were chosen on merit alone. Every effort was made through personal interviews, through school visitation whenever possible, and through careful inquiry of competent persons, to ascertain a candidate's health, moral character, literary attainments, professional knowledge, skill, and spirit, and success in last place, in order that the person best fitted for a given position might be chosen. In every case the object was to get the best teacher available.

The selection of teachers on merit alone is the only method conducive to good schools. The best schools are always found where "pull" and other pernicious influences have no effect whatever on a teacher's selection and election.

The schools are receiving the earnest, intelligent work of a faithful body of teachers. The compensation received from the town for the work which they are doing by no means measures the value of the services rendered.

Cities and towns should carefully consider what they owe to their teachers who, after long and satisfactory service, become incapacitated for further work. Shall they be dismissed to shift for themselves as best they can, or shall the municipality make provisions for them? If the former,

nothing further remains to be said except the seeming injustice of it; if the latter, two plans are feasible.

First, the municipality should pay its teachers sufficiently large salaries to enable them to live in keeping with their high calling, and, at the same time, make it possible to save enough for the time when their services are no longer desirable because of the infirmities of age, or for other equally good reasons.

Second, adopt the pension law whereby teachers will be provided for under certain conditions when the earning power has ceased.

To my mind the first of these plans is the better of the two. It adds to the dignity of the profession and to the individuality of teachers. It places them on the same footing in the community as the successful men and women in other and equally exacting and important but at present more remunerative walks of life. But the time when this condition will become a fact does not seem very near at hand. We must look, therefore, to the second of the plans to pay the debt which a municipality owes to its teachers who have served it faithfully and successfully for a long period of years, in addition to the inadequate salaries paid each year for services rendered.

Among the Massachusetts school legislative acts of 1908 is "An act to authorize cities and towns to establish pension funds for teachers in the public schools." This act shall not take effect in the case of a town until it is accepted by the voters of the town at an annual town meeting. (See Exhibit A.)

What will be the attitude of Milton towards the acceptance of this act? The decision is in the hands of the voters. Their intelligence and good judgment should enable them to make the right decision.

The year was marked by the passing from our midst of one who had served the town faithfully and well for nearly thirty years as a teacher in the High School. Miss Henrietta T.

Hallowell left school at the close of her day's work on April 7 not to return to it again. At dawn of the next day she passed away.

Miss Hallowell was always deeply interested in her work and in her pupils. This interest was not confined to the schoolroom, it followed the pupils into life. Her knowledge of the subjects she taught was thorough. Besides, her general knowledge was sufficiently wide and deep to make more interesting and effective the teaching in her special field. Although her years multiplied, her spirit remained youthful. She gave to her work the best she could to the very last.

On the afternoon of the funeral services all the schools in the town were closed out of respect for what she had lived and what she had done.

TEACHERS' VISITING DAYS.

One of the duties of the superintendent is to give permission to teachers, at his discretion, to close their schools two days in each year to visit other schools. This permission has been granted whenever it has been asked for.

The plan is to have all the teachers of a school do their visiting on the same day. This has seemed preferable to the closing of one classroom at a time for the purpose. It is more economical; it develops more enthusiasm; and it lends itself better to different methods of reporting the visits to the superintendent.

Each teacher is required to make to the superintendent a report of his visit. This report is not intended simply to account for the time the teacher has devoted to actual visiting, but rather to give for the benefit of the schools his observations and impressions of the schools visited and suggestions arising therefrom.

The reports are either written or oral. For the latter, teachers call upon the superintendent in his office, individually, or in small groups, or by schools. Each of these methods

has its advantages, and it does not seem advisable to use any one exclusively.

There are times when it is best for a teacher to put in writing his observations, impressions, questions, and suggestions. Again, it is better for him to talk over the visit with the superintendent alone. At such a time suggestions can be made which may be especially needed by the teacher. The group method is especially valuable when the teachers comprising the group are at the time particularly interested in the same phase of school work. By this method each individual gets the benefit of the observations and thoughts of the other individuals of the group. Different points of the reports can be discussed and differences of opinion talked over, all of which can be made beneficial to the schools. The method of having all the teachers of a school meet and devote an hour to visiting-day reports may be made very helpful. It has the advantages of the group method, and, in addition, it leads to a better understanding among the teachers of each other's work and difficulties, and helps to unify the aim, purpose, and method of work in the school.

Persons not familiar with school work or who have not given the subject much thought may question the advisability of closing schools two days each year for the purpose of allowing teachers to visit schools elsewhere. To such it may seem that it would be much better for the pupils if the schools were kept open on such days. This, however, is not the case. When teachers visit other schools in the right spirit; when they go determined to see not only the weak points in the work of others but especially the strong and helpful things, ever keeping in mind the best interests of their own schools; when they return from such visits filled with inspiration and enthusiasm to do better work than they ever did before, and with an increased professional zeal and spirit: surely the days have been spent to much better advantage than if they had devoted them to the regular routine of their work.

I believe that the visits of our teachers are sources of strength to our schools.

CHANGE IN GRADES.

Previous to the present school year, the school system comprised a kindergarten course of one year, an elementary school course of nine years, and a high school course of four years. While the majority of pupils completed the courses in the prescribed time, there were those who had to spend a longer time in one or more of the courses, and still others who did the work in less time.

Pupils were admitted into the kindergarten at the age of three and one-half years or over. No pupil was admitted into the first grade of the elementary schools under five years of age, unless he entered in September and became five years of age during the fall term. There was not and there is not now a fixed minimum age for admission to the High School.

This system of organization, although satisfactory in many respects, was not all that could be desired. It had its weak points. These points it was felt could be strengthened and the system, as a whole, made more efficient. To do this was the problem. After careful study, consideration, and discussion, such changes in the system were decided upon as were considered necessary to accomplish the desired results. The changes were:

1. The elementary school course reduced from nine years or grades to eight years or grades.
2. The addition of a sub-primary grade as a connecting link between the kindergarten on the one hand and the first grade on the other.
3. The age of admission into the kindergarten raised to four years.
4. The course of study revised and arranged on an eight-grade basis without any reduction of work except such as

experience had shown was unessential. Enough material was eliminated to make the new course stronger and better.

5. The introduction of a course of study for the sub-primary grade.

A few of the reasons for making these changes and what the new system is intended to accomplish will have to be treated somewhat at length.

The elementary schools of the country may be divided into two general classes, those having eight grades and those having nine. Approximately 80 per cent of the cities, towns, and villages of 4,000 people and upward in the United States have eight-grade systems, while approximately 80 per cent of cities and towns in Massachusetts have nine grades. The tendency to change to eight grades, however, is becoming quite marked in the State.

It is an interesting fact that in Massachusetts the age of admission to the public schools in cities and towns which have no kindergartens is generally five years, while in the large majority of States the age is six years, and in some states, seven years.

In organizing a system of schools the age of admission should be taken into consideration. Pupils who enter the elementary schools at the age of five are not qualified, except perhaps in exceptional cases, and should not be required to do the kind and amount of work usually prescribed for the first grade, as pupils are who enter at the age of six. They are not sufficiently developed either physically or mentally to do this.

It has been claimed that pupils accomplish as much work and do it as well in eight years as they do in nine. No doubt the principal reason for this is the higher age and greater maturity of the pupils who begin the work under an eight-grade system than those who begin it under a nine-grade one. To change from nine grades to eight grades without raising the age of admission from five to six years is in my

judgment a serious mistake, unless the work of the average first grade is greatly modified.

In Milton, in previous years, approximately 50 per cent of the pupils who entered the first grade from the kindergartens averaged about five years, while the other 50 per cent, about six years. Under the old system the work of the first grade was too advanced for the large majority of the former and too easy for the large majority of the latter. The result was that quite a number of the pupils could not be promoted at the end of the year, and among the others some moved along too rapidly and others not rapidly enough. It is a mistake to push pupils more rapidly than is good for them. On the other hand, it is a mistake to have pupils "mark time," and to extend the work of the elementary schools over too long a period of time. These schools are intended to teach merely the elements of knowledge, and when this has been done, it is much better for a pupil to pass to a higher school where new subjects are taken up and old subjects taught from new view points.

Under the new plan all pupils who enter the elementary schools for the first time are admitted to the sub-primary class. It is expected, however, that in two or three months the majority of the older pupils and a few of the younger but exceptional ones will be doing first grade work, and will be able to complete the work of the grade at the end of the year. These pupils will be doing work which they are qualified to do. The other pupils will remain in the sub-primary grade during the year, in which they will have work adapted to their development and power, and will be promoted to the first grade at the end of the year.

In general, the new plan makes the course more flexible at the very beginning, and makes it possible for the majority of pupils to complete the course in less time without undue forcing or skipping of grades.

Reducing the grades to eight and making the admission

to the first grade practically six years, enable us to make our grade-work correspond to the best eight-grade systems in the country. This makes it easier and more satisfactory to compare our work with the work of such systems. While such comparison may not be essential, it is very helpful.

SCHOOL HYGIENE.

School hygiene is making progress. The fact that good intellectual training without physiological profit is not to be desired is receiving more general recognition. While the idea that no school is doing its work which does not in all its ways conduce to the physical well being of the child may be quite generally believed, the sanitary means and hygienic conditions necessary to make this effective are far from adequate. It is one thing to believe that the maintenance and development of the health of children are of paramount importance; it is another thing to provide sanitary buildings and grounds, ample space for out-door games and plays, sanitary and medical inspection, and teachers who have had sound and thorough instruction in school hygiene, that this may be done.

Increasing attention is being paid to sanitation, especially in the erection of new buildings. No city or town has a right to erect a building which does not embody the best scientific knowledge of sanitation. Old buildings which are not sanitary in all respects should be made so at the earliest possible moment. No legitimate excuse can be offered for neglecting this work. Our buildings to-day are far more sanitary than they were five years ago, but some things remain to be done in order to bring them up to the highest standards of sanitation.

The introduction of the single adjustable chair and desk marked a great advance in the matter of hygienic school furniture. It made it possible to give a child a seat and desk

which enable him to take natural and comfortable positions while at work. His growing and developing organism and his work require this. Each year, for a number of years, furniture of the old style has been displaced with adjustable furniture to the extent of the appropriation. If this policy is continued all our schools will be thus equipped in a year or two more.

The interest in out-door play is increasing, and the value of such play is now generally recognized. The playground movement is spreading. The value of large playgrounds adjacent to schoolhouses is being demonstrated in an increasing number of places fortunate enough to have ample grounds and wise enough to make the right use of them.

While the provision of ample playgrounds is of first importance, the right direction of play on these grounds is very desirable. Spontaneous play has its value, and children should be given the opportunity to express themselves through this form of play. Much, however, of physical training should be in the form of directed play. All children should play, and all children should learn to play right. It is a fact, however, that some have to be taught to play, and a great many how to play. Properly directed play and games will accomplish these things. They will also make for physical well being, increase the children's productive power and social adjustments, and be sources of pleasure. Much attention has been given to this form of play during the year and with good results.

Medical inspection of schools has become a fixed feature of public school administration. The results accomplished have made this inevitable. Since its adoption in the town in 1902, no one at all conversant with the facts has questioned the wisdom of the amount expended each year to carry on the work.

Practically the same method was followed as in former years. The school physician visits the schools whenever

he is directed to do so by the superintendent. The conditions determine the number and character of the visits. The fact that only 23 visits were made speaks well for the effectiveness of the work and the general health of the town.

The eye and ear tests were given by the director of physical training. These included all the children with the exception of those in the kindergartens. Parents whose children were found defective in any respect were notified, and their interest and co-operation on the whole is worthy of commendation.

The results of the tests show an improvement over those of former years and were as follows:

REPORT OF SIGHT AND HEARING TESTS.

	Elementary Schools. Grades 2-9.	High School. Grades 10-13.	Total.
Number of pupils examined . . .	1,104	151	1,255
Number found defective in eye- sight	191	25	216
Number found defective in hear- ing	143	5	148
Number of parents or guardians notified	277	19	296

NOTE.—In cases where children were provided with glasses, no notices were sent to the parents.

The school can do a great deal which is conducive to the health of children, but the school can not do it all. The home has a work to do as well as the school. As some one has said: "It is of the highest importance that the child shall enter school in a normal state of health and that this condition shall be maintained by carefully observing all the laws of health in the schoolroom and at home. This can be accomplished only by the co-operation of parents and teachers."

It is the duty of parents to see to it that the children are

sent to school with clean bodies and clothing. There is no adequate excuse for neglect to keep clean. The clean child is a better child in every way. As a rule he will not only do better work, but his conduct will be better. Other things being equal he will be healthier and more vigorous.

The home should look after the teeth of the children. Eminent physicians and dentists have taken the view that neglect in the early years of life is frequently the first cause of physical, mental, and moral defects. The responsibility which thus confronts parents and school authorities is a most serious one. This subject is receiving increasing attention.

It is too much to expect of a teacher to take a poorly fed, poorly nourished child, and have him accomplish the same results that a strong, well nourished child is able to do. Occasionally teachers are blamed by parents for not promoting their children, when the physical condition of the children is such as to make promotion an utter impossibility.

Proper clothing, plenty of fresh air both in and out of the home, enough sleep, and the right use of games and sports, are all important and mean much to the physical, mental, and moral development of the child.

These and other questions of health have been discussed with profit at parents' meetings. The work should be continued. The more parents and teachers learn about these vital subjects and the best ways of putting their knowledge into practice, the more healthy and vigorous will be the growth and development of the children.

This report does not permit a lengthy discussion of these topics. They are not introduced here because the need is more urgent than in other places. In fact, it is safe to say that the conditions here are as favorable as anywhere. It is designed to emphasize the proper hygienic conditions both at home and in school in order that the child may be cared for and trained in the best possible manner.

SPECIAL EXERCISE IN THE SCHOOLS.

The number of days on which it seems desirable to hold special exercises in the schools is increasing. It has become, therefore, a serious question as to how much time should be taken from the regular work of the school to prepare for these exercises, or how much of a teacher's time and strength outside of school hours should be given to the work.

To make the exercises on such days interesting and instructive it is not necessary to have programs which require much extra time and labor in preparation. It may be profitable to have such programs on one or two occasions a year, but a larger number must necessarily be at the expense of other and more important work. A simple program, to the point, well carried out, will prove more effective than a more elaborate one in which the object and spirit of the occasion are largely lost sight of, and which is indifferently carried out. The special programs, while they may include exercises specially prepared for the occasion, should include literary selections studied and memorized and songs learned during the year which are particularly appropriate for the particular occasion. Then, too, such teaching of the year which has had a bearing on the purpose for which the exercises are held may be made the culmination, as it were, in the programs. In this way the impressions which have been made by previous teaching and training may be deepened and enlarged.

The programs should not occupy too much time. A half hour to an hour should, as a rule, prove ample.

Public days were held in the schools on the following days:

May 27, Belcher, Wadsworth, Houghton.

May 28, Sumner.

May 29, High, Consolidated, Thacher, Glover, Tucker.

The character of these days was somewhat similar to those of previous years. In this connection it might be well to add that our people understand that public days and other days

on which special exercises are held are not the only days when the schools are open to visitors or when visitors are desired. The number of visits reported each month by the teachers of the different schools shows conclusively that the schools are visited and visited well on days when only the regular work is being done.

NO-SCHOOL SIGNALS.

Since December, 1903, the following regulation governing the closing of schools on stormy days has been in effect:

"2-2. Four rounds at 7.30 A.M., no school for the day, all schools.

"On stormy days, the omission of the afternoon session, if the schools were not closed in the morning, is left to the judgment of each principal, and notice of such omission is to be given in the school before the close of the morning session."

By the direction of the Committee a letter was sent by the superintendent to each parent in February, asking for answers to certain questions bearing on the regulation. The following is a copy of the letter:

FEBRUARY 10, 1908.

To Parents:

The School Committee wishes to learn the opinions of parents regarding no-school signals on stormy days. Your answers to the following questions should prove of help to the Committee in their consideration of the subject, and will, therefore, be greatly appreciated. Please send your answers to the principal of the school which your child attends at your earliest convenience.

Yours truly,

ASHER J. JACOBY.

1. The regulation at present is:

"2-2. Four rounds at 7.30 A.M., no school for the day, all schools.

"On stormy days, the omission of the afternoon session, if the schools were not closed in the morning, is left to the judgment of each principal, and notice of such omission is to be given in the school before the close of the morning session."

What is your opinion of this regulation?

What changes, if any, do you recommend?

2. Do you favor doing away with no-school signals altogether?

3. Do you favor doing away with no-school signals for the High School and retaining them for the other schools?

4. Do you favor no-school signals for kindergartens and grades 1-3 and not for grades above?

Very few parents failed to answer, and the response was prompt. The returns showed conclusively that the regulation in question was favored by a large majority of the parents.

The following are the tabulated results:

1. What is your opinion of this regulation?

456 expressed favorable opinions; 7, unfavorable.

What changes, if any, do you recommend?

89, no change; 285, suggested changes.

2. Do you favor doing away with no-school signals altogether?

23, yes; 400, no.

3. Do you favor doing away with no-school signals for the High School and retaining them for the other schools?

76, yes; 315, no.

4. Do you favor no-school signals for kindergartens and grades 1-3 and not for grades above?

54, yes; 328, no.

PUBLIC SCHOOL SAVINGS BANK.

The public school savings bank was continued during the year. The report for the year ending January 1, 1909, together with a statement of the amount deposited from the time of its introduction in 1899 to the present time, are as follows:

Amount collected from the pupils and deposited in the Dorchester Savings Bank from December 30, 1899, to January 1, 1908, was \$4,782.34. The amount deposited between January 1, 1908, and January 1, 1909, was \$615.04. The total amount deposited between December 30, 1899, and January 1, 1909, was \$5,397.38, an average of \$599.70. The average for the preceding years was \$597.79. The last average, therefore, is \$1.91 higher than the former average.

The number of depositors on the books in 1908 was 519.

The amount collected and deposited in the savings bank by the Belcher School was \$418.05, or a little more than half of the total deposits of the schools for the year. The whole number of different pupils enrolled in this school was 350. Had each pupil been a depositor, the amount of money collected would represent \$1.48 for each pupil.

PRINTING OUTFIT.

The Milton Woman's Club gave a sum of money to the superintendent to buy a printing outfit for the schools. This was accordingly done and it was placed in the office of the superintendent.

The gift made it possible to change the form of the "Milton School Journal," published since March, 1905, from a mimeographed publication to a printed one, and thus far four numbers have been printed. The intention is to do such other printing for the schools as may be practical.

Plans are being considered for introducing printing into the High School as a regular study, but elective, for which

credit will be given. At present a few of the boys are devoting extra time to the work.

Printing is a valuable form of industrial work for schools. It often appeals to the intellectual pupil when no other kind of industrial work will attract. It develops the mind and, at the same time, trains the hand. It is a valuable aid to training in correct English. It cultivates the artistic sense. It is a utilitarian art, for its product is usable and can be made valuable to a large number of persons. It has decided advantages on the mechanical and technical sides. Furthermore, it gives insight into an important industry, and can be taught in schools as readily as other forms of industrial work.

MISCELLANEOUS.

A commercial course was introduced into the high school, which includes the commercial branches previously found in the general course, and such other subjects as were considered necessary to make a strong four years' course. (See Exhibit B.)

The system of reports of pupils in the elementary schools, introduced three years ago, in which no fixed marks are used but clear statements of a pupil's ability, effort, and work, and sent to the parents at the end of each period of two months, is proving very satisfactory. The system has created considerable interest elsewhere and has received very favorable comments.

An unusual amount of work was done during the year to make exit from the buildings in case of fire as rapid and safe as possible. The work was done in accordance with the provisions of the statutes of the Commonwealth relating to public buildings.

The requirements for protection against fire were revised by the Committee. (See Exhibit C.)

SCHOOL ACCOMMODATIONS.

It has been evident for a number of years that increased school accommodations would have to be provided. While the growth of the town has not been phenomenal in any way, it has been steady, and the time has come when relief in several places should be forthcoming.

The High School has the largest enrollment of pupils in its history. If the experience of former years can be taken as a criterion to judge the future, this number will be still further increased at the opening of the school next September. The accommodations are already inadequate to properly take care of the number of pupils. At present some of the departments are very much handicapped in their work, and this will be increased another year.

The Consolidated School is overcrowded in two of the rooms. It will be necessary next year to have another recitation room. The only rooms that can be utilized for this purpose are the office of the High School principal or the assembly hall. This, however, will not relieve the crowded condition of the rooms.

The time has come when the High School should have the entire building for its own use, and the Consolidated School housed in a building of its own. This being accomplished each school will be able to carry on its work more economically and effectively.

The upper grades of the Tucker School are already cramped for room, and this condition will be intensified next fall to such a degree that relief in some form must be provided.

CRITICISM OF THE PUBLIC SCHOOLS.

It is doubtful whether at any previous time in the history of the public schools they received more criticism, if as much, as they do now. No section of the country seems to be immune. There are practically few phases of school administration, management, and teaching that do not offer

points of attack for the critics. Every system and every school has its critics. The criticisms range from the most friendly to the most virulent, and from the most constructive to the most destructive. Not all the critics are enemies of the public schools; they are the friends as well.

Some of the criticisms are based upon careful observation, painstaking study, and keen thought, whose object is the improvement of the schools. Such are helpful. Others are the result of a little and oftentimes erroneous knowledge gained from limited observation, or from reports of those who are not friendly to the schools. While such criticisms are interesting to read, they are of comparatively little value in improving the schools.

What shall be the attitude of school officials, teachers, and friends of the public schools toward these criticisms? In the first place, any system of schools which cannot stand criticism, either favorable or unfavorable, is not worthy to exist. No matter how efficient the schools of a municipality may be, they have their defects, and some of these defects may be observed and pointed out by persons of good judgment, who are close observers, but who are not directly connected with the schools. Honest criticism should not only be welcomed by the school people, it should be sought.

Any one who has studied public school work and has thought deeply about it must confess that notwithstanding the progress which has been made, it is not what it should be or what it will be in the future. Some things will be better understood than they now are, and will be done better. It is the duty, therefore, of those engaged in this work to get all the light possible, no matter from what source, and give to the work and its improvement their best thought and endeavor.

Respectfully submitted,

ASHER J. JACOBY,
Superintendent of Schools.

REPORTS OF TRUANT OFFICERS.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—My report as truant officer for the year 1908 is as follows:

Number of cases investigated	6
Number of visits to schools	11
Number of visits to homes of children	12
Number of children kept from school by parents	5
Number kept from school because of sickness	3
Truant	1

Respectfully submitted,

TIMOTHY McDERMOTT.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—I submit my report as truant officer for 1908:

Visits to schools	16
Visits to parents	12
Number of truancy cases	5
Children kept at home for want of proper clothing	2
Visits to business places	4
Children kept at home by parents	3

Respectfully yours,

HENRY C. SHIELDS.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—My report as truant officer of the Summer School for the year ending December 31, 1908, is as follows:

Number of cases investigated	4
Number of visits to homes of children	4
Children kept at home on account of sickness	4

Respectfully yours,

GEORGE B. BRADLEE.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—In submitting my annual report I am obliged to say that the scholars of the Houghton District have so conducted themselves that the truant officer has not been called upon for the year 1908.

Yours truly,
CHARLES H. THAYER.

MR. ASHER J. JACOBY, *Superintendent of Schools.*

DEAR SIR:—I hereby submit to you my report of truant officer for the Belcher School for the year 1908.

Number of notices received	40
Number kept by parents	19
Number kept on account of sickness	9
Number of cases of truants	12

Respectfully yours,
HENRY F. BRIERLY.

**MILTON HIGH SCHOOL.
GRADUATION EXERCISES.**

Town Hall, Wednesday Evening, June 24, 7:30 o'clock.

PROGRAM.

- OVERTURE, "The Cavalier" *Rollinson*
- PROCESSIONAL, "The Free Lance" *Rayder*
The High School Orchestra.
- CHORUS, "The Bells of Seville" *Jude*
- CLASS HISTORY,
Jennie Cook.
- FRENCH DIALOGUE, from "Un Quartier Tranquille" . . . *Bouverie*
Madame Malgarin, a landlady *Irene Gibbons.*
Mlle. Olympe Zoé de Mont-Parnasse, a would-be
poetess looking for a room *Hazel Patterson.*
- CHORUS, "The Brown Thrush" *Schnecker*
- DECLAMATION, "Inaugural Address" (abridged) . . . *Roosevelt*
Samuel Craig.
- ESSAY, "The Peculiarities of Dr. Johnson,"
Frances Considine.
- PIANO SOLO, "Rigoletto Paraphrase" *Verdi-Liszt*
Malcolm Sears.
- CLASS PROPHECY,
Marietta Brady. Eleanor Wheeler.
- CHORUS, "The Vision" *Faure*
Violin Obligato.
- PRESENTATION OF DIPLOMAS,
Mr. William B. Thurber, *Chairman School Committee.*
- RECESSIONAL,
The High School Orchestra.
Pianist, Frank E. Dow.
Violinists, Clifford Newell, Michael McHugo.

NOTE.—The audience is requested to remain seated until after the recessional.

GRADUATES.

Emma Theresa Blanchard.	Henry Guilford Hurder.
Marietta Brady.	Mary Margaret Krim.
Hazel Burt.	Florence Adelaide Landström.
Sadie Gertrude Chisholm.	Holbrook Lincoln.
Frances Emily Considine.	Louise McFarland.
Elsie May Cook.	Katharine Genevieve Melvin.
Jennie Gertrude Cook.	Euphemia Neilson.
Samuel Gordon Craig.	Hazel Estella Patterson.
Charlotte Prebble Dudley.	Laura May Patterson.
Irving Stanley Edwards.	Albion Winchester Poole.
Irene Nora Gibbons.	Malcolm Willis Sears.
Richard Elwin Gordon.	Florence Hazel Tilley.

Eleanor Patten Wheeler.

Class Motto: "Lifting Better Up to Best."

Class Colors: Blue and gold.

BELCHER SCHOOL.

GRADUATION EXERCISES.

School Hall, Friday Evening, June 19, 8 o'clock.

PROGRAM.

1. MARCHING SONG, "Bright Are the Flowers" *Abt*
2. SELECTION BY THE CLASS, "Be Strong."

CALENDAR FOR 1909.

- Winter term begins Tuesday, January 5.
- Winter term ends Friday, April 2.
- Spring term begins Monday, April 12.
- Spring term ends Thursday, June 24.
- Fall term begins Monday, September 13.
- Fall term ends Wednesday noon, December 22.

Holidays.

Every Saturday; Wednesday afternoon and Thursday and Friday of Thanksgiving week; February 22; April 19; May 30; June 17.

SCHOOL SESSIONS.

High and Consolidated Schools.—One session from 8.30 A.M. to 1.30 P.M.

Sumner and Houghton Schools.—One session from 8.45 A.M. to 1.45 P.M.

Kindergartens.—One session from 9 A.M. to 12 M.

All other schools.—Morning session from 9 A.M. to 12 M.; afternoon session from 1.30 to 3.30 P.M.

No School Signals.

2-2. Four rounds at 7.30 A.M., no school for the day, all schools.

On stormy days the omission of the afternoon session, if the schools were not closed in the morning, is left to the judgment of each principal, and notice of such omission is to be given in the school before the close of the morning session.

TELEPHONES.

Superintendent's Office, High School Building, "Milton 111."

Glover School, "Milton 116-4."

Tucker School, "Milton 123-4."

Wadsworth School, "Milton 233-3."

Belcher School, "Milton 233-4."

CHAPTER 498.

AN ACT TO AUTHORIZE CITIES AND TOWNS TO ESTABLISH PENSION FUNDS FOR TEACHERS IN THE PUBLIC SCHOOLS.

SECTION 1. In any city or town, except the city of Boston, which accepts the provisions of this act a pension fund shall be established for the retirement of teachers in the public schools. The fund shall be derived from such revenues as may be devoted to the purpose by the city council of a city or by direct appropriation by a town. The treasurer of the city or town shall be the custodian of the fund, and shall make annual or semi-annual payments therefrom to such persons and of such amounts as shall be certified to him by the school committee.

SECTION 2. The school committee of any city or town which shall accept the provisions of this act may retire from active service and place upon the pension roll, any teacher of such city or town who is sixty years old or over, or is, in the judgment of said committee, incapacitated for useful service, and who has faithfully served such city or town for twenty-five years. The amount of the annual pension allowed to any person under the provisions of this act shall not exceed one-half of the annual compensation received by such person at the time of such retirement and in no case shall exceed five hundred dollars.

SECTION 3. Upon the petition of not less than five per cent of the legal voters of any city or town, this act shall be submitted, in case of a city, to the voters of such city at the next city election, and, in case of a town, to the voters of such town at the next annual town meeting, and the vote shall be in answer to the question, to be placed upon the ballot:— Shall an act passed by the general court in the year nineteen hundred and eight, entitled “An Act to authorize cities and towns to establish pension funds for teachers in the public

schools," be accepted? and if a majority of the voters voting thereon at such election or meeting shall vote in the affirmative this act shall take effect in such city or town.

SECTION 4. So much of this act as authorizes its submission to the voters of a city or town shall take effect upon its passage, but it shall not take further effect in any city or town until accepted by the voters thereof as herein provided

EXHIBIT B.

COMMERCIAL COURSE IN THE MILTON HIGH SCHOOL.

FIRST YEAR.

Required:

English I	4	4
Algebra I	4	4
Commercial Geography	3	3

Elective:

History I	4	4
Physical Geography	6	4
Drawing	2	1
Cooking	2	1
Sewing	2	1
Manual Training	4	2

SECOND YEAR.

Required:

English II	4	4
Commercial Arithmetic	4	4
Bookkeeping I	3	3

Elective:

History II	4	4
Geometry I	4	4
German I	4	4
Zoology	6	4
Physics I	4	3
Typewriting	4	2
Drawing	2	1
Manual Training	4	2
Sewing	2	1

THIRD YEAR.

Required:

English III—Literature	4	4
----------------------------------	---	---

EXHIBITS.

55

Bookkeeping II	5	5
Stenography I	5	5
Typewriting	4	2
Elective:		
French I	5	5
German II	4	4
Chemistry	6	4

FOURTH YEAR.

Required:		
English IV	4	4
History IV	4	4
Stenography II	5	5
Typewriting	4	2
Commercial Law	2	2
Elective		
French II	5	5
German III	4	4
Physics II	6	4
Physiology	3	3
Economics	2	2

NOTES.—The commercial course will require, besides the studies scheduled under required, one year of French or German and one year of science.

The first column of figures indicates the number of periods a week in class. The second column indicates the diploma value of the work.

EXHIBIT C.**REQUIREMENTS FOR PROTECTION AGAINST FIRE.**

The revised requirements for protection against fire were adopted by the School Committee at the regular July, 1908, meeting.

JANITORS.

Janitors shall not leave the school premises during school hours without the permission of the principal or superintendent.

They shall satisfy themselves by thorough inspection each day that all doors and door fastenings work freely, and shall report at once to the principal any defects in such doors or fastenings. They shall also see that no door or part of a door is fastened during school hours.

They shall see to it that all halls and stairways be kept free from obstructions.

In case of an alarm, they shall at once ascertain its cause, and then render such assistance as may be necessary to successfully empty the building.

Principals shall promptly report to the superintendent any defects in doors and fastenings. They shall also report any neglect of duty on the part of janitors.

FIRE DRILLS.

Fire drills shall be held at least once in two weeks, using different ways of egress at different drills as directed by the principal, or person in charge, or by special signals.

At the sound of the fire gong all teachers and pupils shall at once march from the building in an orderly manner, unless recalled by a well understood signal.

Each principal shall appoint a person or persons whose duty it shall be upon the sound of the gong, to immediately investigate the cause, and direct the lines of march away from any possible danger.

Each principal shall appoint two boys for each exit door whose duty it shall be, in case of an alarm, to immediately go to the doors and open them.

Principals shall use every effort to prevent the drills from becoming a mere mechanical routine. Every teacher, when the gong rings, should feel that there is an emergency to be met and should meet it in the best possible manner.

The recall after a drill is to consist of two strokes on the gong.

Monthly reports of the fire drills shall be made to the superintendent by each principal, on blanks provided for the purpose.

The details of the drills for each building shall be determined by the principal, subject to the approval of the superintendent.

Waste paper must not be allowed to accumulate or be stored in the schoolhouse, and no inflammable or loose combustible material to be allowed under or near any stairway or exit.—J. H. WHITNEY, *Chief of Mass. District Police.*
